Jan. 23, 1981.—Referred to Office of Management and Budget and Department of the Treasury.

S. 173★

Jan. 21, 1981

MR. THURMOND

To amend the adjustment assistance programs for workers and firms under the Trade Act of 1974.

(Bill:

- (a) requires workers to exhaust their regular unemployment insurance benefits before receiving trade adjustment benefits; these benefits would then be limited to a weekly amount no greater than that received from unemployment insurance benefits.
- (b) restores the eligibility requirement that increased imports be the primary cause of injury to workers and firms; these changes would result in only those workers or firms truly impacted by increased imports receiving trade adjustment assistance; in addition, requiring that regular unemployment benefits be exhausted first would significantly lengthen the period of income protection for those unable to secure alternative employment.
- (c) extends trade adjustment benefits to firms and their employees who provide essential goods and services to import-impacted firms; and preclude these groups from receiving adjustment assistance; at least 25 percent of total sales must be to one or more import-impacted firms before the supplier or its employees are eligible.

(d) reduces the duplication of investigatory efforts by the Department of Commerce and the Department of Labor.)

Jan. 22, 1981.—Statement of Senator Thurmond introducing this bill (Congressional Record S420).

MR. LONG AND MESSRS. BAUCUS, BENTSEN, BOREN, BURDICK, CANNON, CRANSTON, DANFORTH, DECONCINI, DIXON, DURENBERGER, EAGLETON, HATFIELD, HEFLIN, INOUE, JOHNSTON, KASTEN, LEVIN, MATHIAS, MATSUNAGA, MATTINGLY, MITCHELL, NUNN, PELL, PRYOR, RANDOLPH, RIEGLE, ROTH, SARBANES, SIMPSON, TOWER, TSONGAS, AND ZORINSKY

To amend the Internal Revenue Code of 1954 to increase the allowable contributions to employee stock ownership plans, to provide a credit against tax for contributions to an employee stock ownership plan based upon payroll as an alternative to that based on investment in equipment, and for other purposes.

(Bill:

- (a) makes permanent the additional investment tax credit for employee stock ownership plan (ESOP) contributions;
- (b) provides for a payroll-based tax credit for ESOP's as an alternative to that based on investment;

- (c) increases the deduction limits for contributions to a leveraged ESOP (from 15 percent to 25 percent of payroll);
- (d) removes the sec. 404 deduction limits and the sec. 415 allocation limits for contributions applied to the payment of interest expense on leveraged ESOPs and removes the sec. 415 allocation limits as they apply to forfeitures of leveraged ESOP stock;
- (e) allows a corporate deduction for cash dividends paid on ESOP stock where such dividends are distributed to ESOP participants on a current basis. Qualifies such dividend income for partial dividend exclusion under sec.116;
- (f) provides for the tax-free rollover of the proceeds from the sale of a small business to an ESOP or to a worker owned cooperative where the proceeds are reinvested in another small business within 18 months;
- (g) provides that an ESOP may assume the estate tax liability for the value of employer stock transferred to an ESOP by the executor of an estate provided the sponsor company guarantees payment of the tax and agrees to pay the tax over a period of years. This provision parallels secs. 6166 and 6166A (relating to the extension of time for the payment of estate tax where an estate consists largely of an interest in a closely held business);
- (h) permits an ESOP to be treated as a charitable organization for income, gift and estate tax purposes provided donated stock is not allocated to the donor, family members of the donor or 25 percent shareholders;
- (i) increases the deduction limits (from 15 percent to 25 percent of payroll) for employers who maintain both a stock bonus plan and a profit-sharing plan provided the additional 10 percent is invested in employer stock;
- (j) provides a deferral of tax on the first \$25,000 of stock distributed to ESOP participants who have been in the plan for at least 3 years. Tax would be levied when the stock is sold;
- (k) permits 100 percent employee-owned companies and financial institutions to make ESOP distributions in cash;
- (l) provides that the put option period for ESOP participants shall be 60 days following the distribution of stock and, if the put option is not exercised within such 60-day period, for an additional period of at least 60 days in the following plan year;
- (m) enables an ESOP to be established by a Subchapter S corporation;
- (n) permits the use of nonvoting common stock in ESOP's provided the shares acquired have been outstanding for at least 2 years;
- (o) waives the 84-month limitation on distributions from a tax credit ESOP where substantially all of the stock or the assets of a division or subsidiary are sold and the participant is transferred to the employment of the acquiring entity; and
- (p) clarifies the nondiscrimination tests applicable to flexible benefit plans.)

MR. PERCY (BY REQUEST) AND MESSRS. ANDREWS, ARMSTRONG, BOREN, CHAFEE, CHILES, COHEN, DANFORTH, DECONCINI, DENTON, DOLE, DOMENICI, GOLDWATER, GORTON, GRASSLEY, MRS. HAWKINS, MESSRS. HAYAKAWA, HEFLIN, HEINZ, HELMS, HUMPHREY, KASTEN, LEVIN, LUGAR, MATTINGLY, MELCHER, MITCHELL, NICKLES, PACKWOOD, PRESSLER, PROXMIRE, PRYOR, ROTH, RUDMAN, SASSER, SIMPSON, SYMMS, THURMOND, TOWER, WAILOP, AND WARNER

To increase the efficiency of Government-wide efforts to collect debts owed the United States, to require the Office of Management and Budget to establish regulations for reporting on debts owed the United States, and to provide additional procedures for the collection of debts owed the United States.

May 21, 1981.—Referred to the Committee on Governmental Affairs.

May 21, 1981.—Statement of Senator Percy introducing this bill (Congressional Record S5501).

July 10, 1981.—Ordered that if and when reported from the Committee on Governmental Affairs, the bill be referred to the Finance Committee for consideration of those provisions under its jurisdiction.

SENATE BILLS REFERRED TO COMMITTEE

GOVERNMENTAL AFFAIRS COMMITTEE ACTION

July 17, 1981.—Reported favorably to the Senate by the Committee on Governmental Affairs, with amendments (no written report). Written report subsequently submitted, May 3, 1982 (S. Rept. 97-378).

FINANCE COMMITTEE ACTION

July 17, 1981.—Referred, pursuant to the order of July 10, 1981, to the Committee on Finance for consideration of those provisions under its jurisdiction.

