### I. RULES OF PROCEDURE

Rule 1. *Regular Meeting Days.*—The regular meeting day of the committee shall be the second and fourth Tuesday of each month, except that if there be no business before the committee the regular meeting shall be omitted.

Rule 2. *Committee Meetings.*—(a) Except as provided by paragraph 3 of Rule XXVI of the Standing Rules of the Senate (relating to special meetings called by a majority of the committee) and subsection (b) of this rule, committee meetings, for the conduct of business, for the purpose of holding hearings, or for any other purpose, shall be called by the chairman. Members will be notified of committee meetings at least 48 hours in advance, unless the chairman determines that an emergency situation requires a meeting on shorter notice. The notification will include a written agenda together with materials prepared by the staff relating to that agenda. After the agenda for a committee meeting is published and distributed, no nongermane items may be brought up during that meeting unless at least two-thirds of the members present agree to consider those items.

(b) In the absence of the chairman, meetings of the committee may be called by the ranking majority member of the committee who is present, provided authority to call meetings has been delegated to such member by the chairman.

Rule 3. *Presiding Officer.*—(a) The chairman shall preside at all meetings and hearings of the committee except that in his absence the ranking majority member who is present at the meeting shall preside.

(b) Notwithstanding the rule prescribed by subsection (a) any member of the committee may preside over the conduct of a hearing.

Rule 4. *Quorums.*—(a) Except as provided in subsection (b) one-third of the membership of the committee, including not less than one member of the majority party and one member of the minority party, shall constitute a quorum for the conduct of business.

(b) Notwithstanding the rule prescribed by subsection (a) one member shall constitute a quorum for the purpose of conducting a hearing.

Rule 5. *Reporting of Measures or Recommendations.*—No measure or recommendation shall be reported from the committee unless a majority of the committee is actually present and a majority of those present concur.

Rule 6. *Proxy Voting; Polling.*—(a) Except as provided by paragraph 7(a)(3) of Rule XXVI of the Standing Rules of the Senate (relating to limitation on use of proxy voting to report a measure or matter), members who are unable to be present may have their vote recorded by proxy.

(b) At the discretion of the committee, members who are unable to be present and whose vote has not been cast by proxy may be polled for the purpose of recording their vote on any rollcall taken by the committee.

Rule 7. *Order of Motions.*—When several motions are before the committee dealing with related or overlapping matters, the chairman may specify the order in which the motions shall be voted upon.

The vote on a motion to continue debate on any motion or amendment shall be taken without debate.

Rule 9. *Public Announcement of Committee Votes.*—Pursuant to paragraph 7(b) of Rule XXVI of the Standing Rules of the Senate (relating to public announcement of votes), the results of rollcall votes taken by the committee on any measure (or amendment thereto) or matter shall be announced publicly not later than the day on which such measure or matter is ordered reported from the committee.

Rule 11. *Nominations.*—In considering a nomination, the committee may conduct an investigation or review of the nominee's experience, qualifications, and suit-

ability, to serve in the position to which he or she has been nominated. To aid in such investigation or review, each nominee may be required to submit a sworn detailed statement including biographical, financial, policy, and other information which the committee may request. The committee may specify which items in such statement are to be received on a confidential basis. Witnesses called to testify on the nomination may be required to testify under oath.

Rule 12. *Open Committee Hearings.*—To the extent required by paragraph 5 of Rule XXVI of the Standing Rules of the Senate (relating to limitations on open hearings), each hearing conducted by the committee shall be open to the public.

Rule 14. *Witnesses at Hearings.*—(a) Each witness who is scheduled to testify at any hearing must submit his written testimony to the staff director not later than noon of the business day immediately before the last business day preceding the day on which he is scheduled to appear. Such written testimony shall be accompanied by a brief summary of the principal points covered in the written testimony. Having submitted his written testimony, the witness shall be allowed not more than 10 minutes for oral presentation of his statement.

(b) Witnesses may not read their entire written testimony, but must confine their oral presentation to a summarization of their arguments.

(c) Witnesses shall observe proper standards of dignity, decorum, and propriety while presenting their views to the committee. Any witness who violates this rule shall be dismissed, and his testimony (both oral and written) shall not appear in the record of the hearing.

Persons creating confusion or distractions or otherwise disrupting the orderly proceeding of the hearing shall be expelled from the hearing.

Rule 16. *Broadcasting of Hearings.*—(a) Broadcasting of open hearings by television or radio coverage shall be allowed upon approval by the chairman of a request filed with the staff director not later than noon of the day before the day on which such coverage is desired.

(b) If such approval is granted, broadcasting coverage of the hearing shall be conducted unobtrusively and in accordance with the standards of dignity, propriety, courtesy, and decorum traditionally observed by the Senate.

