INVESTIGATION OF COST OF PRODUCTION OF CHINA

JANUARY 24 (legislative day, JANUARY 10), 1952.—Ordered to be printed

Mr. HOEY, from the Committee on Finance, submitting the following

R E P O R T

[To accompany S. Res. 253]

The Committee on Finance, to whom was referred the resolution (S. Res. 253) requesting the Tariff Commission to make an investigation of cost of production of china and other products, having considered the same, report favorably thereon without amendment and recommend that the resolution do pass.

This resolution requests the Tariff Commission to immediately initiate and carry out an investigation under the provisions of section 336 of the Tariff Act of 1930, as amended, with respect to the china table and kitchen articles specified in paragraph 212 of the Tariff Act of 1930.

It is the opinion of your committee that a comparative cost of production study covering chinaware in the United States and Japan will be exceedingly helpful in negotiating future trade agreements on such products.