(Provisions of the bill within the jurisdiction of the Finance Committee:

- (a) requires applicants for Federal loans or financial assistance to provide their social security numbers with their applications;
- (b) allows the IRS to disclose to other Federal agencies whether a Federal loan applicant has any outstanding, unpaid tax liabilities;
- (c) allows the IRS to disclose individuals' mailing addresses to agents (private debt collectors) of Federal agencies for purposes of debt collection; and
- (d) provides that the interest rate payable on overpayments and deficiencies of tax be equal to 100 percent of the prime rate (the prime rate for this purpose would be the average of the prime rate for each of the 12 months ending with the month of September.)

July 20, 1981.—Public hearing.

July 21, 1981.—Referred to Office of Management and Budget and Department of the Treasury.

Sept. 15, 1981.—Committee ordered favorably reported, amended, as follows:

- (1) Requires individuals to supply their social security numbers when applying for credit or financial assistance which may result in indebtedness to the Government;
- (2) allows the Secretary of the Treasury to disclose to officers and employees of a Federal agency whether a Federal loan applicant has any outstanding, unpaid tax liabilities;
- (3) allows disclosure of taxpayer mailing addresses to private debt collection agencies, as well as to officers and employees of Federal agencies, for their use in locating taxpayers for the purpose of collecting or comprising Federal claims against taxpayers. In addition, disclosure will be permitted to credit bureaus but only for the purpose of obtaining a net worth statement on taxpayers; and
- (4) deletes the provision of S. 1249 that would have increased the interest rate charged on tax deficiencies and overpayments, since the interest rate was changed to 100 percent of the prime interest rate in the Economic Recovery Tax Act.

Dec. 3, 1981.—Reported favorably to the Senate by the Finance Committee, with amendments described above (S. Rept. 97-287).

(See action on H.R. 4613)

**SENATE ACTION**

June 22, 23, 24, and 25, 1981.—Considered and passed by the Senate, by rollcall vote (No. 182), of 80 yeas, 15 nays (June 25, Congressional Record S7094), after taking the following action on amendments within the Finance Committee's jurisdiction:

**Adopted:**

*Leahy UP amendment 178 (modified)*, deleting sec. 184 which eliminated residential child care institutions from definition of "school"; and exempting the elderly and disabled from the income standards of eligibility limitation set at 130 percent of the income poverty guidelines, by voice vote (June 23, Congressional Record S6744);

*Stafford UP amendment 193*, providing that the total of all obligations from the Highway Trust Fund for Federal-aid highways and highway safety construction programs for fiscal year 1982 shall not exceed \$8,100,000,000, for fiscal year 1983 shall not exceed \$8,600,000,000, and for fiscal year 1984, shall not exceed \$8,800,000,000; that this limitation shall not apply to obligations from the Highway Trust Fund for emergency relief, by voice vote (June 25, Congressional Record S6987);

*Roth UP amendment 194*, deleting sec. 720I in order to retain the medicare program as the primary payor of health insurance costs where Federal employees have dual coverage under the Federal Employees Health Benefits Act of 1959. (By 53 yeas to 44 nays, Senate earlier agreed to a motion to reconsider the vote (47 yeas to 50 nays) by which the amendment was previously rejected), by rollcall vote (No. 170), of 51 yeas, 47 nays (June 25, Congressional Record S6989);

*Heinz amendment 102 (modified)*, revising the requirements relating to State waivers concerning the cap on credit reductions under the Federal Unemployment Tax Act, by voice vote (June 25, Congressional Record S7010); and

*Danforth-Moynihan UP amendment 198*, providing that amendments made by sec. 791 (Trade Adjustment Assistance) shall be effective with respect to all petitions filed after the 180th day following the date of enactment of the act, by voice vote (June 25, Congressional Record S7018).

**Rejected:**

*Riegle UP amendment 173*, limiting the repeal of the social security minimum benefit to new beneficiaries, by rollcall vote (No. 160), of 45 yeas, 53 nays (June 23, Congressional Record S6717);

*Moynihan amendment 100 (modified)*, maintaining current law with respect to child welfare services, adoption assistance, and foster care payments, by rollcall vote (No. 162), of 46 yeas, 52 nays (June 23, Congressional Record S6735); and

*Cranston UP amendment 191*, to retain authority for Social Security Act funding for vocational rehabilitation services for disabled beneficiaries of disability insurance and supplemental security income, by rollcall vote (No. 168), of 47 yeas, 50 nays (June 25, Congressional Record S6972).

MR. MOYNIHAN AND MESSRS. DOLE AND PERCY

To provide for the final settlement of certain claims against Czechoslovakia, and for other purposes.

(Bill:

- (a) Provides settlement of U.S. citizen's nationalization claims by the payment of \$81.5 million by Czechoslovakia to the United States;
- (b) provides for the payment in full by Czechoslovakia of the more than \$8 million it owes to the U.S. Government under a 1946 agreement on the purchase of surplus Army property by Czechoslovakia;
- (c) provides for the removal by Czechoslovakia of its restrictions on two U.S. Government bank accounts in Czechoslovakia, Czechoslovak crown accounts valued at approximately \$1 million;
- (d) provides for a negotiation with the Foreign Bondholders Protective Council to settle claims of American holders of defaulted bonds issued or guaranteed by the pre-World War II Czechoslovak Government; and
- (e) provides \$500,000 for the Government for expenses incurred in administration of the claims.)

Dec. 11, 1981.—Statement of Senator Moynihan introducing this bill (Congressional Record S15078).

SENATE ACTION

Dec. 11, 1981.—Considered and passed by the Senate, without amendment, by voice vote (Congressional Record S15078-S15080).

HOUSE ACTION

Dec. 15, 1981.—House passed H.R. 5125, amended, vacated passage, and passed S. 1946 after amending it to include the language of H.R. 5125, by voice vote (Congressional Record H9629-H9637). The House version differs from the Senate version in that it included a provision devoting \$7 million of the total lump-sum settlement payed by Czechoslovakia to a group of people, the Benes group, who were not U.S. citizens at the time of the taking of their property by the pre-Communist Benes Government.

FURTHER SENATE ACTION

Dec. 16, 1981.—Senate concurred in House amendments with Stevens (for Percy) UP amdt. No. 802, reducing the \$7 million for the Benes claimants to \$4,950,000, and reducing the amount for administrative expenses from \$500,000, to \$50,000, by voice vote (Congressional Record S15502-S15507).

FURTHER HOUSE ACTION

Dec. 16, 1981.—House agreed to Senate amendments to House amendments, by voice vote (Congressional Record H9833-H9834).

Dec. 15, 1981

MR. DOLE

An original bill to amend the Internal Revenue Code of 1954 to provide a temporary increase in the tax proposed on producers of coal, and for other purposes.

