BILL REFERRED

Jan. 28, 1983.—Referred to Office of Management and Budget and Departments of the Treasury and Health and Human Services.

BILL REPORTED

Mar. 11, 1983.—Reported favorably to the Senate with an amendment in the nature of a substitute (S. Rept. 98-23), as follows:

OASDI Provisions

COVERAGE OF NEWLY HIRED FEDERAL EMPLOYEES

Extends social security coverage to all Federal civilian employees hired after 1983 and to all current Members of Congress, the President, Vice President, the Social Security Commissioner, and to current congressional staff not already covered under a Federal staff retirement system, as of Jan. 1, 1984.

COVERAGE OF NONPROFIT EMPLOYEES

Extends social security coverage on a mandatory basis to all employees of nonprofit organizations, effective Jan. 1, 1984.

PROHIBIT WITHDRAWAL OF STATE AND LOCAL EMPLOYEES

Prohibits State and local governments from terminating coverage for their employees.

TAX EXEMPTION FOR THE AMISH

Extends the social security tax exemption now applicable to the self-employed Amish to the Amish who are employees of the Amish.

DELAY COST-OF-LIVING ADJUSTMENT TO A CALENDAR YEAR BASIS

Provides the automatic cost-of-living adjustment of social security benefits on a calendar year basis.

ELIMINATE "WINDFALL" BENEFITS

Reduces social security benefits for retired and disabled workers who first become eligible for a pension based on noncovered employment after 1983.

BENEFITS FOR DIVORCED OR DISABLED WIDOWS OR WIDOWERS WHO REMARRY

Allows benefits to continue to be paid to certain beneficiaries upon remarriage if that marriage takes place after the age of first eligibility.

CHANGES IN INDEXING FOR DEFERRED SURVIVOR BENEFITS

Provides that deferred widow and widower benefits would continue to be based on earnings indexed to wages as under present law, however, this wage indexing would continue after the death of the worker.

INDEPENDENT ELIGIBILITY FOR DIVORCED SPOUSES

Allows divorced spouses (who have been divorced for a significant period) to draw benefits at age 62 if the former spouse is eligible for retirement benefits, whether or not the former spouse has claimed these benefits or has had them suspended because of substantial employment.

INCREASE BENEFITS FOR DISABLED WIDOWS AND WIDOWERS

Increases benefits for disabled widow(er)s age 50-59 to 71.5 percent of the primary insurance amount, the amount to which widow(er)s are entitled at age 60.

ADJUSTMENT OF COST-OF-LIVING INCREASE WHEN TRUST FUND RATIO FALLS BELOW 20 PERCENT

Modifies the cost-of-living adjustment formula during periods when trust fund reserves are low in order to help stabilize reserves.

INCREASE DELAYED RETIREMENT CREDIT

Increases gradually, between 1990 and 2010, the delayed retirement credit from 3 percent to 8 percent per year.

INCREASE SOCIAL SECURITY RETIREMENT AGE

Raises gradually the social security retirement age to 66 by the year 2012, beginning with those who attain age 62 in 2000.

SENATE BILLS REFERRED TO COMMITTEE

S. 1★—Continued

LONG-RANGE BENEFIT CHANGE

Reduces initial benefit levels by about 5 percent by decreasing the percentage factors in the benefit formula by two-thirds of 1 percent each year for 8 years.

ELIMINATION OF RETIREMENT EARNINGS TEST

Phases out gradually, between 1990 and 1994, the retirement earnings test for people 65 and older. The exempt amount of earnings would be increased by \$3,000 in 1990 and in each of the next 4 years, with the earnings test (for people 65 and older) completely eliminated in 1995.

CHILD CARE DROPOUT YEARS

Allows 2 years to be dropped out of the formula for computing social security benefits for persons who leave the work force to care for children under age 3 at home.

PRISONERS' BENEFITS

Eliminates all benefits to felons during their period of incarceration. Benefits of dependents and survivors of incarcerated felons would not be affected.

LIMITATION ON BENEFITS TO ALIENS

Eliminates in the future, benefits to alien workers and their dependents and survivors who reside abroad. No benefits would be paid to alien dependents of alien workers who were acquired (through marriage, birth or adoption) while outside the United States. Benefits would be paid under the following conditions:

- (1) the worker is the citizen of a country with which the United States has a treaty or totalization agreement which provides for reciprocity of social security coverage; and
- (2) benefits would continue until total benefits (excluding any withheld taxes) paid to the wage earner and dependents equal taxes paid by the wage earner plus interest.

FAIL-SAFE

Requires the Secretary of Health and Human Services to reduce the COLA to the extent necessary to prevent a decline in reserves.

TAXATION OF SOCIAL SECURITY BENEFITS FOR HIGHER INCOME PERSONS

Subjects social security and tier one railroad retirement benefits to income tax based on thresholds of \$25,000 for single taxpayers, \$32,000 for married taxpayers filing joint returns, and \$0 for married taxpayers filing separate returns.

ACCELERATION OF INCREASE IN FICA TAXES; 1984 EMPLOYEE FICA TAX

Revises the OASDI tax schedule so that the 1985 rate would be moved to 1984, the 1985-87 rate would remain as scheduled under present law, part of the 1990 rate would be moved to 1988, and the rate for 1990 and after would remain unchanged.

SELF-EMPLOYMENT TAXES; TAX CREDIT AGAINST SELF-EMPLOYMENT TAX

Makes the self-employed OASDI tax rate equal to the combined employer-employee rate, beginning in 1984, as those rates are rescheduled.

REALLOCATION OF OASDI TAX RATE

Reallocates the OASDI tax so that both the OASI and the DI trust funds will have about the same reserve ratios (i.e., reserves at the beginning of the year as a percentage of outgo during the year).

INTERFUND BORROWING EXTENSION

Authorizes, through 1987, interfund borrowing between the OASI, DI, and HI trust funds.

CREDIT AMOUNTS OF UNNEGOTIATED CHECKS TO THE TRUST FUNDS

Provides for a lump-sum payment to the OASDI trust fund from the general fund representing the amount of uncashed benefit checks which have been issued in the past.

MILITARY WAGE CREDITS

Credits the OASDI trust fund, in a lump sum, with an amount equal to the estimated additional cost of providing future benefits based on pre-1957 military wage credits.

TRUST FUND INVESTMENT PROCEDURE

Provides for reinvesting all trust fund assets each month at a rate of interest based on the average market rate on all public-debt obligations currently held by Treasury with a duration of four or more years until maturity.

PUBLIC MEMBERS ON BOARD OF TRUSTEES

Adds two public members to the Board of Trustees of the OASDI, HI, and SMI trust funds.

ACCELERATE STATE AND LOCAL DEPOSITS

Applies the same social security tax deposit requirements to State and local governments that presently apply to private employers.

TRIGGERED NORMALIZATION OF TAX TRANSFERS

When, at the start of any month, the Secretary of the Treasury determines that the reserves of the OASDI trust funds are inadequate to meet 1 1/2 months of benefits, the Secretary would be required to credit the trust funds on the first day of the next month with the full payroll tax revenues estimated for the month.

SOCIAL SECURITY WAGE BASE

Expands the social security wage base to include certain deferred compensation.

SENATE BILLS REFERRED TO COMMITTEE

Supplemental Security Income (SSI) Provisions

DELAY THE SSI COLA AND INCREASE THE SSI DISREGARD

Delays the annual cost-of-living adjustment (COLA) for SSI payments from July to January, beginning with the July 1983 benefit increase, thereby maintaining the link between the COLA for SSI and OASDI.

SSI ALERT

Requires the Secretary of Health and Human Services to notify elderly OASDI recipients of the availability of SSI and to encourage those potentially eligible to contact their district offices.

May 12, 1983.—Ordered favorably reported to the Senate as summarized below:

Subtitle A

Provides for the waiver of duties until Sept. 30, 1995, on products imported from 27 Caribbean and Central American countries. Beneficiary countries must meet several criteria before the President is authorized to designate them as eligible for the program. Further, several products cannot be declared tax free, and pursuant to current law, duty-free treatment may be withdrawn for articles imported in such quantities as to threaten injury to a competing U.S. industry. A rule of origin specifies under what conditions articles will be considered products of a beneficiary country, and therefore entitled to duty-free entry.

Subtitle B

Allows the deduction of reasonable business expenses for attending conventions held in an eligible beneficiary country, if that country (1) agrees to exchange information to enforce laws, and (2) does not discriminate against U.S. convention sites in its tax law.

Benefits for Puerto Rico and the Virgin Islands

These include: (1) an increase in the amount of alcoholic beverages that may be brought back free of duty into the United States from an insular possession by a returning resident; (2) the transfer to them of excise tax revenues from foreign rum brought into the United States; (3) the exemption of a Virgin Island rum production plant from certain requirements of the Federal Water Pollution Control Act; and (4) the inclusion of insular possessions' producers among those entitled to seek import relief under sec. 201 of the Trade Act of 1974.

COMMITTEE ACTION

May 17, 1983.—Committee on Finance approved provisions as summarized below:

Under these provisions, up to 75 enterprise zones could be designated by the Secretary of the Department of Housing and Urban Development, beginning on July 1, 1983, over a period of 3 years. At least one-third of the designated zones would be in rural areas. Each enterprise zone would be eligible for Federal tax and regulatory relief. The duration of each zone would be 20 years, plus a 4-year phaseout period. Areas would be nominated for enterprise zones designation by 1 or more local governments and the State in which the area is located. Areas nominated for such a designation would have to meet certain criteria of economic distress, and designations would be made through a competitive process weighing suggested plans for developing the area through tax and regulatory relief, improved services, and involvement of neighborhood and community organizations and private entities in development efforts.

The following Federal tax incentives would be available in enterprise zones: A 3-percent or 5-percent investment tax credit for investments in personal property in the zone; a 10-percent investment credit for real property in the zone; a 10-percent credit to employers for increases in payroll to qualified zone employees and a credit for hiring disadvantaged workers for zone property, within a zone; allowing full cost recovery deductions for facilities in zones financed by industrial development bonds under ACRS, despite the limitation of such deductions for comparably financed facilities elsewhere; and the continued availability of the small issue exemption for industrial development bonds in zones after Dec. 31, 1986, despite its termination on that date elsewhere. These tax incentives would be effective as of Jan. 1, 1984.

The following modifications of the Enterprise Zone Tax Act of 1983 were agreed to by the committee:

- (1) The definition of rural areas for purposes of the one-third rural set-aside would be changed so that a rural area would be any area outside a Standard Metropolitan Statistical Area, or any area within an SMSA with a population of 50,000 or less, or and area determined to be rural by the Secretary of HUD in consultation with the Secretary of Commerce.

SENATE BILLS REFERRED TO COMMITTEE

S. 863★—Continued

- (2) Another item would be added to the list of possible areas to be addressed in a course of action suggested in the legislation that a State and local government could propose. The additional item would be to provide mechanisms to increase equity ownership for zone residents and employees.
- (3) HUD would be authorized to establish a procedure for allowing modification of governmental commitments made in securing zone designation. Such modifications would be subject to limitations such as replacing a commitment with one of equal value and protection for existing businesses operating under the original commitment.
- (4) An inventory of historic properties in designated enterprise zones would be required to be completed not later than 60 days after the date of designation.

