Mr. Anderson (for himself, Mr. Gore, Mr. Javits, Mr. McNamara, Mr. Bartlett, Mr. Bayh, Mr. Bible, Mr. Brewster, Mr. Burdick, Mr. Case, Mr. Church, Mr. Clark, Mr. Dodd, Mr. Douglas, Mr. Gruening, Mr. Hartke, Mr. Inouye, Mr. Jackson, Mr. Kennedy of Massachusetts, Mr. Kennedy of New York, Mr. Kuchel, Mr. Long of Missouri, Mr. Mansfield, Mr. McCarthy, Mr. McGee, Mr. McGovern, Mr. McIntyre, Mr. Metcalf, Mr. Mondale, Mr. Mouroney, Mr. Montoya, Mr. Morse, Mr. Moss, Mr. Muskie, Mrs. Neuberger, Mr. Pastore, Mr. Pell, Mr. Proxmire, Mr. Randolph, Mr. Ribicoff, Mr. Tydings, Mr. Williams of New Jersey, Mr. Yarborough, Mr. Young of Ohio, and Mr. Magnuson). Jan. 6, 1965.	To provide a hospital insurance program for the aged under social security to amend the Federal old-age, survivors, and disability insurance system to increase benefits, improve the actuarial status of the disability insurance trust fund, and extend coverage, to amend the Social Security Act to provide additional Federal financial participation in the Federal-State public assistance programs, and for other purposes. (A. <i>Medical Insurance for Aged.</i> Provides following benefits for all people aged 65 or over who are currently entitled to monthly benefits under OASI and Railroad Retirement Act, and all others aged 65 or over who do not qualify for OASI and RRA benefits, except civil service employees and certain aliens: Inpatient hospital services for 60 days in benefit period, with deductible amount equal to national average of 1 day of care, effective July 1, 1966; posthospital extended care in nursing home which has transfer agreement with a hospital for 60 days in benefit period, effective Jan. 1, 1967; home health services up to 240 visits a year, effective July 1, 1966; outpatient hospital diagnostic services with deductible amount for services in any 1 month equal to one-half of deductible for inpatient hospital services, effective July 1, 1966. <i>Financing:</i> Establishes a separate hospital insurance trust fund. Allocations thereto from social security taxes for social security eligibles are as follows: For employer-employee, 0.60 percent of taxable wages for 1966, 0.76 for 1967-68, and 0.90 for 1969 and thereafter; for self-employed 0.45 percent for 1966, 0.57 for 1967-68, and 0.675 for 1969 and thereafter. Payments for hospital insurance for railroad retirement eligibles are made directly from railroad retirement account and not through hospital trust fund. For ineligibles under social security and railroad retirement there would be an authorization of appropriation out of general revenue. Increases social security tax rates to following: 1966-67, for employer-employee 4.25 percent each, and self-employed 6.4 percent; 1968-70, employer-employee 5.0 each and self-employed 7.5; 1971 and after, employer-employee 5.2 each and self-employed 7.8. Maximum taxable earnings base increased from \$4,800 to \$5,600, effective Jan. 1, 1966. Under Railroad Retirement Act an increase in social security tax automatically results in a comparable increase in railroad retirement taxes. (B. <i>Complementary Private Health Insurance for Aged.</i> Authorizes establishment of associations of insurance carriers to make available to individuals 65 or over, on a nonprofit basis, at a reasonable cost, health benefit policies for health services not covered under the social security hospital insurance program. 248 S.	2780	Mr. Long of Louisiana, Jan. 17, 1966.	To amend the Internal Revenue Code of 1954 to provide an optional simplified tax method, and for other purposes. (This bill has 3 principal features: (1) increases the minimum standard deduction from \$100 per exemption plus \$200 to \$100 per exemption plus \$300; (2) increases the dollar limitation on the 10-percent standard deduction from \$1,000 to \$2,000; (3) provides an alternative simplified method for determining tax. Under the simplified tax plan taxpayers would elect for 5-year periods to determine their tax under the simplified plan at rates ranging from 20 percent of the simplified taxable income when taxable income is not over \$10,000 up to 50 percent of the simplified taxable income when taxable income exceeds \$50,000. Simplified taxable income is computed by including in gross income numerous types of income which presently are excluded, such as: tax-exempt interest; proceeds of life insurance contracts; gifts and inheritances; discharge of indebtedness; recovery of bad debts, etc.; foreign income; social security and railroad retirement income; unemployment compensation; pension plan contributions; stock options; group-term insurance; and the entire amount of capital gains. In addition, the following deductions are denied in computing simplified taxable income: State, local, and foreign income taxes; circulation expenses; soil and water conservation expenses; farm fertilizer expenses; expenses in clearing land; intangible drilling and development cost; exploration expenses; percentage depletion and development expenditures; contributions to self-employed pension plan; and the deduction of 50 percent for net capital gains.)