(Increases the coal excise tax, on Jan. 1, 1982, to \$1 per ton for underground-mined coal and 50 cents per ton for surface-mined coal, with a cap of 4 percent of the price for which the coal is sold. The tax will revert to present law levels by Jan. 1, 1996, or, if earlier, when the trust fund has repaid all advances and interest from the general fund of the Treasury. In addition, the bill modifies the computation of interest on certain amounts owed to or by the trust fund; terminates authority to appropriate advances to the trust fund from the general fund of the Treasury after Sept. 30, 1985; amends the obligations of the fund to include certain claims that had been previously denied and subsequently approved and to exclude payments of certain retroactive lump-sum benefits; and transfers provisions which establishes the Black Lung Disability Trust Fund to the Internal Revenue Code.)

Dec. 15, 1981.—Reported favorably to the Senate (no written report).

Dec. 16, 1981.—Indefinitely postponed.

(See action on H.R. 5159)

**BILL REPORTED**

June 30, 1982.—Reported favorably by the Committee on Finance (S. Rept. 97-483) with an amendment in the nature of a substitute which provides the following:

- (a) mandates new specific sector negotiating objectives with respect to trade in services, high technology products, and restrictions on foreign direct investment;
- (b) gives the President tariff modification authority on certain high technology items;
- (c) authorizes the establishment of intergovernmental advisory committees;
- (d) requires the U.S. Trade Representative to analyze and report on significant barriers to trade in U.S. Products and services and restrictions on foreign direct investment by U.S. persons;
- (e) clarifies the President's authority to retaliate with respect to any goods or sector, whether or not involved in the act retaliated against and to take action notwithstanding any other delegation of authority to regulatory agencies;
- (f) provides the President with the authority to propose "fast track" legislation under authority of secs. 102 and 151 of the Trade Act to carry out the objectives of sec. 301;
- (g) defines the term "commerce" to include foreign direct investment with implications for trade in goods and services, thereby permitting the President to retaliate against restrictions on such investment;
- (h) statutorily defines the terms "unjustifiable", "unreasonable", and "discriminatory";
- (i) provides for the initiation of sec. 301 investigations by USTR;
- (j) provides for delays of up to 90 days in the initiation of international consultations required by sec. 303; and
- (k) provides a specific exemption from the requirements of the Freedom of Information Act for information supplied under specified conditions during an investigation under sec. 301 and restrictions on the use of such information.

SENATE BILLS REFERRED TO COMMITTEE

S. 2198★

Mar. 11, 1982

MR. DOLE AND MESSRS. ANDREWS, CHAFEE, DOMENICI, GRASSLEY, AND STAFFORD

To amend the Internal Revenue Code of 1954 to improve taxpayer compliance, and for other purposes.

(Bill includes provisions improving information reporting, increasing penalties for noncompliance, adjusting the methods under which interest is computed and revising the withholding rules for pension distributions. Interest on bearer obligations and obligations of the United States, charge tips, transactions involving securities and commodities, and State and local income tax refunds would be subjected to new reporting requirements. The penalty provisions include a minimum penalty for extended failure to file returns; an increase in the penalty for failure to supply taxpayer identification numbers or to file information returns, and withholding in cases of continuing violations; a 10-percent penalty for any substantial underpayment of tax where the items giving rise to the underpayment were not disclosed on the return; and a penalty on corporate officers who commit fraud with respect to their corporation's tax. The interest proposals include provisions for adjusting interest rate payable by or to the Treasury, and compounding such interest, semiannually.)

### H.J. Res. 266★

To provide for a temporary increase in the public debt limit.

#### Description of House Resolution

(Provides a public debt limit (total temporary and permanent) of \$999,800,000,000, through Sept. 30, 1981.

#### COMMITTEE ACTION

July 6, 1981.—Reported favorably to the Senate (S. Rept. 97-144), as the Economic Recovery Act of 1981, including the following provisions:

#### INDIVIDUAL INCOME TAX REDUCTIONS

##### ACROSS-THE-BOARD TAX RATE CUT

The bill includes a multistage, across-the-board reduction in individual income tax rates. The reduction in tax rates is approximately 1 percent in 1981, 10 percent in 1982, 19 percent in 1983 and 23 percent in 1984 and future years.

These reductions in tax liability will be accompanied by a series of reductions in taxes withheld from workers' paychecks. The withholding reductions in taxes will be at a rate of 5 percent on Oct. 1, 1981, a further 10 percent on July 1, 1982, and a final 10 percent on July 1, 1983.

#### 50-PERCENT MAXIMUM RATE ON INVESTMENT INCOME

The bill reduces the top tax rate on all income to 50 percent for 1982 and subsequent years. This establishes a maximum rate on long-term capital gains of 20 percent because 40 percent of long-term capital gains is included in income and will be taxed at no more than the 50-percent rate. The top rate under the alternative minimum tax also will be reduced to 20 percent, starting in 1982. In addition, there will be a special 20-percent alternative tax rate on long-term capital gains, under both the regular income tax and the alternative minimum tax, for sales and exchanges between June 10, 1981, Jan. 1, 1982.

#### DEDUCTION FOR TWO-EARNER MARRIED COUPLES

The bill provides a new deduction for married couples equal to a percentage of the first \$30,000 of the earnings of the spouse with the lesser earnings. This deduction will be available both to itemizers and nonitemizers. For 1982, the deduction will be 5 percent (a maximum deduction of \$1,500). For 1983 and subsequent years, the deduction will be 10 percent (a maximum deduction of \$3,000).

#### TAX INCENTIVES FOR SAVINGS

##### TAX-EXEMPT SAVINGS CERTIFICATES

The bill provides an exclusion for interest on savings certificates which meet certain conditions. There is a lifetime limit on the amount of interest which can qualify for the exclusion of \$1,000 for single returns. For a certificate to qualify for the exemption, it must have a 1-year maturity, have a yield of 70 percent of the 1-year Treasury bill rate, and be issued by a depository institution between Sept. 30, 1981, and Oct. 1, 1982.

##### INTEREST AND DIVIDEND EXCLUSION

Under present law, there is an exclusion for the first \$200 of interest and dividends (\$400 for joint returns) for the years 1981 and 1982. Under present law, the provision reverts, in 1983, to the prior law dividend exclusion for the first \$100 of dividends received by any taxpayer. The bill provides that the reversion to prior law will occur in 1982, instead of 1983.