SENATE BILLS REFERRED TO COMMITTEE

S. 1887★

Sept. 26, 1983

MR. DOLE

To extend the Federal supplemental compensation program for 18 months, and for other purposes.

COMMITTEE ACTION

Sept. 26, 1983.—Reported favorably to the Senate (S. Rept. 98-240) as an original bill including the following provisions:

1. UNEMPLOYMENT COMPENSATION

A. FEDERAL SUPPLEMENTAL COMPENSATION PROGRAM

The bill provides an extension of the Federal supplemental compensation (FSC) scheduled to expire Sept. 30, 1983. A new FSC program would be established as follows:

Duration of extension:

18 months, from Oct. 1, 1983 to Mar. 31, 1985.

Current four-tiered program to be replaced with the following program:

12 weeks of benefits in States with an IUR greater than or equal to 5 percent.

10 weeks of benefits in States with an IUR greater than or equal to 4 percent, but less than 5 percent.

8 weeks of benefits in States with an IUR greater than or equal to 3 percent but less than 4 percent.

6 weeks in all other States.

Other modifications:

No additional benefits for those who have exhausted or are currently drawing FSC benefits. No phaseout of benefits at the end of the 18 month period; all FSC benefits would cease on Mar. 31, 1985.

No restrictions on the extent to which benefit durations could be reduced or increased in a State as a result of changes in the IUR. However, a State's duration could not change more often than once every 3 months.

The maximum weeks of benefits (12 weeks) would be payable regardless of current IUR if the State is likely to have an unusually high number of exhaustees because of prolonged high unemployment. States would qualify for this provision for any calendar quarter if the average IUR equals or exceeds 6 percent for the period from January 1982 through the end of the most recent quarter for which IUR data are available.

Any State meeting the criteria in current law for eligibility for 14 weeks of benefits as of the end of the current program, will remain at that level so long as the State continues to meet that criteria.

B. OTHER UNEMPLOYMENT PROVISIONS

The bill directs the Attorney General of the United States, the Secretary of the Department of Labor, and the Director of the Office of Personnel Management, to conduct a study to determine what steps can be taken to identify potential unemployment benefit overpayments. The study will focus on retired Federal and military employees and prisoners. The report must be submitted to Congress by Dec. 31, 1983.

The bill also allows direct repayment of general revenue advances from the State loan account in the Unemployment Trust Fund. Effective date.—Oct. 1, 1983.

2. FOSTER CARE AND ADOPTION ASSISTANCE

The bill provides a 1-year extension of the voluntary placement provision which authorizes Federal matching on a temporary basis for payments made on behalf of children voluntarily placed in foster care.

Effective date.—Oct. 1, 1983.

3. TITLE XX, SOCIAL SERVICES BLOCK GRANT

The bill increases the funding level for the title XX, social services block grant. For fiscal year 1984 and for fiscal year 1985, the statutory funding level would be increased by \$200 million.

Effective date.—Oct. 1, 1983.

PARTICIPATION AND VESTING AGES</p> <p>Lowers the maximum participation age to 21 and the maximum age for granting vesting credit to 18.</p>	

SENATE BILLS REFERRED TO COMMITTEE

S. 1978—Continued

2. BREAKS IN SERVICE

Prevents loss of prior service credit for vesting purposes (and a 1-year wait upon return to service) for individuals who take a maternity/paternity leave of less than a year. It would also amend the rule of parity to prevent loss of prior service credit for participation and vesting purposes for employees who leave an employer's service for less than 5 years. No additional credit would be provided for benefit accrual purposes under S. 1978.

3. SURVIVOR COVERAGE

Requires that a spousal survivor benefit be offered in the circumstances below if a life annuity form of benefit is offered under the plan. It would require all defined benefit plans that currently offer life annuities to retain this option and require all newly created defined benefit plans to offer life annuities.

S. 1978 would require plans that provide life annuities to offer spousal survivor coverage to all participants who attain age 45 and have 10 years of service, as well as to those who attain the later of age 55 or the plan's earliest retirement age. The cost of survivor coverage may be paid by the participant. Any election not to receive spousal survivor coverage must be authorized by the nonparticipant spouse.

S. 1978 would also allow spouses married on the participant's annuity starting date, but not on the date of death, to receive survivor benefits.

4. ASSIGNMENT AND ALIENATION

S. 1978 would create an exception to the prohibition against assignment of benefits for court orders relating to child support, alimony or other marital property rights if the court order met certain requirements (e.g., specificity).

5. TAX TREATMENT OF DIVORCE DISTRIBUTIONS

Prorates a participant's voluntary contributions between a participant and ex-spouse, and would allow a divorce distribution to be rolled over into an IRA. The distribution would not be eligible for 10-year forward averaging.

6. CASH OUT

Increases the \$1,750 threshold to \$3,500.

SENATE BILLS REFERRED TO COMMITTEE

S. 2062★—Continued

PROVISIONS INCLUDED IN S. 2062

The Senate Committee on Finance approved its fiscal year 1984 budget reconciliation recommendations on Oct. 31, 1983, and transmitted bill and report language on that date to the Senate Committee on the Budget. The Budget Committee included the Finance Committee's revenue and spending reduction recommendations as title I (Deficit Reduction Act of 1983) of S. 2062 (Omnibus Reconciliation Act of 1983) as reported by the Budget Committee on Nov. 4, 1983 (S. Rept. 98-300).

The Finance Committee budget reconciliation provisions in S. 2062 as reported included revenue increases of \$13.4 billion over fiscal years 1984-1986 (\$21.2 billion over fiscal years 1984-1987) and spending (outlay) reductions of \$2.6 billion over fiscal years 1984-1986 (\$4.1 billion over fiscal years 1984-1987). S. 2062 was placed on the Senate Calendar and briefly considered on Nov. 16, 1983, and was returned to the Calendar on Nov. 18, 1983.

ADDITIONAL 1983 COMMITTEE CONSIDERATION

Subsequent to the reporting of S. 2062, the Finance Committee met on Nov. 16 and 18, 1983, to consider possible additional deficit reduction proposals. HOUSE BILLS REFERRED TO COMMITTEE

H.R. 1296★

Mar. 8, 1983

Relating to the treatment for income and estate tax purposes of commodities received under the 1983 payments-in-kind programs, and for other purposes.

HOUSE BILL

The Department of Agriculture has adopted a payment-in-kind (PIK) program under which farmers are paid with commodities for diverting all or certain portions of their farmland from production.

Under the House bill, recognition of income from commodities received in the 1983 PIK program will be deferred from the date the commodities are received (or constructively received) until the date on which the commodities are sold.

Real property withdrawn from the production in exchange for a payment-in-kind under the 1983 PIK program will be treated as used in an active farming (e.g., qualified) use by the person entering the PIK contract for purposes of the Federal estate tax current use valuation and installment payment provisions. Additionally, an individual who materially participates in the conservation use to which real property withdrawn from production under the 1983 PIK program is devoted will be treated as materially participating in a farming operation in which the PIK property is used.

The House bill generally will treat income from PIK commodities as active income derived from business of farming for all purposes under the Internal Revenue Code.

For purposes of the self-employment income (SECA) tax the social security benefit provisions and income tax credits, income from PIK commodities will be treated as "earned" income to persons who materially participate in the conservation use to which the PIK real property is devoted.

Rules are provided treating commodities received under a PIK program by a cooperative as patronage source income from the sale of commodities produced by the cooperative's patrons.

The House bill also includes a special antispeculation rule that limits the income and estate tax provisions to land acquired by any person before Feb. 24, 1983, unless the acquisition occurs by reason of death, by reason of gift, or from a member of the transferee's family. Mere changes in form are not treated as transfers if the transferor retains at least a direct or indirect 80-percent interest in the land. Under this rule, acquisition of an 80-percent or more interest in a crop from any land is treated as acquisition of the land.

Finally, a study of the effects of the PIK program and the tax treatment under the House bill is required from the Secretary of the Treasury no later than Sept. 1, 1983.

The income tax provisions of the House bill apply to PIK payments for the 1983 crop year, including PIK payments for crops normally harvested or planted on or before Dec. 31, 1983. The estate tax provisions apply to real property withdrawn from production in respect of such payments.

The House bill also exempts from tax certain agricultural organizations operated on a nonprofit basis primarily as a collective bargaining agent with respect to the marketing of unprocessed agricultural commodities produced by their members, effective for taxable years beginning after Dec. 31, 1983.

The beneficiary of the provision is intended to be the National Farmers Organization.

Disposition of Conference Provisions

SOCIAL SECURITY SYSTEM

1. EXTENSION OF COVERAGE

A. FEDERAL EMPLOYEES

Provides for coverage under social security of the following groups: (1) all Federal employees hired on or after Jan. 1, 1984, including those with previous periods of Federal service if the break in Federal service lasted at least 365 days; (2) legislative branch employees on the same basis, as well as current employees of the legislative branch who are not participating in the civil service retirement system as of Dec. 31, 1983; (3) all Members of Congress, the President and the Vice President effective Jan. 1, 1984; (4) all sitting Federal judges, and all executive level and senior executive service political appointees, as of Jan. 1, 1984. Federal judicial salaries would be reported as wages for social security earnings test and payroll tax purposes.

The provision also states that "Nothing in this Act shall reduce the accrued entitlement to future benefits under the Federal retirement program system of current and retired Federal employees and their families. The full faith and credit of the U.S. Government is pledged hereby in support of the payment of said accrued entitlements."

I. PROVISIONS AFFECTING THE FINANCING OF THE SOCIAL SECURITY SYSTEM

B. EMPLOYEES OF NONPROFIT ORGANIZATIONS

Extends social security coverage on a mandatory basis to all employees of nonprofit organizations as of Jan. 1, 1984. (Terminations of coverage would not be permitted on or after Mar. 31, 1983.) Nonprofit employees age 55 or older affected by this provision would be deemed to be fully insured for social security benefits after acquiring a given number of quarters of coverage, according to a sliding scale.

2. TERMINATION OF COVERAGE BY STATE AND LOCAL GOVERNMENTS

Prohibits State and local governments from terminating coverage for their employees if the termination has not taken effect by the date legislation is enacted. In addition, allows State and local governments which have withdrawn from the social security system to voluntarily rejoin. Once having rejoined, the governmental entity would be precluded from terminating coverage.

3. WINDFALL BENEFITS FOR PERSONS WITH PENSIONS FROM NONCOVERED EMPLOYMENT

- (1) Applies a different benefit formula to workers who are eligible for a pension based wholly or in part on noncovered employment. Under the current formula, benefits are 90 percent of the first \$254 of average monthly earnings, 32 percent of earnings from \$254 to \$1,538, and 15 percent of earnings above \$1,538. The new formula applicable to those pensions from noncovered employment would substitute 40 percent for the 90 percent factor.
- (2) Phases in this reduction over a 5-year period: 80 percent in the first year, 70 percent in the second year, 60 percent in the third year, 50 percent in the fourth year, and fully effective in the fifth year.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 1900★—Continued

(3) This provision will be applicable to persons first eligible for social security benefits and for government pensions after 1985. The following groups are exempted:

- (a) all current employees newly covered by the bill, i.e., those current Federal employees covered by the bill, and nonprofit employees except those employees whose past employment for a nonprofit organization has been covered, but whose employment for that organization was not covered on Dec. 31, 1983.
- (b) those with service which was not covered until 1957.
- (c) those with 30 years or more of covered work; in addition, for persons with less than 30 but more than 24 years of substantial social security employment, the 90 percent factor in the benefit formula would be reduced by 10 percentage points for each year below 30 years of covered employment. (Senate provision); and
- (d) those with railroad retirement pensions.

