Subject: Specific Data on AOC complaint...

I wanted to forward some detailed information regarding the concerns that I had expressed in my formal complaint. This data gives specific data, including contact information, case numbers, dates, and incidents. I thought it might go a long way in assisting with the investigation, as it pertains to narrowing the focus. Some of the information may be beneficial to your concerns, while other data may be regulated by CMS, the FDA, or the AATB. I'm not the expert on where to send what... I have just taken the time to journal specific data.