##### INDIVIDUAL RETIREMENT ACCOUNTS

The bill increases the limits on deductible contributions to individual retirement accounts (IRA's). The current limit of 15 percent of compensation or \$1,500, whichever is less, will be replaced by a new limit equal to the lesser of 100 percent of compensation or \$2,000. The limits on spousal IRA's (IRA's where a nonearning spouse is a beneficiary) will be raised from \$1,750 to \$2,250.

In addition, active participants in employer-provided retirement plans, who are now ineligible for the tax incentives from IRA's, will be able to make deductible contributions to IRA's. However, the limit on deductible contributions for these active participants will be \$1,500 for a regular IRA and \$1,625 for a spousal IRA. Voluntary contributions to employer sponsored plans will be eligible for this deduction, subject to the \$1,500 and \$1,625 limits.

### COMMITTEE ACTION—Continued

#### TAX INCENTIVES FOR SAVINGS—CONTINUED

##### RETIREMENT SAVINGS FOR THE SELF-EMPLOYED

The bill increases the annual limit on deductible contributions to self-employed retirement plans (commonly called Keogh or H.R. 10 plans) from \$7,500 to \$15,000.

##### EMPLOYEE STOCK OWNERSHIP PLANS

The bill revises the provisions which provide a tax credit for contributions to employee stock ownership plans (commonly known as ESOP's). The existing investment tax credit for contributions to ESOP's will be repealed after 1982. Beginning Jan. 1, 1983, a tax credit will be allowed based upon a percentage of the employer's payroll. This percentage will be one-half of 1 percent in 1983, three-fourths of 1 percent in 1984, 1 percent in 1985 and future years. The bill also makes a number of other modifications designed to encourage the use of ESOP's.

#### CAPITAL FORMATION TAX INCENTIVES

##### DEPRECIATION AND INVESTMENT TAX CREDIT REVISIONS

The bill completely revises the Federal income tax treatment of depreciation and makes revisions in the investment tax credit as follows:

##### PERSONAL PROPERTY

Tangible personal property is assigned to one of four classes with recovery periods of 3, 5, 10 or 15 years. The 3-year class consists of autos, light trucks, equipment used in research and experimentation, and other assets with a current guideline life under the ADR system of 4 years or less. The 10-year class consists of public utility property with an ADR guideline life greater than 18 and less than 25.5 years and railroad tank cars. The 15-year class consists of public utility property with an ADR guideline above 25 years. All other tangible personal property eligible for ACRS is included in the 5-year class. The 5-year class includes single-purpose agricultural structures and petroleum product storage facilities.

An accelerated method of cost recovery is provided for each of the four classes. Before 1985, these methods provide benefits approximating the 150-percent declining balance method for the early years of the recovery period with a switch to the straight-line method for the remainder of the recovery period (adjusted to take account of a half-year convention). In 1985, cost recovery is accelerated further and provides benefits approximating the 175-percent declining balance method the first year of the recovery period with a switch to the sum-of-the-years-digits method for the remaining years. After 1985, the permanent cost recovery schedules take effect, and these provide benefits approximating the 200-percent declining balance method for the first year of the recovery period with a switch to the sum-of-the-years-digits method for the remaining years.

The investment tax credit is 6 percent for eligible property in the 3-year class and 10 percent for all other eligible property.

Businesses are allowed to expense (i.e., write off immediately) up to \$5,000 of investment in 1982 and 1983, \$7,500 in 1984 and 1985, and \$10,000 after 1985. No regular investment credit is allowed for this expensed property.

##### REAL PROPERTY

Real property is generally written off over a 15-year period. Taxpayers will use an accelerated method based on the use of the 200-percent declining balance method in the early years of the recovery period with a switch to the straight-line method in the remaining years. A taxpayer may, however, elect a straight-line method. Taxpayers will no longer be allowed to depreciate components separately but must use a composite method of cost recovery for the entire structure.

When a taxpayer disposes of nonresidential property for which the accelerated method of depreciation has been used, gain is treated as ordinary income to the extent of all prior cost recovery deductions. For residential real property, however, the gain is treated as ordinary income only to the extent of the excess of accelerated over straight-line cost recovery. There is no ordinary income recapture in the case of dispositions of real estate for which straight-line depreciation has been elected.

##### OTHER RULES

As part of its complete restructuring of capital cost recovery, the bill provides a number of special rules. To provide flexibility in the use of depreciation deductions, taxpayers are allowed to make a number of elections to use longer recovery periods and straight-line methods of depreciation. Rules are also provided for the computation of earnings and profits, depreciation on assets used predominantly outside the United States and the minimum tax. Rules under which leasing transactions are recognized as such for tax purposes are considerably liberalized.

##### AT-RISK RULES

The bill provides an "at-risk" rule for the investment tax credit. Under this rule, the credit cannot be claimed to the extent an asset is financed with debt for which the taxpayer is not personally liable. However, exceptions are provided by certain kinds of third-party lenders, such as financial institutions.

##### EFFECTIVE DATE

ACRS will be effective for property placed in service after Dec. 31, 1980. However, rules are provided to prevent related parties from making used property eligible for ACRS through paper transactions.

##### TAX CREDIT FOR REHABILITATION EXPENDITURES

The bill replaces the present 10-percent credit for expenditures to rehabilitate industrial and commercial buildings and the present 5-year amortization for expenditures to rehabilitate certified historic structures with a new tax credit, effective for 1982 and future years. The new credit is 15 percent of expenditures to rehabilitate industrial and commercial buildings 30 to 39 years old, 20 percent of expenditures to rehabilitate such buildings that are at least 40 years old, and 25 percent of expenditures related to certified rehabilitation of both residential and nonresidential certified historic structures. In addition, taxpayers who make noncertified rehabilitations of certified historic structures are limited to straight-line depreciation.

##### TAX CREDIT FOR RESEARCH AND EXPERIMENTAL WAGE EXPENDITURES

The bill provides a 25-percent income tax credit for wages paid or incurred for services performed in conducting research and experimentation. The credit only applies to the extent these expenditures exceed those in a 3-year moving base period. Qualified expenditures include reimbursements to another person (such as a research firm or university) for wages paid for services performed in conducting research and experimentation on behalf of the taxpayer. Rules are provided to prevent the use of these tax credits for tax shelter purposes.

##### ESTATE AND GIFT TAXES

The bill provides a major reduction in estate and gift taxes, and eliminates the tax entirely for gifts and bequests between spouses.

##### INCREASE IN UNIFIED CREDIT

The bill increases the amount of the tax credit against the estate and gift taxes from \$47,000 to \$192,800 over a 5-year period. Thus, the level of transfers at which the estate and gift taxes begin increases from the present \$175,625 to \$225,000 in 1982, \$275,000 in 1983, \$350,000 in 1984, and \$450,000 in 1985, and \$600,000 in 1986 and subsequent years.