(c) Equipment necessary for coverage by television and radio media shall not be installed in, or removed from, the hearing room while the committee is in session.

(d) Additional lighting may be installed in the hearing room by the media in order to raise the ambient lighting level to the lowest level necessary to provide adequate television coverage of the hearing at the then current state of the art of television coverage.

(e) The additional lighting authorized by subsection (d) of this rule shall not be directed into the eyes of any members of the committee or of any witness, and at the request of any such member or witness, offending lighting shall be extinguished.

Rule 17. *Subcommittees.*—(a) The chairman, subject to the approval of the committee, shall appoint legislative subcommittees. All legislation shall be kept on the full committee calendar unless a majority of the members present and voting agree to refer specific legislation to an appropriate subcommittee.

(b) The chairman may limit the period during which House-passed legislation referred to a subcommittee under paragraph (a) will remain in that subcommittee. At the end of that period, the legislation will be restored to the full committee calendar. The period referred to in the preceding sentences should be 6 weeks, but may be extended in the event that adjournment or a long recess is imminent.

(c) All decisions of the chairman are subject to approval or modification by a majority vote of the committee.

(d) The full committee may at any time by majority vote of those members present discharge a subcommittee from further consideration of a specific piece of legislation.

(e) The chairman and ranking minority member shall serve as nonvoting *ex officio* members of the subcommittees on which they do not serve as voting members.

(f) Any member of the committee may attend hearings held by any subcommittee and question witnesses testifying before that subcommittee.

(g) Subcommittee meeting times shall be coordinated by the staff director to ensure that—

(1) no subcommittee meeting will be held when the committee is in executive session, except by unanimous consent;

(2) no more than one subcommittee will meet when the full committee is holding hearings; and

(3) not more than two subcommittees will meet at the same time.

Notwithstanding paragraphs (2) and (3), a subcommittee may meet when the full committee is holding hearings and two subcommittees may meet at the same time only upon the approval of the chairman and the ranking minority member of the committee and subcommittees involved.

(h) All nominations shall be considered by the full committee.

(i) The chairman will attempt to schedule reasonably frequent meetings of the full committee to permit consideration of legislation reported favorably to the committee by the subcommittees.

Rule 18. *Transcripts of Committee Meetings.*—An accurate record shall be kept of all markups of the committee, whether they be open or closed to the public. A transcript, marked as “uncorrected,” shall be available for inspection by Members of the Senate, or members of the committee together with their staffs, at any time. Not later than 21 business days after the meeting occurs, the committee shall make publicly available through the Internet—

(a) a video recording;

(b) an audio recording; or

Notwithstanding the above, in the case of the record of an executive session of the committee that is closed to the public pursuant to Rule XXVI of the Standing Rules of the Senate, the record shall not be published or made public in any way except by majority vote of the committee after all members of the committee have had a reasonable opportunity to correct their remarks for grammatical errors or to accurately reflect statements made.

Rule 19. *Amendment of Rules.*—The foregoing rules may be added to, modified, amended, or suspended at any time.

## TAX

### SUMMARY OF ACTIVITIES

During the 113th Congress, the Senate Finance Committee played a critical role in maintaining funding for the nation's infrastructure and in preventing tax increases from expiring provisions for American families and businesses. The Committee also continued the push for comprehensive tax reform, publishing ten bipartisan papers on tax reform options, which covered important policy questions on individual and corporate taxation.

A series of hearings held by the Senate Finance Committee during the 113th Congress examined several options related to tax reform and tax compliance, including hearings on education incentives, international taxation, retirement savings, and energy tax incentives.

#### *2014 Legislation*

On April 3, 2014, the Committee reported S. 2260, the Expiring Provisions Improvement, Reform, and Efficiency (EXPIRE) Act, which provided a 2-year extension of various expired and expiring tax code provisions in order to provide taxpayers with certainty and to build a bridge to tax reform. On May 7, 2014, Chairman Wyden proposed the text of S. 2260 as an amendment to a House-passed revenue bill, H.R. 3474, but the Senate failed to invoke cloture on the Wyden amendment by a vote of 53–40.

On April 3, 2014, the Committee reported S. 2261, the Tax Technical Corrections Act of 2014.

On July 10, 2014, the Committee voted to report an original bill, The Preserving America's Transit and Highways (PATH) Act. The bill provided an extension of highway fund expenditures and provided revenue for highway programs primarily through improvements in tax compliance. On July 29, 2014, the Senate agreed to the provisions of the PATH Act as an amendment to H.R. 5021, the Highway and Transportation Funding Act, which provided revenue for highway programs primarily by reducing private pension funding requirements and increasing customs fees. The bill was further amended by Senate amendment no. 3583. On July 31, 2014, the House of Representatives disagreed to the Senate amendments, and the Senate receded from its amendments and passed H.R. 5021, which became law on August 8, 2014 (Pub. L. No. 113–159).