4. DELAY COST-OF-LIVING ADJUSTMENT

Delays the June 1983 cost-of-living adjustment until December (January 1984 check), and provides all subsequent cost-of-living adjustments in December (January checks). This adjustment would be based on CPI for the first quarter of 1983 over that for the first quarter of 1982. All subsequent adjustments would be based on the CPI increase from the third quarter of the last year in which a cost-of-living adjustment was provided to the third quarter of the current year. For the December 1983 adjustment only, the 3 percent trigger is waived.

The OASDI COLA delay will be accompanied by a corresponding delay in a 1982 Reconciliation Act provision to round down certain veterans' pensions.

Also, postpones from July 1, 1983, to January 1, 1984, and to each January thereafter, the effective date of increases in medicare premiums to coincide with the proposed delay in the cost-of-living increases in social security cash benefit payments. For the 6-month period from July 1, 1983, to January 1, 1984, the general revenue contribution would replace the lost premium revenue.

5. TAXATION OF SOCIAL SECURITY (OASDI) BENEFITS FOR HIGHER INCOME PERSONS

Beginning in 1984, a portion of social security and tier I railroad retirement benefits would be included in taxable income for taxpayers whose adjusted gross income combined with 50 percent of their benefits exceeds a base amount. The base amount would be \$25,000 for an individual, \$32,000 for a married couple filing a joint return and zero for married persons filing separate returns. The amount of benefits that could be included in taxable income would be the lesser of one-half of benefits or one-half of the excess of the taxpayers' combined income (AGI one-half of benefits) over the base amount.

Interest on tax-exempt bonds is added to adjusted gross income for the purpose of determining whether an individual's income exceeds the base amount above which a portion of benefits would be subject to tax.

6. 1984-90 SOCIAL SECURITY TAX RATES AND 1984 CREDIT

A. FICA TAX RATES

Advances the payroll tax increase scheduled for 1985 to 1984 and part of the increase scheduled for 1990 to 1988.

B. TAX CREDIT FOR 1984 EMPLOYEE FICA TAXES

A credit of 0.3 percent of wages would be allowed against 1984 employee FICA taxes to reduce the net FICA rate to 6.70 percent. Appropriations to trust funds would be based on a 7.00 percent rate. Employee's annual withholding statements (form W-2) would indicate the net amount of FICA tax (i.e., the 6.7 percent of taxable wages actually deducted from their paychecks).

C. 1984 EMPLOYER FICA TAX CREDIT

The conference agreement deletes this provision.

D. TIER I RAILROAD RETIREMENT TAXES

Conforming changes would be made in tier I railroad retirement tax rates and the credit against 1984 employee taxes would be allowed against employee railroad taxes.

7. TAX ON SELF-EMPLOYMENT INCOME

The conference agreement provides that:

- (a) The SECA credits for 1984 through 1989 would be as follows:
 - 1984: 2.7 percent.
 - 1985: 2.3 percent.
 - 1986: 2.0 percent.
- (b) Effective in 1990 and thereafter, the credit would terminate and be replaced with a system designed to achieve parity between employee and the self-employed. Under this system:
 - (1) The base of the self-employment tax would be adjusted downward to reflect the fact that employees do not pay FICA tax on the value of the employer's FICA Tax.
 - (2) A deduction would be allowed for income tax purposes, for half of SECA liability, to allow for the fact that employees do not pay income tax on the value of the employer's FICA tax.

8. CREDIT FOR THE ELDERLY AND DISABILITY INCOME EXCLUSION

A. CREDIT FOR THE ELDERLY

1. Eligible individuals and credit rate: Same as present law, except that individuals under age 65 are eligible only if they retired with a permanent and total disability and have disability income from a public or private employer on account of that disability.
2. Base amount: The initial base amount is:
 - \$5,000—married with one spouse eligible or unmarried.
 - \$7,500—Married, joint return, both spouses eligible.
 - \$3,750—married filing separately.

For individuals under age 65, the initial amount is limited to disability income.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 1900★—Continued

1. Pensions or annuities received under social security, railroad retirement, and certain other pensions and annuities otherwise excluded from gross income (as under present law). In addition, social security and railroad disability benefits also reduce the initial amount.
2. One-half of adjusted gross income over:
 - \$7,500—single returns.
 - \$10,000—married, joint return.
 - \$5,000—married separate return.

The same rules for reducing the initial amount would apply to all eligible individuals.

B. DISABILITY INCOME EXCLUSION

The disability exclusion is repealed. Affected individuals are made eligible for the credit for elderly and disabled persons to the extent of disability income.

9. REALLOCATION OF OASI AND DI TRUST FUNDS

The conference agreement includes a reallocation.

10. BENEFITS FOR CERTAIN WIDOWS, DIVORCED, AND DISABLED WOMEN

A. BENEFITS FOR SURVIVING DIVORCED OR DISABLED SPOUSE WHO REMARRIES

Allows the continuation of benefits for disabled and surviving divorced spouses upon remarriage if that marriage takes place after the age of first eligibility for benefits. Effective for benefits for months after December 1983.

B. CHANGE IN INDEXING DEFERRED SURVIVOR BENEFITS

In the case of deferred survivor benefits, continues indexing the worker's earnings to reflect economy wide wage increases rather than price increases. Such wage indexing would apply through the year the worker would have reached age 60, or 2 years before the survivor becomes eligible for aged or disabled widow's benefits, whichever is earlier. Effective for newly eligible survivors after December 1984.

C. INDEPENDENT ENTITLEMENT FOR DIVORCED SPOUSES

Allows divorced spouses (who have been divorced for at least 2 years) to draw benefits at age 62 if the former spouse is eligible for retirement benefits, whether or not benefits have been claimed or suspended because of substantial employment. Effective for benefits for months after December 1984.

D. INCREASED BENEFITS FOR DISABLED WIDOWS

Increases benefits of disabled widow(er)s age 50-59 to 71.5 percent of the primary insurance amount, the amount to which widow(er)s are entitled at age 60. Effective for benefits for disabled widows and widowers for months after December 1984.

11. STABILIZER

Provides that the stabilizer would take effect with respect to the cost-of-living increase payable in January 1985 if the trust funds ratio at the end of 1984 is less than 15 percent. Beginning in 1989 the stabilizer would take effect if the trust fund ratio falls below 20 percent.

12. PROCEDURES TO ASSURE CONTINUED BENEFIT PAYMENTS (FAIL-SAFE)

- a. Fixed monthly tax transfers: Provides for a revision of accounting procedures under which the Treasury would credit to the OASDHI trust funds, at the beginning of each month the amount of payroll tax revenues estimated to be received during the month. These amounts would be invested by the trust funds as all other trust fund assets are invested; interest will also be paid by the trust funds on amounts transferred to the trust funds in advance of procedures in effect on Jan. 1, 1983. Effective on the first day of the month following enactment.
- b. Interfund borrowing: Authorizes interfund benefit borrowing between the OASI, DI, and HI funds for calendar years 1983-87. (1) interest would be paid monthly to HI on any outstanding loans to OASDI; (2) OASDI could not borrow from HI in any month in which the HI trust fund ratio is under 10 percent (with no more to be borrowed than would reduce such ratio to 10 percent); (3) in 1983-87, OASDI would repay loans from HI whenever the OASDI fund ratio at the end of the year exceeds 15 percent; and (4) in 1988-89, OASDI would repay HI, in 24 equal monthly payments, the loan balance outstanding at the end of 1987 (plus interest on any outstanding loan balance). Faster payment would be authorized. Similar projections would be provided for the OASI and DI trust funds in the event that HI were to borrow from OASDI.
- c. Managing Trustee Report to the Congress concerning trust fund shortfalls: Requires the Secretary of Health and Human Services to make an annual evaluation of the projected balances in the OASDHI trust funds, taking into account cost-of-living increases. The trustees report must provide specific information as to the extent to which benefits would have to be reduced, payroll taxes increased, or some combination thereof, in order to restore the trust fund to solvency.

13. DELAYED RETIREMENT CREDIT

Gradually increases the delayed retirement credit from 3 percent to 8 percent per year for persons who attain age 65 between 1990 and 2008. In order to conform to the reduction in the age at which the earnings test no longer applies, lowers the age after which the delayed retirement credit will no longer be given from age 72 to 70 for those who attain age 70 after December 1983.

14. REIMBURSEMENT TO TRUST FUNDS FOR MILITARY WAGE CREDITS AND UNCASHED OASDI CHECKS

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 1900★—Continued

A. MILITARY WAGE CREDITS

Provides for a lump-sum payment to the OASDI trust funds from the general fund for: (i) The present value of the estimated additional benefits arising from gratuitous military service wage credits for service before 1957; (ii) the amount of the combined employer-employee OASDI taxes on the gratuitous military service wage credits for service after 1956 and before 1984.

B. UNCASHED OASDI CHECKS

Provides for a lump-sum payment to the OASDI trust funds from the general fund representing the amount of uncashed benefit checks which have been issued in the past plus appropriate amounts of interest. Transfers to the trust funds would be subject to the annual appropriations process.

II. ADDITIONAL PROVISIONS RELATING TO LONG-TERM FINANCING OF THE SOCIAL SECURITY SYSTEM

1. ADJUSTMENTS IN THE NORMAL RETIREMENT AGE

- (1) Raises the normal retirement age to 67 in two steps.
- (A) Raises retirement age to 66 by increasing the age for full benefits by 2 months a year for 6 years so that provision would be fully effective beginning with those attaining age 62 in 2005 (66 in 2009).
- (B) Raises retirement age from 66 to 67 by increasing the age for full benefits by 2 months a year for 6 years so that the provision would be fully effective beginning with those attaining age 62 in 2022 (67 in 2027).
- (2) Age 62 benefits would be maintained at an ultimate rate of 70 percent of full benefits. (After age for full retirement is changed to 67.) No changes would be made in medicare or SSI benefits.
- (3) Requires the Secretary, by Jan. 1, 1986, to conduct and submit with recommendations to Congress a comprehensive study and analysis of the implications of the change in retirement age for those individuals affected by this change who, because they are engaging in physically demanding employment or because they are unable to extend their working careers for health reasons, may not benefit from improvements in longevity.
- (4) Reduces the earnings test offset for those age 65 and older to \$1 for every \$3 earned over the annual exempt amount.