##### UNLIMITED MARITAL DEDUCTION

The bill provides an unlimited marital deduction for both the estate and gift taxes. As a result, no transfer tax will be imposed on transfers between spouses regardless of how large those transfers are. Transfers of community property qualify for the unlimited marital deduction.

##### ANNUAL GIFT TAX EXCLUSION

The bill increases from \$3,000 to \$10,000 the maximum amount which a taxpayer can give to any individual donee each year without paying gift tax. Thus, under the bill, a husband and wife may jointly transfer up to \$20,000 per donee each year without being subject to gift tax.

##### CURRENT USE VALUATION

Present law provides a reduction in the value of farms and small businesses for estate tax purposes, called current use valuation. The bill provides a number of technical modifications to these provisions to make them simpler and easier to use.

### EXCLUSION FOR INCOME EARNED ABROAD

The bill provides major tax reductions for U.S. citizens and residents who work abroad. There is an exclusion for the first \$50,000 of income earned abroad plus half of the next \$50,000. The bill also provides a separate exclusion for housing expenses in excess of 16 percent of the salary of a GS-14 U.S. Government employee (\$6,059 at the current salary level). No credit or deduction attributable to the excluded income is allowed. If a taxpayer does not elect these exclusions, the foreign earnings are taxable, and the ordinary foreign tax credit and deduction are available.

The required period of physical presence in the foreign country which is needed to qualify for the exclusion is shortened to 11 out of 12 consecutive months, instead of the present 17 out of 18 consecutive months.

### COMMODITY TAX STRADDLES

**Marked-to-market:** Under the bill, regulated futures contracts are marked to market at the earlier of disposition or the end of the tax year. Under this rule, gains and losses in a taxpayer's futures account are treated as recognized at the close of the year. Net gains on regulated futures contracts are treated as if 40 percent of the gain were short-term gain and 60 percent of the gain were long-term gain, thus providing a maximum tax rate of 32 percent on gains on regulated futures contracts after 1981. Furthermore, the bill provides a 3-year capital loss carryback for losses on regulated futures contracts. These losses can be deducted against gains from regulated futures contracts in the three prior years.

**Loss deferral:** In the case of straddles which do not involve positions in regulated futures contracts, losses are deferred to the extent there are unrealized gains in offsetting positions. However, in the case of straddles which consist of one or more positions in regulated futures contracts, the taxpayer may elect either to have all positions marked to market, or alternatively, have the leg that is regulated futures contract exempted from the mark-to-market rule and treated, along with the other positions making up the straddle, under the general loss deferral rule. The bill also authorizes regulations extending present law wash-sale and short-sale principles to straddle positions.

**Capitalization of interest and carrying charges:** The bill requires the taxpayers to capitalize interest and carrying charges for certain "cash and carry" straddles.

**Hedging exception:** The bill exempts hedging transactions from the mark-to-market, loss deferral and capitalization rules.

**Treasury bills:** Treasury bills are treated as capital assets. The amount of ordinary interest income assumed to be earned in connection with the Treasury bill is based on a linear amortization of the difference between the taxpayer's basis and the price at which the bills are to be redeemed during the period which the taxpayer held the Treasury bill.

**Dealer identification of securities:** Broker-dealers are required to identify securities held for investment on the day the securities are acquired.

**Sale or exchange:** The bill provides that certain dispositions of capital assets which produce capital gain or loss on their sale or exchange are treated as resulting in capital gain or loss without regard to whether a disposition is a sale or exchange.

### COMMITTEE ACTION—Continued

#### WINDFALL PROFIT TAX

##### ROYALTY OWNER CREDIT

The bill includes a permanent credit for the first \$2,500 of windfall profit tax paid by qualified royalty owners each year. In addition, some technical amendments are made which will permit royalty owners to receive the benefit of these credits during the year instead of having to claim a tax refund after the close of the year.

##### REDUCED TAX ON NEWLY DISCOVERED OIL

The bill reduces the tax rate on newly discovered oil from the present 30 percent to 25 percent in 1983 and 1984, 20 percent in 1985, and 15 percent in 1986 and subsequent years.

#### SMALL BUSINESS PROVISIONS

##### INCENTIVE STOCK OPTIONS

The bill creates a special class of stock options called "incentive stock options." Employers are denied a business deduction relating to the grant of these options. However, an employee receiving such an option is taxed only when he sells the stock, and the gain on the sale is taxed at capital gains rates.

##### SUBCHAPTER S CORPORATIONS

The bill increases the maximum number of shareholders for a subchapter S corporation from 15 to 25 and permits certain trusts to be shareholders of such corporations.

##### ACCUMULATED EARNINGS CREDIT

The bill increases the credit against the accumulated earnings tax from \$150,000 to \$250,000.

##### INVESTMENT CREDIT FOR USED PROPERTY

The bill repeals the existing \$100,000 limitation on the amount of used property eligible for the investment credit. There will, however, be recapture of previously claimed credits based on the proceeds from the sale or disposition of the asset, rather than the period of time the property was held by the taxpayer.

#### OTHER PROVISIONS

##### DEDUCTION FOR MOTOR CARRIER OPERATING RIGHTS

The bill allows motor carriers to amortize over a 60-month period the adjusted basis of all motor carrier operating rights held on July 1, 1980.

#### CORPORATE CONTRIBUTIONS OF RESEARCH EQUIPMENT TO COLLEGES

Present law permits the amount deductible for charitable contributions of property if the sale of that property would generate ordinary income. The bill provides a limited exception to this rule for contributions by a corporation of new tangible personal property which is manufactured by the corporate donor and is used by the donee college or university for research purposes.

#### SENATE ACTION

July 31, 1981.—Senate passed H.R. 4242 after striking all after the enacting clause and inserting in lieu thereof the text of H.J. Res. 266. (Provisions relating to Jefferson County Mental Health Center included in H.R. 4961 as reported by the Finance Committee)

Sept. 23, 1982.—Reported favorably to the Senate (S. Rept. 97-576) with an amendment in the nature of a substitute providing a nonrefundable credit for 50 percent of tuition expenses paid to private elementary and secondary schools for certain qualified dependents of the taxpayer. The maximum credit is \$100 in 1983, \$200 in 1984, and \$300 in 1985 and subsequent years. The maximum credit amount is phased down for taxpayers with adjusted gross incomes of greater than \$40,000 and no credit is allowed for taxpayers with adjusted gross income of \$50,000 or more. For tuition expenses to be creditable, a school cannot follow a racially discriminatory policy.

