BRIEF ANALYSIS OF BENEFITS TO VETERANS AND DEPENDENTS

STATEMENT OF SENATOR EUGENE D. MILLIKIN, CHAIRMAN, COMMITTEE ON FINANCE, ON ANALYSIS OF RIGHTS OF ALL VETERANS AND THEIR DEPENDENTS TO PENSION OR COMPENSATION

The following revised analysis of pension and compensation under laws administered by the Veterans' Administration is sufficiently detailed to be of great value to Members of Congress and as heretofore published as a Senate document, has speeded up consideration of veterans' bills by removing, to a great extent, misunderstanding or lack of more complete information as to the benefits now provided by law. A chart of this nature also meets a long-standing need in our own offices, and of organizations and individuals directly interested in veterans' affairs.

The revised analysis, which was prepared by the Veterans' Administration, covers four main subjects:

- (1) Compensation to veterans for service-connected disabilities;
- (2) Compensation to widows, children, and dependent parents based upon service-connected death;
- (3) Pension to veterans for non-service-connected disabilities or age; and
- (4) Pension to widows and children based upon death not shown to be due to service.

Under these headings are found the monthly rates, both general and specific; the conditions of eligibility; dates of service; limitations, if any, on eligibility; special provisions governing determination of service connection; and definitions.

The analysis covers all wars and the Regular Establishment, and after each provision under the various headings the citation to the existing law is given, the United States Code citation being used for convenience. As the Veterans Regulations, as amended, and recent laws have not been assigned sections in the United States Code, the United States Code Annotated or Statute, reference to such Veterans Regulations or recent statutes is given. Where a provision is regulatory, reference is made to published Regulations and Procedure of the Veterans' Administration.

The brief table of rates for wartime and peacetime service-connected disabilities is restricted to the largest class of such rates, those payable under Public Law No. 2, Seventy-third Congress, March 20, 1933, and Veterans Regulations issued pursuant thereto, as modified and amended by subsequent legislation. It does not include rates payable for service-connected disabilities under the general pension law or Public Law No. 141, Seventy-third Congress, March 28, 1934, as amended. For rates under such laws and for detailed information bearing on elements of entitlement, reference should be made to the pertinent tables set forth in the preceding part of this analysis.