III. MISCELLANEOUS AND TECHNICAL PROVISIONS

1. CASH MANAGEMENT

A. FLOAT ALLOWANCE REVISION

Requires the Secretaries of the Treasury and Health and Human Services to conduct a study consisting of two separate investigations. The first concerns the actual average length of time between the issuance of benefit checks and their redemption; the second would deal with the feasibility and desirability of providing for the transfer on a daily basis to the general fund from the appropriate trust fund amounts equal to the amounts of benefit checks which are paid by the Federal Reserve Banks on that day.

B. INTEREST ON LATE STATE DEPOSITS

The conference agreement deletes this provision.

C. TRUST FUND INVESTMENT PROCEDURES

Requires that annual reports of the Social Security Boards of Trustees to the Congress include a certification by the Chief Actuary of the Social Security Administration that the reports meet generally accepted standards within the actuarial profession. The certification shall not refer to economic assumptions underlying the trustees' report.

Both Houses recede with respect to trust fund investment procedures.

D. SEPARATE TREATMENT OF TRUST FUND OPERATIONS UNDER UNIFIED BUDGET

Provides for the display of OASI, DI, HI, and SMI fund operations as a separate function within the budget. Beginning with fiscal year 1992, these trust fund operations (except for SMI) would be removed from the unified budget.

2. ELIMINATION OF GENDER-BASED DISTINCTIONS UNDER THE OLD-AGE, SURVIVORS, AND DISABILITY INSURANCE PROGRAM

A. DIVORCED HUSBANDS

Amends the statute to conform to court decisions by providing social security benefits for aged divorced husbands and aged or disabled surviving divorced husbands on their former wives earnings records.

B. REMARRIAGE OF SURVIVING SPOUSE BEFORE AGE 60

Amends statute to conform to court decisions by making the requirements for widowers' and widows' benefits consistent.

C. ILLEGITIMATE CHILDREN

Provides that illegitimate children would be eligible for benefits based on their mother's earnings as they are currently for benefits based on their father's earnings.

D. TRANSITIONAL INSURED STATUS

Sept. 27, 1983.—Memorandum from the International Trade Commission.

Oct. 29, 1983.—Reported favorably to the Senate (S. Rept. 98-285), with an amendment substituting the provision of the Retirement Equity Act of 1983, as follows:

PERIODS OF EMPLOYEE SERVICE TAKEN INTO ACCOUNT UNDER PENSION, PROFIT-SHARING, AND STOCK BONUS PLANS

Reduces from 25 to 21 the maximum age a pension, profit-sharing, or stock bonus plan can generally require an employee to attain as a condition of becoming a participant in the plan. A plan is not permitted to ignore service after age 18 for purposes of determining the vested portion of a participant's benefit.

Provides that, in the case of a nonvested participant, years of service with the employer or employers maintaining the plan before any period of consecutive 1-year breaks in service are not required to be taken into account after a break in service if the number of consecutive 1-year breaks in service equals or exceeds the greater of (1) 5 years or (2) the aggregate number of years of service before the consecutive breaks in service.

Provides rules relating to crediting of service for cases where an employee is absent from work because of maternity or paternity. Certain hours of absence on account of maternity or paternity (up to 501 hours) are taken into account in determining whether a break in service has occurred under the participation and vesting rules.

JOINT AND SURVIVOR ANNUITY REQUIREMENTS

Requires a pension, etc., plan to provide a survivor annuity for a participant's surviving spouse if the participant dies before the annuity starting date and (1) has reached the earliest retirement age under the plan and has reached an age that is within 10 years of the normal retirement age under the plan, or (2) the participant has at least 10 years of service for vesting purposes and has attained age 45.

Provides that the survivor benefit is provided unless benefits in another form were elected. The election not to take a joint and survivor annuity is effective only if made by both the participant and the participant's spouse. The spouse who was married to the participant on the annuity starting date is entitled to the survivor benefit required by the bill unless a qualified domestic relations order provides otherwise.

Requires that all defined benefit pension plans provide benefits in the form of an annuity payable for the life of the participant. The provisions of the bill relating to joint and survivor benefits apply to any pension, etc., plan that provides a life annuity.

NOTICE OF FORFEITABILITY OF BENEFITS

Present law requires that a plan furnish a participant with a statement of benefits under certain circumstances. The bill requires that the statement include a notice that certain benefits may be forfeitable in the event the participant dies before a particular date.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 2769★—Continued

SPECIAL RULES FOR ASSIGNMENT IN DIVORCE, ETC., PROCEEDINGS

Requires certain judgments, decrees, or orders relating to child support, alimony payments, or marital property rights, pursuant to a State domestic relations law (a qualified domestic relations order), the bill clarifies that the Employee Retirement Income Security Act of 1974 does not treat such orders as an assignment or alienation of benefits under the spendthrift provisions. State law providing for the right to such payments is not preempted by Federal law.

Requires that a qualified domestic relations order identify the parties involved and provide specific instructions for determining the portion of the plan benefits payable to an alternate payee (a spouse, former spouse, or child) under the order. The bill provides procedures to be followed by the plan administrator in determining whether a domestic relations order issued by a court is qualified. The bill requires that benefits under the order be in a form otherwise provided by the plan.

CASH OUT OF CERTAIN ACCRUED BENEFITS

Permits a pension, etc., plan to cash out a separated participant's benefit without the participant's consent if the value of the benefit does not exceed \$3,500. The limit under present law is \$1,750.

FURTHER SENATE ACTION

Nov. 18, 1983.—Passed the Senate by voice vote (Congressional Record S16871), after agreeing to *Dole amendment No. 2659*, clarifying that a person becoming disabled after he or she becomes a qualified participant entitled to joint and survivor coverage, the disabled individual will continue to be entitled to joint and survivor coverage, by voice vote (Congressional Record S16877).

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 2780★

Aug. 4, 1983

To extend and amend the provisions of title 31, United States Code, relating to the general revenue sharing program.

HOUSE BILL

SHORT TITLE

State and Local Fiscal Assistance Amendments of 1983.

EXTENSION OF PROGRAM

Extends the program for 3 years, Oct. 1, 1983, through Sept. 30, 1986.

FUNDING LEVEL

Increases the entitlement for local governments by \$450 million to \$5.02 billion per year.

TERMINATION OF STATE SHARE

Terminates the authorization for payments to State governments.

STATE VARIATIONS OF LOCAL GOVERNMENT ALLOCATIONS

Extends this option through fiscal year 1986.

MODIFICATION OF INTRASTATE ALLOCATION FORMULA IN CERTAIN CASES

No provision.

PUBLIC HEARINGS

Retains the current requirements, but calls on the Treasury Department to inform recipients of waiver provision.

DISCRIMINATION PROCEEDINGS

Retains the current provisions for handling discrimination proceedings under the general revenue sharing program.

AUDIT REQUIREMENTS

Requires governments receiving \$25,000 or more per year in revenue sharing to obtain annual audits. Governments operating on a biennial fiscal period, however, may obtain an audit every 2 years as long as the financial statements for both years are covered.

Deletes the provision of current law permitting State and local governments to waive the audit requirements under certain conditions, and establishes a requirement that audit reports be submitted to the Secretary of the Treasury and be available for public inspection.

Deletes the provision of current law that permits the Secretary of the Treasury to waive the requirement that audits meet generally accepted auditing standards and be independent if the audits are conducted by a State audit agency and such agency demonstrates substantial progress toward meeting such standards of becoming independent.

Deletes the provision of current law that permits a government receiving less than \$25,000 per year in revenue sharing to use an audit required by State and local law to comply with revenue sharing audit requirements.

TECHNICAL AMENDMENTS

Contains various technical and clarifying changes.

STUDY OF FEDERAL/STATE/LOCAL FISCAL RELATIONSHIPS

Requires the Secretary of the Treasury, in consultation with the Secretary of Commerce, the Comptroller General of the United States, and the Advisory Commission on Intergovernmental Relations (ACIR), to evaluate: (1) the representative tax system for use in the general revenue sharing allocation formulas; (2) alternative to personal income as a measure of the fiscal capacity of State and local governments in the revenue sharing formulas; and (3) Federal aid formulas in general. The bill does not include a specific authorization of funds.

ADJUSTING DEFINITION OF MASSACHUSETTS TAX EFFORT

Allows local governments in the Commonwealth of Massachusetts to include in their fiscal year 1982 "tax effort," property taxes levied in fiscal year 1982 but not actually collected until the following year. This provision does not affect the amount of revenue sharing funds that will be allocated to Massachusetts or to any other State.

EFFECTIVE DATE

Contains a specific effective date provision to accommodate the changes it makes in audit requirements.

SENATE ACTION

Aug. 4, 1983.—Received in the Senate and placed on the Senate Calendar.

Sept. 21, 1983.—Passed by the Senate by a rollcall vote of 87 yeas, 6 nays (Congressional Record S12599), after striking all after the enacting clause and inserting the text of S. 1426, as follows:

SHORT TITLE

Local Government Fiscal Assistance Amendments of 1983.

EXTENSION OF PROGRAM

Extends for 3 years, Oct. 1, 1983, through Sept. 30, 1986.

FUNDING LEVEL

Retains the current funding level of \$4.57 billion per year.

TERMINATION OF STATE SHARE

Retains the current authorization for payments to State governments of \$2.3 billion per year, subject to the appropriations process and the provisions requiring a dollar-for-dollar tradeoff of categorical grant funds for revenue sharing funds.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 2780★—Continued

STATE VARIATIONS OF LOCAL GOVERNMENT ALLOCATIONS

Extends this option permanently.

MODIFICATION OF INTRASTATE ALLOCATION FORMULA IN CERTAIN CASES

Revises the intrastate allocation formula to disregard a reduction in a local government's adjusted taxes if: (A) the reduction is caused by a "specific economic dislocation," and (B) the reduction would mean a decrease of 20 percent or more in the government's allocation.

PUBLIC HEARINGS

Eliminates the requirement for a public hearing on the "possible uses" of revenue sharing funds.

DISCRIMINATION PROCEEDINGS

Revises the method of computing the time periods within which a recipient must respond to a "notice of noncompliance" with the nondiscrimination provisions of the program. The time periods would run from the date such a notice is received by a local government, rather than from the date the notice is issued by the Secretary of the Treasury, as is currently the case.

AUDIT REQUIREMENTS

Retains the current audit requirements.

TECHNICAL AMENDMENTS

Contains various technical and clarifying changes.

STUDY OF FEDERAL/STATE/LOCAL FISCAL ASSISTANCE

Requires the Secretary of the Treasury, the Comptroller General of the United States, and the Chairman of the ACIR to conduct a series of studies on the areas covered by the House bill, as well as the following additional issues: (1) the overall revenue sharing program; (2) the concept of returning Federal revenue sources to State and local governments along with the responsibility for programs currently financed by Federal grant-in-aid; (3) the fiscal condition and capacity of all levels of government; (4) the relationship between changes in the economy and the distribution of Federal financial assistance; (5) alternative measures of fiscal capacity; and (6) Federal grant allocation formulas.

Provides for extensive participation by organizations representing State and local governments in the design of the studies. Authorizes such funds as are necessary for fiscal years 1984-86, but the annual authorization is limited to 5 percent of the cost of administering the general revenue sharing program.