## HOUSE BILLS REFERRED TO COMMITTEE

### H.R. 3982★

To provide for reconciliation pursuant to section 301 of the first concurrent resolution on the budget for the fiscal year 1982.

#### SENATE ACTION

July 8, 1981.—Ordered placed on the calendar.

July 13, 1981.—Passed by the Senate, by voice vote after deleting all after the enacting clause and inserting the text of S. 1377 as passed by the Senate. (See S. 1377 for summary of provisions.)

#### CONFERENCE ACTION

July 13, 1981.—Senate requested a conference with the House and named the following conferees from the Committee on Finance: Messrs. Dole, Danforth, Chafee, Long, and Byrd of Va.

July 15, 1981.—House disagreed with the amendments of the Senate, agreed to a conference with the Senate, and named the following conferees from the Committee on Ways and Means: Messrs. Rostenkowski, Gibbons, Pickle, Rangel, Stark, Jacobs, Ford, Conable, Duncan, Archer, and Vander Jagt.

July 29, 1981.—Conference report filed in the House (H. Rept. 97-208).

July 31, 1981.—House and Senate agreed to conference report.

#### CONFERENCE AGREEMENT

##### Matters Within Finance Committee's Jurisdiction

##### PROVISIONS RELATING TO MEDICARE AND MEDICAID

##### NUTRITIONAL THERAPY UNDER END-STAGE RENAL DISEASE PROGRAM

The conference agreement does not include this provision.

##### ELIMINATION OF CARRYOVER FROM PREVIOUS YEAR OF INCURRED EXPENSES FOR MEETING THE PART B DEDUCTIBLE

The conference agreement repeals the provision of current law that permits beneficiaries to count expenses incurred in the last quarter of the previous calendar year in determining whether they have met the annual part B deductible for the current year.

##### INCREASE IN PART B DEDUCTIBLE

The conference agreement increases the part B deductible to \$75 beginning in calendar year 1982.

##### CHANGES TO PART B PREMIUM TO CONFORM TO TITLE II CHANGES

The conference agreement does not include this provision.

##### INCREASES IN THE PART B PREMIUM

The conference agreement does not include this provision.

##### ADJUSTMENT IN PAYMENT FOR INAPPROPRIATE HOSPITAL SERVICES

The conference agreement eliminates the occupancy test for both medicare and medicaid. The conference agreement provides for no reduction in the payment rate where the Secretary determines that there is no excess of hospital beds in either the individual hospital or in the area which could be converted for use in providing long-term care services (no reduction will be made in the case of a public hospital if: (a) such hospital itself has no excess beds and is part of a public hospital system which, in the aggregate, has no excess of hospital beds; or (b) such hospital, which is not part of a public hospital system in the area, has no excess of hospital beds).

##### INCENTIVE REIMBURSEMENT RATE FOR RENAL DIALYSIS SERVICES

The conference agreement requires the Secretary of Health and Human Services to prescribe in regulation a method (or methods) for determining the amounts of payments to be made for renal dialysis services incorporating in a single reimbursement rate structure, reimbursement for dialysis treatments in a facility and dialysis treatments in the home setting.

##### LIMITS ON REIMBURSEMENT TO HOME HEALTH AGENCIES

The conference agreement reduces from the 80th to the 75th percentile the medicare reimbursement limits currently applied to home health agency costs (the conference agreement permits continuation of the Secretary's authority to grant exemptions and exceptions from the reimbursement limits).

##### CIVIL MONEY PENALTIES

The conference agreement authorizes the Secretary to impose a civil money penalty of up to \$2,000 for fraudulent claims under medicare or medicaid, to impose an assessment of twice the amount of the fraudulent claim, and to bar from participation persons determined to have filed a fraudulent claim. There would be a right to written notice and an opportunity for a hearing on the record.

The conference agreement deletes the reference to exhaustion of judicial remedies and provides that no penalties will be assessed nor payment prohibited until all administrative remedies have been exhausted.

##### UTILIZATION GUIDELINES FOR THE PROVISION OF HOME HEALTH SERVICES

The conference agreement requires the Secretary of Health and Human Services to establish and provide for the implementation of utilization guidelines for home health services by Oct. 1, 1981.

##### TECHNICAL CORRECTIONS FOR ERRORS MADE BY THE "MEDICARE AND MEDICAID AMENDMENTS OF 1980"

The conference agreement restores a provision that was erroneously deleted by Public Law 96-499 (the provision limited part B reimbursement to the lower of the provider's customary charge or reasonable cost of the covered services). The conference agreement makes several other minor technical and clerical corrections.

The conference agreement requires the Secretary to establish by Oct. 1, 1981, such guidelines and regulations as are necessary to assure that agreements with the States for the conduct of demonstration projects for the training and employment of AFDC recipients as homemakers and home health aides, as provided for by Public Law 96-499, are entered into by Jan. 1, 1982.

PROFESSIONAL STANDARDS REVIEW ORGANIZATIONS

The conference agreement directs the Secretary to assess, not later than Sept. 30, 1981, the relative performance of each Professional Standards Review Organization (PSRO) in: (1) monitoring the quality of patient care, (2) reducing unnecessary utilization, and (3) managing its activities effectively. The conference agreement authorizes the Secretary, based on this assessment, to terminate up to 30 percent of current PSRO's by the end of fiscal year 1982.

The conference agreement provides States the option of contracting with PSRO's for medicaid review and provides for a 75-percent Federal matching rate for the costs of review.

The conference agreement permits, instead of requiring, as under current law, PSRO's to delegate review to hospitals where the hospital demonstrates its effectiveness in conducting such review.

The conference agreement repeals the provision of current law which authorizes the Secretary to require review of ancillary, ambulatory, and long-term care services only where the cost effectiveness of such review has already been demonstrated. The conference agreement thereby allows the Secretary to permit PSRO's to review such services.

REPEAL OF UTILIZATION REVIEW COMMITTEE  
REQUIREMENT

The conference agreement does not include this provision.

MEDICARE AS SECONDARY PAYOR TO FEDERAL EMPLOYEES  
HEALTH BENEFITS (FEHB) PROGRAM

The conference agreement does not include this provision.

MEDICARE HOSPITAL REIMBURSEMENT EXPERIMENTS

The conference agreement repeals the provision of current law limiting the number of statewide medicare hospital reimbursement demonstration projects to six.