On December 16, 2014, H.R. 5771, the Tax Increase Prevention Act, was passed in the Senate. The bill extends certain expiring provisions and makes technical corrections, and provides for the tax treatment of ABLE accounts established under State programs for the care of family members with disabilities. It became law on December 19, 2014 (Pub. L. No. 113–295).

## HEALTH

### SUMMARY OF ACTIVITIES

Throughout the 113th Congress, the committee held hearings on and favorably reported a bipartisan bill to permanently repeal and replace Medicare's flawed physician sustainable growth rate (SGR) formula. The bill replaces the SGR formula with a payment system that emphasizes quality and value while ensuring that physicians do not receive arbitrary payment cuts that are currently mandated by the SGR formula.

During the course of the Congress, the committee also held hearings that focused on improving the Medicare and Medicaid Programs for beneficiaries and providers alike.

The committee also focused on oversight of the implementation of the Affordable Care Act. Multiple hearings were held to receive and discuss progress reports from the implementing agencies and departments, both at the Federal and state levels. The committee produced bipartisan, bicameral legislation which standardized post-acute care assessment data for quality, payment, and discharge planning, called the Improving Medicare Post-Acute Care Transformation (IMPACT) Act. The IMPACT Act, specifically increased oversight of hospice agencies through a survey and certification process, audits of agencies with long hospice stays above a set threshold, and an updated method for calculating the hospice payment cap. The House passed companion legislation, H.R. 4994, unanimously on September 16, 2014, and on September 18, 2014, the Senate passed the same bill by unanimous consent. H.R. 4994 was signed by the President and became law on October 2, 2014 (Pub. L. 113-185).

During the second session, Sylvia Mathews Burwell's nomination for Secretary of the Department of Health and Human Services was favorably reported out of Committee. Her nomination was later confirmed by the full Senate by a 78-17 vote.

### LEGISLATION

December 12, 2013—Mark up: "An Original Bill to Repeal the Sustainable Growth Rate System and to Consider Health Care Extenders," S. 1871. The purpose of this mark-up was to consider legislation that would repeal Medicare's SGR and replace it with policies that improve the existing fee-for-service system through a value-based performance program, provide an accurate valuation of services, improve chronic care management, and encourage evidence-based care. The legislation also would encourage the adoption of alternative payment models, such as accountable care organizations, patient-centered medical homes, bundled payments, and data transparency among providers. Finally, the bill

would extend funding for other health services for Medicare and Medicaid and other programs. Although S. 1871 was not taken up on the Senate floor, on March 31, 2014, the Senate passed H.R. 4302, the Protecting Access to Medicare Act of 2014, which suspended the SGR increase, and extended various health programs, until March 31, 2015. The bill was signed by the President and became law on April 1, 2014 (Pub. L. 113–93).

## OVERSIGHT AND INVESTIGATIONS

### SUMMARY OF ACTIVITIES

#### *IRS 501(c)(4) Investigation*

Chairman Baucus and Chairman Wyden, working with Ranking Member Hatch, undertook a bipartisan investigation into the IRS's processing of applications for tax-exempt status. In May, 2013, the Treasury Inspector General for Tax Administration (TIGTA) found that the IRS "used inappropriate criteria that identified for review Tea Party and other organizations applying for tax-exempt status." In response, on May 21, 2013, the Committee held a hearing on the matter, "A Review of Criteria Used by the IRS to Identify 501(c)(4) Applications for Greater Scrutiny." The Committee also undertook an extensive bipartisan investigation. In total, Committee investigators interviewed 30 IRS and Treasury Department employees and reviewed nearly a million documents. On June 13, 2014, the IRS informed Chairman Wyden and Ranking Member Hatch that it could not produce all responsive emails sent and received from January 2009 through April 2011 by the former director of the IRS Exempt Organizations Division Lois Lerner, who is a central figure in the alleged misconduct at the IRS, due to a hard drive crash. On June 23, 2014, the Chairman and Ranking Member requested that TIGTA investigate the nature of the hard drive crash and whether emails sent or received by Lerner could be recovered. Committee staff closely monitored TIGTA's efforts as it undertook a forensic analysis of IRS data backups. In November 2014, TIGTA informed the Committee that it has potentially identified missing Lerner emails on IRS disaster recovery tapes and would produce them to the Committee in a readable format as soon as it was feasible. Chairman Wyden and Ranking Member Hatch issued a joint press release stating that they are unable to release their report before the end of the 113th Congress but expect to release it in early 2015 after they review TIGTA's findings along with any additional recovered emails.