ADJUSTING DEFINITION OF MASSACHUSETTS TAX EFFORT

Contains a provision similar to the House bill. However, the adjustment in "tax effort" is contingent upon local governments in Massachusetts adopting "generally accepted accounting principles" by fiscal year 1985.

EFFECTIVE DATE

Effective upon enactment.

CONFERENCE ACTION

Sept. 21, 1983.—Senate insisted on its amendments, requested a conference with the House and named the following conferees: Messrs. Dole, Danforth, Heinz, Durenberger, Long, Bentsen, and Mitchell.

Sept. 29, 1983.—House disagreed to the Senate amendments, agreed to a conference with the Senate, and named the following conferees: Messrs. Brooks, Weiss, Conyers, Levin of Michigan, McKay, Towns, Horton, Walker, and McCandless.

Nov. 15, 1983.—Conference report filed in the House (H. Rept. 98-550).

Nov. 17, 1983.—House and Senate agreed to conference report.

DESCRIPTION OF CONFERENCE ACTION

SHORT TITLE

The conference substitute is the same as the Senate amendment.

EXTENSION OF PROGRAM

The conference substitute is the same as the Senate amendment.

FUNDING LEVEL

The conference substitute is the same as the Senate amendment.

TERMINATION OF STATE SHARE

The conference substitute is the same as the House bill.

STATE VARIATIONS OF LOCAL GOVERNMENT ALLOCATIONS

The conference substitute is the same as the Senate amendment.

MODIFICATION OF INTRASTATE ALLOCATION FORMULA IN CERTAIN CASES

The conference substitute adopts the Senate provision.

PUBLIC HEARINGS

The conference substitute eliminates the requirement for a separate "possible uses" hearing. This revision is not, however, intended to diminish public participation in the process of deciding how a recipient's revenue sharing funds are to be used. It is expected, therefore, that when a recipient holds a hearing on the "proposed use" of its revenue sharing allocation, interested persons will be given an opportunity to suggest alternative uses of such funds.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 2780★—Continued

DISCRIMINATION PROCEEDINGS

The conference substitute adopts the Senate provision.

AUDIT REQUIREMENTS

The conference substitute requires governments receiving \$100,000 or more per year in revenue sharing to obtain annual audits, or biennial audits covering both years for governments operating on a 2-year fiscal period. Governments receiving between \$25,000 and \$100,000 are subject to the current requirement for an audit once every 3 years. Such audits need only cover 1 year. Audits must be conducted in accordance with generally accepted government auditing standards issued by the Comptroller General and be available for public inspection.

The conference substitute retains the current waiver authority for the Secretary of the Treasury and recipient governments, but deletes the option for governments receiving less than \$25,000 per year to use an audit required by State or local law to meet the revenue sharing audit requirement.

TECHNICAL AMENDMENTS

The conference substitute incorporates all changes in the House and Senate versions.

STUDY OF FEDERAL/STATE/LOCAL RELATIONSHIPS

The conference substitute requires the Secretary of the Treasury to undertake a study on the following issues: (1) The factors used in current allocation formulas for revenue sharing and possible alternatives to such formulas and factors; (2) the long-term outlooks for the fiscal condition and fiscal capacity of Federal, State, and local governments; (3) the concept of returning revenue sources to State and local governments, along with the responsibility for programs and activities currently funded by Federal financial assistance; (4) the impacts of the cyclical nature of the economy and other factors on Federal, State, and local governments' expenditures, needs, and fiscal capacities, and the responsiveness of the distribution of Federal financial assistance to the cyclical nature of the economy and such other factors; (5) the responsiveness of the distribution of Federal assistance to State and local governments' fiscal capacities, and to such governments' need for services, and to cost-of-living and cost-of-government differentials; (6) the mathematical forms, data, and administration of Federal grant formu-

las, including current and possible alternative revenue sharing formulas; and (7) the impact of modifying the Internal Revenue Code with respect to the deductibility of State and local taxes, and tax-exempt status of certain State and local securities, along with increases in revenue sharing allocations in the above tax provisions.

The conference substitute requires the Secretary of the Treasury, in consultation with the Secretary of Commerce, the Comptroller General, the Advisory Commission on Intergovernmental Relations, and recognized organizations of elected officials of State and local governments, including regional organizations of such officials and officials of States that may receive substantially reduced funding under alternative allocation methods to develop a plan for completion of the study described above. This plan may provide for the participation of the individuals and organizations listed above in the conduct of the study. The conferees intend that responsibility for conduct of the portion of the study dealing with a proposed "representative tax system" shall remain with the Secretary of the Treasury and shall not be delegated to the Advisory Commission on Intergovernmental Relations.

The conference substitute requires the Secretary, upon completion of the study, to solicit the views of the individuals and organizations with whom he was required to consult above, and to append such views to a final report to be submitted to the President and Congress no later than June 30, 1985.

The conference substitute authorizes the appropriation in fiscal year 1984 and fiscal year 1985 of such sums as may be necessary to carry out the study provision, not to exceed for each fiscal year an amount equal to 3 percent of the cost of administering the revenue sharing program for the previous fiscal year.

ADJUSTING DEFINITION OF MASSACHUSETTS TAX EFFORT

The conference substitute is the same as the House bill. The conference committee has, however, received written assurance from the Massachusetts Department of Revenue that local governments within the Commonwealth are in the process of converting to generally accepted accounting principles.

EFFECTIVE DATE

The conference substitute is the same as the House bill.

COMMITTEE ACTION

Fourth, the committee amendment includes the International Trade and Investment Act (previously reported by the committee in S. 144), which among other things: (1) establishes new specific negotiating objectives with respect to trade in services, advanced technology products, and investment restraints; (2) clarifies the President's retaliatory authority with respect to unfair trade practices; and (3) authorizes tariff negotiations with respect to certain advanced technology products.

Fifth, the committee amendment provides for a permanent extension of the tax-exemption presently provided for interest on qualified mortgage bonds.

Rostenkowski, Gibbons, Pickle, Rangel, Stark, Conable, Duncan, and Archer.

CONFERENCE AGREEMENT

I. Interest and Dividends Tax Compliance

1. WITHHOLDING ON INTEREST, DIVIDENDS, AND PATRONAGE DIVIDENDS

The conference agreement follows the House bill and the Senate amendment. Thus, withholding is repealed as of the close of June 30, 1983. In addition, to protect taxpayers who actually withheld from interest, dividend, or patronage dividend payments under the mandatory withholding rules, the conference agreement provides that the payor may elect to have the repeal apply to amounts which are, in fact, deducted and withheld before Sept. 2, 1983. The Secretary will provide for procedures (by press release, revenue procedure, or regulation) under which payors may elect to refund withheld taxes to payees and receive a return of deposited funds from the Treasury. The conferees expect that where this election is made the Treasury will act promptly to return deposited funds.

Estimated taxes: The conference agreement follows the House bill, except that a clarifying change extends relief with respect to all amounts subject to exceptions to mandatory withholding.

2. GENERAL ACCOUNTING OFFICE (GAO) STUDY

The conference agreement deletes this provision.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 2973★—Continued

3. BACKUP WITHHOLDING

In general: The conference agreement adopts a modified form of the Senate amendment, relating to backup withholding. Under the conference agreement, the rate of withholding on all payments subject to backup withholding (reportable payments) is set at 20 percent. Thus, the 20-percent rate applies to, for example, payment for services or rents reportable under secs. 6041 and 6041A and amounts reportable under sec. 6045 as well as payments of interest, dividends, and patronage dividends.

Under the conference agreement, backup withholding is required with respect to reportable payments of interest (including original issue discount), dividends, and patronage dividends if—

- (1) the payee fails to furnish a TIN in the required manner,
- (2) the Secretary notifies the payor that the payee furnished an incorrect TIN,
- (3) the Secretary notifies the payor that backup withholding should be commenced in the circumstance in which the payee failed to report properly interest, dividends, or patronage dividends, or
- (4) when required to do so, the payee fails to certify, under penalties for perjury, that the payee is not subject to backup withholding.

Effective date: The amendments made by the conference agreement apply to payments made after Dec. 31, 1983.

4. PENALTIES RELATED TO FAILURE TO BACKUP WITHHOLD

Failure to withhold: The conference agreement deletes this provision.

Failure to transmit information: Any retail broker who intentionally fails to provide a payor with a TIN or backup withholding status report when obligated to do so is subject to a penalty of \$500 per failure.

False certificates: The conference agreement provides that the civil and criminal penalties for a false backup withholding or TIN certificate will be the same as those for false wage withholding certificates.

Unauthorized use of information: If any payor uses information that a payee is subject to backup withholding for any purpose other than to comply with the backup withholding requirement, that payor will be subject to civil liability for misuse of tax return information.

Effective dates: The provisions of the conference agreement apply after Dec. 31, 1983 except that the provision relating to unauthorized use of information is effective upon enactment.

5. PENALTY ON PAYOR TO REPORT TAXPAYER IDENTIFICATION NUMBERS (TINs)

In general: The conference agreement adopts a modified form of the Senate amendment. Under the conference agreement, the \$50,000 limitation on the \$50 penalty for failure to supply TINs with respect to interest, dividends, or patronage dividends is repealed and a due diligence defense is substituted for the reasonable cause defense under present law. In addition, the penalty is self-assessed.

6. PENALTY FOR FAILURE TO FILE INFORMATION RETURNS OR STATEMENTS

Penalty: The conference agreement removes the \$50,000 calendar year limitation on the penalty with respect to failures to file interest, dividend, or patronage dividend information returns or statements and eliminates the reasonable cause defense.

Substantial noncompliance: The conference agreement follows the House bill. Thus, the present law increases in the penalty for intentional disregard of the filing requirement for information returns is retained.

Abatement: Under the conference agreement, the Senate amendment abatement provision is replaced by a due diligence defense comparable to that provided for the TIN penalties.

Self-assessment: The conference agreement provides for self-assessment of the penalty for failure to file information returns and statements under the same procedure provided for self-assessment of the TIN penalties.

Effective date: The amendments made by the conference agreement apply to payments made after Dec. 31, 1983.

7. RETURNS ON MAGNETIC TAPE

The conference agreement generally follows the Senate amendment. The agreement clarifies that in determining whether a payor files more than 50 returns with respect to interest, dividends, or patronage dividends, all such returns should be aggregated. Thus, if a payor files information with respect to 30 interest payees and 30 dividend payees, magnetic media reporting is required.

The Secretary is granted permanent authority on a case-by-case basis to relieve payors of the magnetic media filing requirement for the period during which imposition of the requirement would cause undo hardship for the payors. In addition, the agreement does not contain the provision accelerating the due date for information returns to Jan. 31. Under the agreement, the magnetic media filing requirement applies only to returns with respect to payments made after 1983.

The conference agreement also provides that the report on magnetic media reporting of W-2 information is to be provided by July 1, 1984.

8. ATTACHMENT OF DUPLICATE INFORMATION RETURNS; FORMS

Under the conference agreement, payors must provide payees with information statements with respect to interest, dividend, or patronage dividend payments in the form required by Treasury regulations. The conferees expect that the Treasury will require a separate official form be supplied to payees which contains a clear statement that the income being reported is subject to tax, and has been reported to the Internal Revenue Service, and if not reported will generate a negligence penalty.