PAYMENTS TO PROMOTE CLOSING AND CONVERSION OF  
UNDERUTILIZED FACILITIES

The conference agreement provides for reimbursement for capital-related and increased operating costs associated with closing or conversion to approved use, of underutilized beds or services in hospitals.

LIMITATION ON MEDICARE AND MEDICAID PAYMENTS FOR  
CERTAIN DRUGS

The conference agreement prohibits payments under medicare part B and medicaid for those prescription drugs which were approved prior to the 1962 amendments to the Federal Food, Drug, and Cosmetic Act and which the Secretary, or his delegate, determines to be less than effective in use.

WITHHOLDING OF PAYMENTS FOR CERTAIN MEDICAID  
PROVIDERS

The conference agreement authorizes the Secretary to offset, from reimbursements due to medicare providers, overpayments made to them under medicaid in cases where the provider has terminated or substantially reduced his participation in medicaid. The conference agreement provides that State medicaid agencies would be reimbursed from amounts recovered.

ELIMINATION OF NEED FOR OCCUPATIONAL THERAPY AS A  
BASIS FOR ENTITLEMENT TO HOME HEALTH SERVICES

The conference agreement eliminates occupational therapy as a qualifying criterion for home health benefits.

ELIMINATION OF UNLIMITED OPEN ENROLLMENT;  
RESTRICTIONS ON NEW STATE BUY-IN AGREEMENTS

The conference agreement repeals the provision of Public Law 96-499 which provided for continuous open enrollment under medicare part B and reinstates the annual January-March enrollment period.

PNEUMOCOCCAL VACCINE

The conference agreement does not include this provision. The conferees intend that a one-time announcement informing medicare beneficiaries of the pneumococcal vaccine benefit be included in a regular mailing of social security checks.

CRITERIA FOR DETERMINING REASONABLE CHARGE FOR  
PHYSICIAN'S SERVICES

The conference agreement does not include this provision.

LIMITATION ON REASONABLE CHARGE FOR OUTPATIENT  
SERVICES

The conference agreement requires the Secretary to establish by regulation limitations on costs or charges that will be considered reasonable for outpatient services provided by hospitals, community health centers or clinics and by physicians utilizing these facilities.

###### MEDICARE PAYMENTS SECONDARY IN CASES OF END-STAGE RENAL DISEASE

The conference agreement requires in the case of renal disease beneficiaries, that medicare pay for the beneficiary's care in the usual manner and then obtain reimbursement from the beneficiary's private group health insurance plan for the items and services covered by that plan until such time as the Secretary determines that the beneficiary's plan has begun to make payments as promptly as would be the case if medicare were making the payment.

###### PROVISIONS RELATING TO MEDICARE

###### ELIMINATION OF COVERAGE OF ALCOHOL DETOXIFICATION FACILITY SERVICES

The conference agreement repeals the provision in present law under which reimbursement for inpatient alcohol detoxification services in freestanding facilities is authorized.

###### \$1 COPAYMENT FOR EACH OF FIRST 60 DAYS IN HOSPITAL

The conference agreement does not include this provision.

###### MAKING PART A COINSURANCE CURRENT WITH THE YEAR IN WHICH SERVICES ARE FURNISHED

The conference agreement bases part A coinsurance on the current year's deductible, rather than the deductible in effect at the time the beneficiary's spell of illness began.

###### MAKING PART A COINSURANCE AND DEDUCTIBLE MORE CURRENT

The conference agreement makes the part A deductible and coinsurance more current by adding \$5 to the base figure of \$40 in the formula that is used in the annual determination of the inpatient hospital deductible.

###### OFFSET OF INTEREST AND OTHER INCOME ON FUNDED DEPRECIATION

The conference agreement does not include this provision.

##### LIMITS ON REIMBURSEMENT TO HOSPITALS

The conference agreement lowers medicare's reimbursement limits on hospital inpatient general routine operating costs from 112 percent to 108 percent of the mean costs of each comparable group of hospitals under the methodology now used to make such determinations, or to some other no less stringent limit. The conference agreement continues the Secretary's current authority to permit exemptions (e.g. for a sole community provider) and exceptions from the limits.

##### REPEAL OF STATUTORY TIME LIMITATION ON AGREEMENTS WITH SKILLED NURSING FACILITIES

The conference agreement repeals the provision in present law that requires skilled nursing facility provider agreements to be renewed on an annual basis.

##### REPEAL OF TEMPORARY DELAY IN PERIODIC INTERIM PAYMENTS (PIP)

The conference agreement repeals the provision in Public Law 96-499 relating to a temporary delay in periodic interim payments.

##### REDUCTION IN THE 8½ PERCENT ROUTINE NURSING SALARY-COST DIFFERENTIAL

The conference agreement provides for a reduction in the routine nursing salary cost differential to 5 percent, and requires the Comptroller General to conduct a study to determine the extent to which higher payments are justified and report back to Congress.

##### ELIMINATION OF CERTAIN DENTAL COVERAGE

The conference agreement does not include this provision.

##### PROVISIONS RELATING TO MEDICAID

###### REDUCTION IN MEDICAID PAYMENTS TO THE STATES

The conference agreement provides that the amount of Federal matching payments to which a State is otherwise entitled is to be reduced by 3 percent in fiscal year 1982, 4 percent in fiscal year 1983, and 4.5 percent in fiscal year 1984. A State could lower the amount of its reduction by one percentage point for each of the following: (a) operating a qualified hospital cost review program, (b) sustaining an unemployment rate exceeding 150 percent of the national average; and (c) demonstrating recoveries from fraud and abuse and, with respect to fiscal year 1982, third party recoveries equal to 1 percent of Federal payments. A State is entitled to a dollar for dollar offset in its reductions if total Federal medicaid expenditures in a year fall below a specified target amount.

##### REDUCTION IN MEDICAID PAYMENTS TO THE STATES— CONTINUED

The conferees note that this approach to reducing Federal medic-aid expenditures does not preclude Arizona, which does not currently have medicaid program, from establishing one. The reduction and bonuses are applicable to the existing programs in the 49 States and the District of Columbia. The territories are excluded from the reduction and offset provisions. The territories are subject to the following limitations on Federal expenditures: Puerto Rico—\$45 million; Virgin Islands—\$1.5 million; Guam—\$1.4 million; and the Northern Mariana Islands—\$350,000.

##### FEDERAL MEDICAL ASSISTANCE PERCENTAGE FORMULA

The conference agreement does not include the provision which lowers the minimum Federal share of State's payments for medicaid from 50 percent to 40 percent.