#### *Tax Avoidance by Hedge Funds through Off-Shore Reinsurance Companies*

In June 2014, Chairman Wyden initiated an inquiry into a growing trend of the formation and investment in off-shore reinsurance companies by U.S.-based hedge funds. Under the tax code, investments in insurance companies are subject to exceptions from foreign passive investment tax rules. At issue is whether or not the offshore companies are substantially engaged in the insurance business as defined by U.S. tax law. Chairman Wyden wrote to the Secretary of the Treasury and to the IRS Commissioner asking what actions had been taken to stem this practice. He also asked

the Joint Committee on Taxation (JCT) to prepare an analysis of the use of this tax avoidance practice. The Joint Committee staff provided a memorandum to the Chairman at the end of July 2014 in response to this request. Among other findings, the JCT staff documented the fact that several U.S. hedge fund-backed reinsurance companies were only representationally in the insurance business with two such companies having insurance risk equal to less than 1 percent of their invested assets. Chairman Wyden formally forwarded the JCT analysis to the Treasury Department in September, 2014, with a follow-up request for clarification on why such practices were consistent with U.S. tax law and asked that Treasury identify countries which presented obstacles to IRS enforcement.

#### *Pricing of Specialty Drugs*

In July 2014, Chairman Wyden and Senator Grassley, in his capacity as a member of the Committee, initiated an investigation into the pricing of Sovaldi, a drug for treatment of Hepatitis C, a viral disease affecting roughly 2.7 million Americans. The high cost of the drug, between \$84,000 and \$168,000 for a standard course of treatment depending upon the genotype of the disease and patient characteristics, represents a substantial cost to the U.S. health care system, especially to Medicare and Medicaid programs within the Committee's jurisdiction. The cost of specialty drugs is a growing share of the total cost of prescription drugs within the U.S. health care system. By one recent estimate, specialty drugs, such as Sovaldi, could account for 50 percent of U.S. drug spending by 2019. While the manufacturer of Sovaldi—Gilead Science, Inc.—has provided some of the information and documentation requested, a substantial amount of the information requested in the Senators' initial July 2014 letter has not yet been provided, and additional collection and investigation is continuing.

#### *IRS Whistleblower Programs*

In June 2014, Chairman Wyden and Ranking Member Hatch made two related requests to the U.S. Government Accountability Office (GAO) to ask GAO to conduct reviews of IRS programs where information on suspected tax violations is collected from outside parties. Under Section 7623 of the Internal Revenue Code, the IRS is required to pay informants rewards for information that successfully results in high-value tax collections of \$2 million or more. Between 9,000 and 10,000 such claims are made a year to the IRS Whistleblower Office. The IRS also has a program for receiving information from any informant that may relate to tax violations which receives upwards of 100,000 tips a year, which operates separately from the Section 7623 program. The GAO has been asked to look at each program to evaluate how effectively the IRS is using outside information it receives from these sources.

#### *Avoidance and Evasion of Tobacco Excise Taxes*

In March 2014, Chairman Wyden requested that the GAO update work that it had previously done concerning efforts by tobacco companies to avoid and evade tobacco excise taxes related to cigarettes. Cigarette excise taxes were increased in 2009 to provide

funding for reauthorization of the Children’s Health Insurance Program (CHIP), legislation reported by the Committee—the Children’s Health Insurance Reauthorization Act of 2009. This legislation not only increased the tax on cigarettes, but it also applied this rate to roll-your-own cigarette tobacco and to small cigars that could be substituted for cigarettes in an effort to prevent circumvention of the new tax rates. As documented by GAO, tobacco companies are circumventing the higher tax on cigarettes by deliberately re-labeling and selling roll-your-own tobacco as pipe tobacco, which is taxed at a lower rate, and adding additional weight and fillers to small cigars to allow them be classified as large cigars, which are also generally taxed at a lower ad valorem rate. In its update, GAO concluded that between \$2.6 billion and \$3.7 billion in excise tax revenue has been lost, to date, as a result of these practices. The Treasury Department’s regulatory arm—the Alcohol, Tobacco Tax and Trade Bureau (TTB)—has intermittently contemplated regulations to tighten the definitions of cigarettes and cigars and pipe tobacco to close these loopholes, but has failed to complete any of them. The Committee held a hearing on this subject in July 2014 entitled “Tobacco: Taxes Owed, Avoided, and Evaded.” TTB testified that it would propose new regulations, at least with regard to pipe tobacco, by the beginning of 2015. In August 2014, Chairman Wyden and Ranking Member Hatch requested that GAO pursue inquiries regarding two related tobacco tax issues: illicit imports that evade Federal taxation and e-cigarette manufacture and distribution. E-cigarettes constitute a growing part of the smoking market, but are not subject to Federal excise taxes because they are not tobacco products under the tax code even if the nicotine they contain is derived from tobacco.