Under the conference agreement, these information statements must be provided to the payee in a separate mailing which contains no additional information other than information relating to the correction of taxpayer identification numbers. The conference agreement does not require that the information statements be attached to the payee's income tax return.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 2973★—Continued

Effective date: The amendments made by the conference agreement: apply to statements with respect to payments made after Dec. 31, 1983.

9. PAYEE PENALTIES—WILLFUL EVASION OR AVOIDANCE OF TAX ON INTEREST, DIVIDENDS, OR PATRONAGE DIVIDENDS

The conference agreement adopts a Treasury recommendation that, a failure to report interest, dividend or patronage dividend income that is subject to information reporting be treated, for purposes of the negligence penalty, as resulting from negligence in those cases in which the Internal Revenue Service receives the relevant information return form from the payor of the taxpayer-payee in the absence of a clear and convincing evidence to the contrary.

The presumption of negligence established under the conference agreement can be rebutted by the taxpayer in appropriate cases but only by clear and convincing evidence.

When the Internal Revenue Service asserts the negligence penalty under this provision, the entire penalty (both the 5 percent and the interest related element) will apply only to the portion of the underpayment attributable to the underreporting of interest, dividends, or patronage dividends. That portion is the amount of underpayment which would have existed if the interest, dividends, or patronage dividends, were the only items not properly reported.

This provision of the conference agreement would apply with respect to payments made after Dec. 31, 1983.

10. SPEEDUP FOR PROCESSING OF INFORMATION RETURNS; APPROPRIATIONS

Speedup of processing and notice: Deletes this provision. Thus, no speedup of processing of information by the Internal Revenue Service is required.

Appropriations: The conference agreement contains a sense of the Congress resolution that the minimum Internal Revenue Service resources needed to increase compliance with respect to interest and dividends is \$15 million in fiscal year 1984 and \$300 million over the fiscal years 1984 through 1988. The resolution also states that not less than \$600 million would be the preferable appropriation to be provided over that period.

11. REVENUE EFFECT

It is anticipated that the repeal of withholding on interest and dividends will reduce fiscal year budget receipts by \$0.3 billion in 1983, \$2.5 billion in 1984, \$2.5 billion in 1985, \$2.5 billion in 1986, \$2.7 billion in 1987, \$2.9 billion in 1988, with a total of \$13.4 billion for years 1983 through 1988.

It is anticipated that, if appropriations are enacted for the period fiscal years 1984-1988, the compliance provisions of the conference agreement will increase fiscal revenues by \$0.4 billion in 1986, \$0.9 billion in 1987, and \$1.1 billion in 1988.

If appropriations of \$600 million are enacted for fiscal years 1984-1988, it is anticipated that the compliance provisions will increase fiscal year revenues by \$0.2 billion in 1985, \$0.6 billion in 1986, \$1.3 billion in 1987, and \$1.6 billion in 1988.

II. Caribbean Basin Initiative

1. ELIGIBLE BENEFICIARY COUNTRIES

The conference agreement authorizes the President, upon notification of Congress, to designate beneficiary countries from among a list of 28 countries and territories or successor political entities. The conference agreement provides that Cuba is not included in the list of potential eligible countries.

2. MANDATORY DESIGNATION CRITERIA

The conference agreement provides that the President shall not designate a country if: (1) it is a Communist country; (2) it fails to meet certain specified criteria regarding expropriation or nationalization; (3) it fails to act in good faith in recognizing an arbitral award; (4) it affords reverse preferences to products of developed countries other than the U.S. and the adverse effects of those preferences are not neutralized; (5) a government-owned entity is broadcasting without consent material belonging to U.S. copyright owners; (6) it is not a party to an agreement with the U.S. regarding extradition; and (7) a country must cooperate with U.S. efforts to interdict unlawful narcotics imports.

3. WAIVER OF MANDATORY DESIGNATION CRITERIA

The conference agreement allows the President to waive the first 3 mandatory designation criteria if he determines and reports to Congress that the designation is in the U.S. national economic or security interest. It also provides for inclusion of the criterion regarding unauthorized broadcast of film or television transmissions in the list of waivable conditions.

4. DISCRETIONARY DESIGNATION CRITERIA

In designating a particular country, the conference agreement provides that the President is required to take into account certain factors, including: the extent to which such country affords reasonable access to U.S. products and observes international trading rules; economic conditions in the country; the degree to which workers enjoy reasonable workplace conditions and collective bargaining rights; the extent to which the country is prepared to cooperate in the administration of the CBI; the extent to which a country prohibits its nationals from broadcasting copyrighted materials without permission; and the extent to which the country provides adequate and effective means for foreign nationals to secure, exercise, and enforce exclusive rights in intellectual property.

5. EXCLUSION FROM DUTY-FREE TREATMENT

The conference agreement provides that duty-free treatment "shall not apply" to textile and apparel articles which are subject to textile agreements; petroleum products; footwear, handbags, luggage, flat goods, work gloves, leather wearing apparel not eligible for GSP; canned tuna; and watches or watch parts of whatever type containing any material which is the product of countries not receiving MFN tariff treatment (certain Communist countries).

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 2973★—Continued

6. IMPORT RELIEF

The conference agreement authorizes the President to suspend duty-free treatment for any article and set new rates under the standard import relief provisions of the Trade Act of 1974 (secs. 201-203) or for national security reasons under sec. 232 of the Trade Expansion Act. Specific findings regarding CBI imports will be made during the course of normal import relief proceedings to allow a range of Presidential action concerning such imports. An "emergency relief" procedure is established for "perishable products" which would allow restoration of normal duties within 21 days pending a final determination on import relief.

7. SECTION 22 APPLICABILITY

The conference agreement provides that no proclamation issued pursuant to this title shall affect fees imposed pursuant to sec. 22 of the AAA.

8. RUM STILLAGE EXEMPTION

The conference agreement exempts nontoxic rum stillage discharges in the Virgin Islands from certain provisions of the Federal Water Pollution Control Act if the discharges are 1500 feet from the shore and are determined by the Virgin Islands Governor not to constitute a health or environmental hazard.

9. IMPACT STUDY BY THE SECRETARY OF LABOR

The conference agreement requires the Secretary of Labor, in consultation with appropriate agencies, to undertake a continuing review and analysis of the impact of the act on U.S. labor and make an annual written report to Congress on the results of such review and analysis.

11. DEDUCTIONS FOR ATTENDING CARIBBEAN CONVENTIONS

The conference agreement allows business expense deductions for attending conventions held in certain Caribbean countries, but only if the country met the following criteria.

First, the country would have to be a "beneficiary country" designated by the President as provided in the trade portion of the bill. In addition, a deduction would be provided for conventions held in Bermuda provided that Bermuda met the other criteria. Second, the country would have to enter into an executive agreement with the United States to provide, on a reciprocal basis, for information relating to U.S. tax matters to be made available to U.S. tax officials. The agreement would have to apply to both civil and criminal tax matters. It would have to override any local rules requiring secrecy about ownership of bank accounts or bearer shares. The agreement would impose on the officials of each country a duty not to disclose this information other than to those involved in its tax administration.

Exchange or bearer share and bank account information for civil tax purposes would not be a necessary part of the agreement if the President determines that such an exception to the standards for an exchange of information agreement is in the security interest of the United States and if the Secretary of the Treasury determines that such an agreement satisfying the modified standards would assist the administration and enforcement of U.S. tax laws.

Third, no deduction would be available for attending a convention in a country found by the Secretary of the Treasury to discriminate in its tax laws against conventions held in the United States.

This Provision would apply to conventions beginning after June 30, 1983, but only if an exchange of information agreement were in effect on the day the convention began.

The Senate amendment retains, as a prerequisite to convention treatment, the requirement that the Caribbean country agree to exchange bearer share and bank account information for criminal tax purposes.

12. REPORT WITH RESPECT TO USE OF CARIBBEAN BASIN TAX HAVENS

The conference agreement requires the Secretary of the Treasury to report on the level at which Caribbean Basin tax havens are being used to evade or avoid Federal taxes and the effect on Federal revenues of such use, on any information he may have on the relationship of such use to drug trafficking and other criminal activities, and on current anti-tax haven enforcement activities of the Department of the Treasury. This report is due 90 days after the date of enactment.

13. SENSE OF THE CONGRESS REGARDING SUGAR IMPORTS

The conference agreement declares it the sense of the Congress that sugar from any Communist country in the Caribbean Basin or in Central America should not be imported into the United States.

III. Enterprise Zones

The conference agreement does not include this provision.

IV. International Trade and Investment Act Provisions

1. PERMANENT EXTENSION OF TAX EXEMPTION FOR INTEREST ON QUALIFIED MORTGAGE BONDS

The conference agreement does not include this provision.

2. DISCHARGE OF RESIDENTIAL MORTGAGE DEBT

The conference agreement does not include this provision.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 3021

To amend the Social Security Act to provide for a program of grants to States to provide health care benefits for the unemployed, and for other purposes.

HOUSE BILL

(The bill would establish a Federal-State entitlement program under title XXI of the Social Security Act for those receiving unemployment compensation benefits, as well as those jobless workers who lost their unemployment benefits within the past 2 years. Participation would be optional with the States. Federal matching payments would range from 50 percent to 100 percent of a State's expenditures under the program, depending upon its unemployment rate. States with very high unemployment rates would not be required to provide any matching funds. A State which elects not to make the program available throughout the State could establish the program in certain cities or counties with high unemployment. The eligibility, benefits, and other program standards would apply in those areas. The Federal matching rate, which would be based on the average unemployment rate in the targeted areas, would range from 50 percent to 95 percent.

States would have a choice of administering these benefits through a public program, using their unemployment compensation offices and medicaid agencies, or through arrangements with private insurers. The same eligibility, benefits, and financing standards would apply to either the public program or alternative private arrangements. States which elected to use existing public agencies to administer the program would also have considerable flexibility. A State could offer persons covered under the program the choice of enrolling in alternative delivery arrangements it has negotiated. A State could also offer eligible individuals the choice of accepting a cash-equivalent payment toward the purchase of coverage selected by the individual.

The Federal-State program would be repealed on Oct. 1, 1986. Over the next 2 years, the bill would increase the availability of private health insurance coverage to the unemployed. During 1984, all employers with 25 or more employees that provide group health benefits would be required to offer an open enrollment period to the unemployed spouses of their employees. By 1985, these employers would be required to arrange for continuation of group health insurance coverage to those losing their jobs during the first 3 months of unemployment. Those out of work for a longer period would be covered under the Federal-State program.

The bill would authorize a program of direct Federal grants to hospitals serving disproportionate numbers of unemployed and other low-income patients with no ability to pay for care. First priority is to go to public and other hospitals that serve as providers of last resort in their communities. The authority would become effective in the current fiscal year, allowing an immediate infusion of funds into communities with severe unemployment. The program would expire on Oct. 1, 1986. This program will allow Congress to appropriate funds to provide immediate assistance to hospitals serving the uninsured unemployed in hard-hit communities.)

