
DISABLED EMERGENCY OFFICERS' RETIREMENT ACT

LETTER

FROM

THE DIRECTOR OF THE UNITED STATES VETERANS' BUREAU
TRANSMITTING, IN RESPONSE TO SENATE RESOLUTION 301,
CERTAIN INFORMATION IN CONNECTION WITH THE ADMINIS-
TRATION OF THE DISABLED EMERGENCY OFFICERS' RETIRE-
MENT ACT

JANUARY 31 (calendar day, FEBRUARY 1), 1929.—Referred to the Committee on
Finance and ordered to be printed

UNITED STATES VETERANS' BUREAU,
Washington, January 30, 1929,

HON. CHARLES G. DAWES,
President of the United States Senate,
Washington, D. C.

MY DEAR MR. VICE PRESIDENT: I am in receipt of Senate Resolu-
tion 301, dated January 24 (calendar day, January 25), 1929, request-
ing and directing that the Director of the Veterans' Bureau furnish
the Senate at the earliest possible moment certain information in
connection with the administration of the disabled emergency
officers' retirement act (the Tyson-Fitzgerald Act).

It is first requested that there be furnished the names and addresses
of all emergency officers in the Army who at the time of the final
passage of the Tyson-Fitzgerald Act were disabled, as shown by the
records of the bureau, to the extent of 30 per cent or more. In view
of the fact that the benefits under the Tyson-Fitzgerald Act are
payable only to those officers who are 30 per cent permanently dis-
abled, I have assumed that the first item of the Senate resolution
applies only to such officers, and in the list furnished herewith there
are included the names of only those officers who were 30 per cent
permanently disabled. Attention is invited to the fact that the list
has been prepared to include also officers of the Navy and Marine
Corps. This list is attached and is designated as Exhibit A.

It will be noted in connection with your study of this list that there
is shown opposite each name the percentage of disability obtaining

at the time of the passage of the act as well as the percentage of disability obtaining at the present time, where the disability rating has changed since the passage of the act. This list (Exhibit A), therefore, will meet the requirements of the fourth item of the Senate resolution.

It is next requested that there be furnished the Senate the names of all officers to whom the benefits of the act have been awarded by the bureau since the passage of the act. This list is attached hereto and is marked "Exhibit B," and shows not only those who have been awarded retirement with pay, but those who have been awarded retirement without pay. This list includes 1,134 officers retired with pay and 90 retired without pay. However, the bureau's work in connection with the administration of the Tyson-Fitzgerald Act is, of course, in a continuous state of flux and there are many cases wherein retirement has been recommended by the emergency officers' retirement board but which have not yet had the final action of the bureau effecting the retirement. The names of these officers, in whose cases retirement has not been finally effected, are not included in Exhibit B because of the administrative impracticability of doing so. For your information, however, you are advised that whereas the attached list (Exhibit B) shows only 1,134 officers retired with pay and 90 retired without pay, the report of January 29, 1929, of the retirement board indicates that recommendations have been submitted for the retirement of 1,578 officers with pay and 227 officers without pay.

The Senate resolution requests, third, the names of all officers who were drawing disability pay because of disabilities of more than 30 per cent at the date of the passage of the Tyson-Fitzgerald Act who have been denied the benefits of that act. This list is not being submitted for the reason that any such list now compiled would be inaccurate and would give rise to considerable misunderstanding. In the original considerations by the retirement board of the Veterans' Bureau of claims under the Tyson-Fitzgerald Act, because of the wording of the law specifically calling for a positive finding of disability incurred in line of duty and directly the result of war service it was assumed by the bureau that the law did not comprehend those cases rated 30 per cent or more permanently disabled whose service connection was established by virtue of the presumptive provisions in section 200 of the World War veterans' act, as amended. Under the terms of the two opinions of the Attorney General dated January 18, 1929, these cases now become eligible for retirement provided they meet the other terms of the act and, consequently, it is necessary for the bureau to review its disallowances thus far made, which will result in many cases heretofore disallowed being allowed the benefits of retirement. For your information, there have been disallowed to date by the retirement board 2,291 claims for retirement. It has been estimated, roughly, that the review of these disallowances to be made under the opinions of the Attorney General will result in taking favorable action in possibly 50 per cent of the total thus far disallowed. I should be glad to furnish the Senate a complete list of disallowances immediately upon completion of the review now under way.

The Senate resolution requests, fourth, the names of all emergency officers drawing pay at the time of the passage of the act because of disabilities of more than 30 per cent whose disability pay has been

reduced since the passage of the act. As I have stated above, this list is included under Exhibit A and, as stated above, has been limited to the names of those disabled officers whose rating at the time of the passage of the act was 30 per cent or more permanently disabled.

The Senate resolution requests, fifth, whether or not examinations were held in each case where application for retirement has been filed to determine again the percentage of disability. You are advised that on July 12, 1928, the following instructions were issued:

Reexaminations will not be necessary when the case is forwarded to central office upon request of the assistant director, adjudication service, in the following instances:

1. Whenever the officer whose compensable disability, directly connected with service and incurred in line of duty, results from amputation, enucleation, organic blindness, organic deafness, organic loss of speech, fractures, scars, peripheral or cranial nerve injuries, disfigurements or ankyloses.

2. Whenever the officer has had a complete physical examination by a board of three, as herein provided, within a period of 90 days of the request by the assistant director, adjudication service.

Furthermore, on August 9, 1928, the following instruction was issued:

In cases of combined ratings involving both permanent and temporary elements, no examination will be necessary where it is found that the permanent element or elements in the combined rating was assigned for one of the disabilities enunciated in paragraph 5, subparagraph 1, of the letter of July 12, 1928, which permanent disability or permanent disabilities are service incurred and in line of duty and the rating for the single permanent disability or the combined permanent disabilities when there are several is permanent partial 30 per cent or in excess thereof.

You are advised that the reexamination and review of these cases was, in my opinion, specifically authorized under the act by virtue of the provisions in the World War veterans' act, as amended, and this action by the bureau in reexamining and reviewing certain cases has been upheld by both the Comptroller General and the Attorney General of the United States.

For the information of the Senate, you are advised that to January 29, 1929, 8,053 applications have been received for the benefits of the Tyson-Fitzgerald Act.

Respectfully,

FRANK T. HINES, *Director.*

EXHIBIT A

Emergency officers rated permanent partial 30 per cent or more prior to the passage of emergency officers' retirement act