MULTIPLE IMPAIRMENTS

Requires the Secretary, in determining the medical severity of an individual's condition, to consider the combined effect of all of the individual's impairments without regard to whether any one impairment itself would be considered severe.

Directs the Secretary to appoint a commission of experts (including significant representation from the field of medicine as well as other appropriate specialties such as law and administration) to conduct a study concerning the evaluation of pain in determining eligibility for disability benefits.

MODIFICATION OF RECONSIDERATION PREVIEW NOTICE

Oct. 21, 1983.—Conference report filed in the House (H. Rept. 98-428).

Oct. 21, 1983.—House and Senate agreed to conference report.

Description of Conference Action

EXTENSION OF FEDERAL SUPPLEMENTAL COMPENSATION (FSC) PROGRAM.

The FSC program, with modifications, would be extended effective from the week of Oct. 23, 1983 through the week of Mar. 31, 1985. (Public Law 98-118, H.R. 4101, extended the current FSC program for 3 weeks, from Sept. 30, 1983 through the week of Oct. 16, 1983.)

TREATMENT OF PAYMENTS TO ESTATE OF DECEASED INDIVIDUALS

With regard to payments made by employers to the estates or survivors of deceased individuals, the Federal unemployment tax (FUTA) definition of taxable wages is conformed with the current social security tax (FICA) definition. As with social security taxes, Federal unemployment taxes will no longer be imposed on such payments after calendar year in which the individual died.

TREATMENT OF CERTAIN ALIEN FARMWORKERS

Extends for 2 years—from Jan. 1, 1984 to Jan. 1, 1986—the provision of current law that excludes wages paid to certain alien farmworkers from FUTA taxes.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 3929★—Continued

REPORTS FROM DEPARTMENT OF LABOR

Requires the Department of Labor to submit reports to Congress no later than Apr. 1, 1984 on (a) the feasibility of targeting FSC benefits to substate areas on the basis of unemployment levels in such substate areas; and (b) the feasibility of identifying "structurally" unemployed workers at the time they claim unemployment compensation benefits.

INCREASE IN TITLE XX SOCIAL SERVICES FUNDS

Provides that the title XX ceiling will be increased to \$2.7 billion for fiscal year 1984 and subsequent fiscal years. The conference agreement strikes the provision in the House bill that targets a portion of the additional funds to unemployment related programs and high unemployment areas within the States. The conferees do intend, however, that States use a portion of the additional title XX funds for services that address problems related to unemployment and, to the extent feasible, direct these funds to areas within the State with the highest levels of unemployment.

DIRECT REPAYMENT OF GENERAL REVENUE ADVANCES

Allows for direct repayment of general revenue advances from the State loan account in the unemployment trust fund, if the Secretary of Labor and the Secretary of the Treasury determine that adequate funds are available in the account for such purpose. This provision would ultimately allow for the full repayment of all outstanding general revenue advances to the FUA account. The provision also requires that any amounts which may have already been transferred under the prior law provisions are to be transferred back to the Federal Unemployment Account as soon as this legislation is enacted.

REPORT ON EFFORTS TO PREVENT INCORRECT UNEMPLOYMENT COMPENSATION PAYMENTS TO RETIREES AND PRISONERS

Requires the Secretary of Labor, the Attorney General, and the Director of the Office of Personnel Management to make available to the States such information about Federal employees, retirees, and prisoners as may be useful in determining unemployment eligibility. The Secretary of Labor is also directed to issue a report to Congress which will detail the actions taken and other steps which could be taken to ensure that unemployment benefits are not paid to certain retired individuals or prisoners. The report should include recommendations for further legislation which might be necessary to aid in preventing such incorrect payments. The report must be submitted to Congress by Jan. 31, 1984.

MANSFIELD FOUNDATION AUTHORIZATION

Authorizes an appropriation of not more than \$5,000,000 to the Department of Education for assistance to the Maureen and Mike Mansfield Foundation in developing the Mansfield Center for Public Affairs and the Maureen and Mike Mansfield Center at the University of Montana.

UNEMPLOYMENT BENEFITS FOR CERTAIN RAILROAD WORKERS

The conference agreement deletes this provision.

EXTENSION OF PROVISIONS RELATING TO DEPENDENT CHILDREN VOLUNTARILY IN FOSTER CARE

The conference agreement omits this provision which was enacted in Public Law 98-118 (H.R. 4101).

CASH-FLOW UNEMPLOYMENT LOANS

This conference agreement omits this provision which was enacted in Public Law 98-118 (H.R. 4101).

EXTENSION OF PERIOD OF CONTINUING PAYMENT OF SOCIAL SECURITY DISABILITY BENEFITS DURING APPEAL

The conference agreement omits this provision because the agreement of the Managers to extend the current law provision through Dec. 7, 1983, has been enacted under Public Law 98-118 (H.R. 4101).

TWO-YEAR DELAY IN SOCIAL SECURITY TREATMENT OF SALARIES OF SENIOR STATUS JUDGES

The conference agreement omits this provision which was enacted in Public Law 98-118 (H.R. 4101).

Oct. 6, 1983.—Passed by the Senate by voice vote (Congressional Record S13824), after agreeing to *Dole amendment No. 2308*, in the nature of a substitute providing the following:

BILL REPORTED

Aug. 2, 1984.—Reported favorably to the Senate (S. Rept. 98-575), with an amendment in the nature of a substitute, as follows:

PERIODS OF EMPLOYEE SERVICE TAKEN INTO ACCOUNT UNDER PENSION, PROFITSHARING, AND STOCK BONUS PLANS

Maximum age conditions: Reduces from 25 to 21 the maximum age a pension, profitsharing, or stock bonus plan (pension plan) generally can require an employee to attain as a condition of becoming a participant in the plan. Additionally, a plan is not permitted to ignore service after age 18 for purposes of determining the vested portion of a participant's benefit. The bill also makes changes to the maximum age conditions for employees of certain educational institutions.

Break in service rules: Provides that, in the case of a nonvested participant, years of service with the employer or employers maintaining a pension plan before any period of consecutive 1-year breaks in service are required to be taken into account for participation and vesting purposes after a break in service unless the number of consecutive 1-year breaks in service equals or exceeds the greater of (1) 5 years or (2) the aggregate number of years of service before the consecutive 1-year breaks in service.

In addition, the bill provides that, in the case of a participant in certain plans, years of service after a break in service must be counted for purposes of determining the vested percentage of the participant's accrued benefit derived from employer contributions before the break in service unless the participant incurs at least 5 consecutive 1-year breaks in service.

Maternity and paternity leave: The bill provides rules relating to crediting of service for cases in which an employee is absent from work because of maternity or paternity leave. Under the bill, certain hours of absence (up to 501 hours) on account of pregnancy, birth, adoption, or certain child care are taken into account in determining whether a break in service has occurred under the participation and vesting rules.

SURVIVOR BENEFIT REQUIREMENTS

Requires a defined benefit or money purchase pension plan to provide automatic survivor benefits (1) in the case of a participant who retires under the plan, in the form of a qualified joint and survivor annuity, and (2) in the case of a vested participant who dies before the annuity starting date and who has a surviving spouse, in the form of a qualified preretirement survivor annuity. An exception is provided under the bill for a money purchase pension plan that is adopted as part of an employee stock ownership plan (ESOP). The automatic survivor benefit also applies to any participant under a profitsharing or stock bonus plan unless (1) the participant does not elect benefits in the form of a life annuity, (2) the plan pays the full vested account balance to the participant's surviving spouse if the participant dies, and (3) the plan is not a direct or indirect transferee of a plan required to provide automatic survivor benefits.

ASSIGNMENT OR ALIENATION OF BENEFITS IN DIVORCE, ETC., PROCEEDINGS

In the case of a judgment, decree, or order relating to child support, alimony payments, or marital property rights pursuant to a State domestic relations law that meets certain requirements (a qualified domestic relations order), the bill clarifies that such order does not result in a prohibited assignment or alienation of benefits under the spendthrift provisions of the code or ERISA preemption rule does not apply to these qualified domestic relations orders.

The bill requires that a qualified domestic relations order identify the parties involved and provide specific instructions for determining the portion of plan benefits payable to an alternate payee (a spouse, former spouse, child, or other dependent) under the order. The bill requires that benefits under the order be in a form otherwise provided by the plan. The bill provides procedures to be followed by the plan administrator when the benefits payable under an order are in dispute.

CASH OUT OF CERTAIN ACCRUED BENEFITS

Provides that a plan is treated as providing nonforfeitable benefits even if the plan provides for a cash out of a separated participant's benefit without the participant's consent if the present value of the benefit does not exceed \$3,500. For purposes of determining the present value of the participant's benefit, the bill provides that a plan may not use an interest rate that is greater than the rate used by the Pension Benefit Guaranty Corporation (PBGC) for valuing a lump-sum distribution upon plan termination.

NOTICE OF FORFEITABILITY OF BENEFITS

Present law requires that a plan furnish a participant with a statement of benefits under certain circumstances. The bill requires that the statement include a notice that certain benefits may be forfeitable in the event the participant dies before a particular date.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4280★—Continued

NOTICE OF ROLLOVER TREATMENT

Under present law, a plan administrator is not required to notify a plan participant receiving a qualifying rollover distribution that the distribution may be rolled over, tax-free, within 60 days after the date of the distribution. The bill requires the plan administrator to provide notice to participants and beneficiaries that distributions may be eligible for (1) rollover to an IRA or another qualified plan or (2) 10-year income averaging. The Secretary of the Treasury is to develop officially approved notices that may be used to satisfy this requirement.

REDUCTION OF ACCRUED BENEFITS

Under present law, a pension plan must provide definitely determinable benefits. A pension plan may not be amended to reduce previously accrued benefits. The bill includes provisions relating to the permitted effect of plan amendments with respect to previously accrued benefits.

STUDY BY THE GENERAL ACCOUNTING OFFICE

The bill directs the General Accounting Office (GAO) to conduct a detailed study of the effect on women of the rules relating to pension, profitsharing, and stock bonus plans. The results of this study are to be reported to various committees of the Congress no later than Jan. 1, 1990.

Special effective dates apply with respect to the qualified survivor benefit provisions and with respect to reductions of accrued benefits.

(Public Law 98-397)

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4325★

Nov. 16, 1983

To amend part D of title IV of the Social Security Act to assure, through mandatory income withholding, incentive payments to States, and other improvements in the child support enforcement program, that all children in the United States who are in need of assistance in securing financial support from their parents will receive such assistance regardless of their circumstances, and for other purposes.

MAJOR ITEMS IN HOUSE BILL

((a) Mandatory withholding from wages of child support when arrearages occur; (b) mandatory intercept of State income tax refunds, in the case of families receiving AFDC, to collect past due support; (c) placing of liens on real and personal property to enforce payment of child support; (d) requiring of bonds, securities or other guarantees when there is a pattern of past due support; and (e) provides for a new system of incentive payments to States to encourage the development of more effective child support enforcement programs.)

COMMITTEE ACTION

Nov. 22, 1983.—Referred to Office of Management and Budget and Departments of the Treasury and Health and Human Services.

Apr. 9, 1984.—Reported favorably to the Senate (S. Rept. 98-387), with an amendment in the nature of a substitute, as follows:

Purpose of the program: Language is added to the statement of purpose assuring that services will be made available to non-AFDC families as well as AFDC families.

Federal matching of administrative costs: The Federal matching share is gradually reduced from 70 percent as follows: 69 percent in fiscal year 1987, 68 percent in fiscal year 1988, 67 percent in fiscal year 1989, 66 percent in fiscal year 1990, and 65 percent in fiscal year 1991 and years thereafter.

Federal incentive payments: The current incentive formula which gives States 12 percent of their AFDC collections (paid for out of the Federal share of the collections) is replaced with a new formula that is designed to encourage States to develop programs that emphasize collections on behalf of both AFDC and non-AFDC families, and to improve program cost effectiveness.

Matching for automated management systems used in income withholding and other procedures: The amendment specifies that the 90 percent Federal matching rate that is available to States that elect to establish an automatic data processing and information retrieval system may be used, at the option of the State, for the development and improvement of the income withholding and other procedures required in the bill through the monitoring of child support payments, the maintenance of accurate records regarding the payment of child support, and the provision of prompt notice to appropriate officials with respect to any arrearages that occur.

The amendment also specifies that the 90 percent matching is available to pay for the acquisition of computer hardware.

Improved child support enforcement through required State laws and procedures: States are required to enact laws establishing the following procedures with respect to their IV-D cases.

(1) Mandatory wage withholding for all IV-D families (AFDC and non-AFDC) if support payments are delinquent in an amount equal to 1 month's support. States must also allow absent parents to request withholding at an earlier date.

(2) Imposing liens against real and personal property for amounts of overdue support.

(3) Withholding of State tax refunds payable to a parent of a child receiving IV-D services, if the parent is delinquent in support payments.

(4) Making available information regarding the amount of overdue support owed by an absent parent, to any consumer credit bureau, upon request of such organization.

(5) Requiring individuals who have demonstrated a pattern of delinquent payments to post a bond, or give some other guarantee to secure payment of overdue support.

(6) Establishing expedited processes within the State judicial system for determining paternity and obtaining and enforcing child support orders. Decisions or recommendations resulting from the expedited process must be reviewed (i.e., ratified, modified, or remanded) by judges of the courts. Appellate review would be conducted by the regular court system at the request of either party.

(7) notifying each AFDC recipient at least once each year of the amount of child support collected on behalf of that recipient.

The Secretary may grant an exemption to a State or political subdivision from the required procedures, subject to later review, if the State can demonstrate that such procedures will not improve the efficiency and effectiveness of the State IV-D program.

Fees for services to non-AFDC families: States will be required to charge an application fee for non-AFDC cases not to exceed \$25.

Periodic review of State programs; modification of penalty: The Director of the Federal Office of Child Support Enforcement is required to establish standards of performance and to conduct audits at least every 3 years to determine whether the standards and other requirements have been met.

Special project grants to promote improvement in interstate enforcement: The Secretary is authorized to make demonstration grants to States which propose to undertake new or innovative methods of support collection in interstate cases. The authorization is \$5 million in 1985, \$10 million in 1986, and \$15 million in 1987 and years thereafter.

Extension of sec. 1115 demonstration authority to the child support program: The sec. 1115 demonstration authority is expanded to include the child support enforcement program under specified conditions.

Modification in content of annual report by the Secretary: The present annual report information requirements are expanded to include data needed to evaluate State programs.

Child support enforcement for certain children in foster care: State child support agencies are required to undertake child support collections on behalf of children receiving foster care maintenance payments under title IV-E, if an assignment of rights to support to the State has been secured by the foster care agency.

Continuation of support enforcement for AFDC recipients whose benefits are being terminated: States must provide that families whose eligibility for AFDC is terminated due to the receipt of (or increase in) child support payments will be automatically transferred from AFDC to non-AFDC status under the IV-D program, without requiring application for IV-D services.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4325★—Continued

Increased availability of Federal parent locator services to State agencies: The present law requirement that the States exhaust all State child support locator resources before they request the assistance of the Federal Parent Locator Service is repealed. Availability of social security numbers for purposes of child support enforcement: The absent parent's social security number may be disclosed to child support agencies both through the Federal Parent Locator Service and by IRS.

Limitation on discharge in bankruptcy of child support obligations: The Bankruptcy Act is amended to provide that obligations that have been assigned to the State on behalf of a non-AFDC child as part of the IV-D enforcement process may not be discharged in bankruptcy. (Current law prohibits discharge in bankruptcy for obligations assigned to the State on behalf of an AFDC child.

Collection of overdue support from Federal tax refunds: Current law requires the Secretary of the Treasury, upon receiving notice from a State child support agency that an individual owes past due support which has been assigned to the State as a condition of AFDC eligibility, to withhold from any tax refunds due that individual an amount equal to any past due support. The committee amendment extends this requirement to provide for withholding of refunds on behalf of non-AFDC families, under specified conditions.

Guidelines for determining support obligations: Each State must develop guidelines to be considered in determining support obligations.

Wisconsin child support initiative: The Secretary of HHS is required to grant waivers to the State of Wisconsin to allow it to implement its proposed child support initiative in all or parts of the State as a replacement for the AFDC and child support programs.

Sense of the Congress that State and local governments should focus on the problems of child custody, child support, and related domestic issues: The committee amendment incorporates the language of S. Con. Res. 84 urging State and local governments to focus on the vital issues of child support, child custody, visitation rights, and other related domestic issues that are within the jurisdictions of such governments.

Aug. 1, 1984.—Senate agreed to conference report, by unanimous rollcall vote of 99 yeas (Congressional Record S9582).

Description of Conference Items

STATEMENT OF PURPOSE

The conference agreement follows the House bill and the Senate amendment.

REQUIRED STATE PROCEDURES

The conference agreement includes the provision that is in both the House bill and the Senate amendment requiring the States to have laws establishing specified child support enforcement procedures for use in their IV-D programs.

INCOME WITHHOLDING

The conference agreement follows the House bill and the Senate amendment.

EXPEDITED PROCEDURES

The conference agreement mandates that the States use expedited processes, but allows them to determine whether they are under the judicial system or administrative processes. States are permitted but not required to include paternity establishment in their expedited process. The Secretary may waive the requirement for political subdivisions within a State as provided in the Senate amendment.

STATE INCOME TAX REFUND OFFSETS

The conference agreement follows the Senate amendment.

LIENS AGAINST PROPERTY

The conference agreement follows the Senate amendment with an amendment deleting the reference to "appropriate" cases.

PATERNITY STATUTE OF LIMITATIONS

The conference agreement follows the House bill.

SECURITY OR BOND IN CERTAIN CASES

The conference agreement follows the Senate amendment with an amendment deleting the reference to "appropriate cases."

PROVIDING INFORMATION ON OVERDUE SUPPORT TO CREDIT AGENCIES

The conference agreement follows the Senate amendment.

TRACKING AND MONITORING OF SUPPORT PAYMENTS BY PUBLIC AGENCY

The conference agreement follows the House bill with an amendment making the provision optional with the State.

NOTIFICATION TO AFDC RECIPIENT OF SUPPORT COLLECTED

The conference agreement follows the Senate amendment.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4325★—Continued

DEFINITIONS

The conference agreement follows the Senate amendment with modifications to strike the Secretary's authority to establish the minimum period of time, and to require the collection of spousal support if the State is otherwise required to collect spousal support as provided under sec. 12 of the conference agreement.

EXEMPTION AUTHORITY

The conference agreement follows the Senate amendment.

EFFECTIVE DATE

The conference agreement provides for an effective date of Oct. 1, 1985 and provides that if a State cannot, by reason of State law, comply with the requirement of a provision mentioned above, the Secretary may waive the requirement of such provision until the beginning of the fourth month beginning after the close of the first session of such State's legislature ending on or after Oct. 1, 1985.

FEDERAL MATCHING OF ADMINISTRATIVE COSTS

The conference agreement provides for Federal matching of administrative costs as follows: 70 percent for fiscal years 1984, 1985, 1986, and 1987; 68 percent for fiscal years 1988 and 1989; and 66 percent for fiscal year 1990 and years thereafter.

FEDERAL INCENTIVE PAYMENTS

The conference agreement follows the Senate amendment with an amendment providing that the incentive paid for non-AFDC collections will be capped at an amount equal to 100% of the incentive for AFDC collections in fiscal years 1986, and 1987, 105% in fiscal year 1988, 110% in fiscal year 1989, and 115% in fiscal year 1990 and any fiscal year thereafter. The agreement also provides that for fiscal year 1985, the amount of the AFDC incentive will be calculated on the basis of AFDC collections without regard to the provision added by the Deficit Reduction Act of 1984 that requires that the first \$50 collected on behalf of an AFDC family in any month must be paid to the family without reducing the amount of the AFDC payment to the family.

NINETY PERCENT MATCHING FOR AUTOMATED MANAGEMENT SYSTEMS USED IN INCOME WITHHOLDING AND OTHER REQUIRED PROCEDURES

The conference agreement follows the Senate amendment.

FEEES FOR SERVICES

The conference agreement follows the Senate amendment with several modifications. States are required to charge an application fee as proposed by the Senate but the managers wish to clarify that the HHS Secretary's authority to adjust the fee beginning in FY 86 pertains only to the maximum allowable fee. The conference agreement also establishes a late payment fee that is optional to the States and limits the fee to between 3 and 6 percent. States may provide for these fees to be retained by the jurisdiction making the collection. In such a case, the collecting jurisdiction would be able to utilize the income generated by the fees to cover enforcement costs not otherwise funded by the State. To the extent such costs were met from the fees, they would not be subject to matching.

CONTINUATION OF SERVICES FOR FAMILIES THAT LOSE AFDC ELIGIBILITY

The conference agreement follows the House bill, but with an amendment providing for the effective date in the Senate amendment.

SPECIAL PROJECT GRANTS TO PROMOTE IMPROVEMENTS IN INTERSTATE ENFORCEMENT

The conference agreement follows the House bill with an amendment authorizing \$7 million in fiscal year 1985, \$12 million in fiscal year 1986, \$15 million in fiscal year 1987 and years thereafter.

PERIODIC REVIEW OF EFFECTIVENESS OF STATE PROGRAMS; MODIFICATION OF PENALTY

The conference agreement follows the Senate amendment with several modifications: (1) audits are to be performed on the basis of substantial compliance as defined in the Senate amendment; (2) the Secretary of HHS is required to approve State corrective action plans designed to achieve substantial compliance; and (3) the Secretary may suspend penalties to allow States to implement approved corrective action plans. If at the end of the corrective action period substantial compliance has been achieved, no penalty would be due. If substantial compliance has not been achieved, penalties would begin at the end of the corrective action period if the State has implemented the corrective action plan.

EXTENSION OF SEC. 1115 DEMONSTRATION AUTHORITY TO CHILD SUPPORT ENFORCEMENT

The conference agreement follows the Senate amendment.

CHILD SUPPORT ENFORCEMENT FOR CERTAIN CHILDREN IN FOSTER CARE

The conference agreement follows the House bill and the Senate amendment, but with an effective date of Oct. 1, 1984.