The conference agreement provides for a study by the General Accounting Office of the Federal medical assistance percentage.

##### HOSPITAL REIMBURSEMENT RATE DETERMINATION

The conference agreement repeals the current law provision. It requires that State payments for inpatient hospital services be "reasonable and adequate to meet the costs which must be incurred by efficiently and economically operated facilities" in order to meet applicable laws and quality and safety standards.

The conference agreement does not include the provision which would require States as of Oct. 1, 1983, to use a prospective payment system for inpatient hospital services.

The conference agreement requires the Secretary to develop, by Mar. 31, 1982, a prospective payment methodology for inpatient hospital services and requires the Secretary to develop a model prospective payment methodology for inpatient hospital services which could be used both under the medicare and medicaid programs.

The conference agreement requires that States provide assurances satisfactory to the Secretary, for the filing of uniform cost reports by each hospital and periodic audits by the State of such reports.

### COMPETITIVE ARRANGEMENTS FOR PAYMENT FOR LABORATORY SERVICES AND MEDICAL DEVICES

The conference agreement amends the current freedom of choice requirements to authorize States to purchase laboratory services or medical devices through a competitive bidding process or otherwise in order for such arrangements to be approved, the Secretary must find that adequate services or devices will be available; in the case of laboratory services, that the laboratories selected meet applicable quality standards and do no more than 75 percent of their business with medicaid and medicare.

#### WAIVER OF MEDICAID REQUIREMENTS

The conference agreement amends current law to permit a State to: (a) require individuals who overutilize services to use particular providers, and (b) limit the participation of providers, which the State has found (after notice and opportunity for a hearing in accordance with State administrative practices) to have, in a significant number or proportion of cases, abused the program.

The conference agreement authorizes the Secretary to waive certain requirements of law to achieve certain program purposes provided he finds them to be cost effective, efficient, and not inconsistent with program intent.

The conference agreement also provides that the Secretary may approve under the waiver authority, State restrictions on providers or practitioners from or through whom an individual may obtain services (other than emergency services and including drugs) provided: (a) such providers or practitioners must accept and comply with the reimbursement quality and utilization standards under the State plan; (b) such restrictions are consistent with access, quality, and efficient and economic provision of care and services; and (c) such restriction does not discriminate among classes of providers on grounds unrelated to their demonstrated effectiveness and efficiencies in providing services. The Secretary shall for purposes of evaluating waiver requests, develop performance standards for cost effective provision of services, based on such criterion as length-of-stay or cost per admission.

#### ELIMINATION OF EPSDT PENALTY

The conference agreement repeals the current law provision which subjects States to a 1-percent reduction in Federal matching payments under their aid to families with dependent children program (AFDC) if they fail to meet certain performance standards for early periodic screening, diagnosis, and treatment (EPSDT) services under medicaid. The conference agreement further incorporates the EPSDT standards under title XIX.

#### REPEAL OF REQUIRED MEDICAID COVERAGE FOR INDIVIDUALS AGED 18-20

The conference agreement repeals the requirement that States provide medicaid coverage to persons under 21 who would be eligible for AFDC if attending school and instead makes coverage of such individuals optional.

The conference agreement allows States which choose to cover children under medicaid who would be eligible for AFDC except for a school attendance requirement to limit such coverage to children under 21, 20, 19, or 18, or any reasonable category of such children.

##### REMOVAL OF MEDICARE REASONABLE CHARGE LIMITATION

The conference agreement repeals the requirement that State medicaid payments for physicians' services and certain medical supplies and laboratory services cannot exceed reasonable charge levels established under medicare.

##### OPTIONS FOR THE PROVISION OF HOME AND COMMUNITY-BASED CARE AND REQUIREMENT OF PREADMISSION SCREENING FOR LONG-TERM CARE PATIENTS

The conference agreement authorizes the Secretary to waive Federal requirements to enable a State to cover personal care services and other services pursuant to an individual plan of care to persons who would otherwise require institutionalization.

The conference agreement provides that the Secretary may not approve such coverage unless the State provides assurances that implementation would not result in a level of expenditures for all long-term services greater than the level of expenditures without coverage for such noninstitutional services.

The conference agreement specifies that the total of all medical assistance for services provided to individuals who would qualify for community-based care under the State program may not exceed, on an average per capita basis, the total expenditures which would be incurred for such individuals if they were institutionalized. In determining the per capita costs the conferees expect the costs of medical assistance for these community-based care recipients will be divided by the number of individuals who are determined likely to be institutionalized without these services.

The conference agreement authorizes the Secretary to grant a waiver only if a State assures that necessary safeguards have been taken to protect the health and welfare of any recipients of such services.

The conference agreement also requires States to provide assurances that they will maintain appropriate financial records documenting the cost of services provided pursuant to the waiver; such records must be made available on request to the Secretary.

The conference agreement provides that a waiver granted a State under this provision shall be for 3 years, and may include a one-time waiver of statewide. Upon request of the State, the waiver shall be extended for additional 3-year periods unless the Secretary determines the assurances provided by the State have not been met.

#### ENCOURAGING HMO PARTICIPATION IN STATE MEDICAID PLANS

The conference agreement permits States to enter prepaid arrangements with other entities provided such entity: (a) makes covered services to medicaid enrollees accessible on the same basis as to other medicaid eligibles in the area; (b) has made adequate provision against risk of insolvency. Individuals eligible for benefits under prepaid arrangement would in no case be held liable for debts of the organization in case of the organization's insolvency.

The conference agreement modifies the current requirement that provided that within 3 years of entering into a medicaid contract with a State an HMO must have an enrollment that consists of less than 50 percent medicaid and medicare beneficiaries. The conference agreement raises the current ceiling on medicaid and medicare beneficiaries in HMO's to 75 percent of enrollment and authorizes the Secretary to waive this ceiling altogether for public HMO's.

The conference agreement authorizes the State to enter into arrangements with federally qualified HMO's establishing minimum enrollment periods for medicaid beneficiaries of not more than 6 months. Federal matching would be available for services provided to enrollees even if they lose their medicaid eligibility during the minimum enrollment period.

The conference agreement authorizes the Secretary to waive any Federal medicaid requirements necessary to enable a State to share with program eligibles; through additional services, the saving resulting from the use of cost-effective methods of health care delivery, such as HMO's.

#### ELIMINATING FEDERAL MATCHING FOR EXCESSIVE PREOPERATIVE STAYS AND UNNECESSARY TESTS

The conference agreement does not include the provision which prohibits Federal matching payments for hospital services furnished to medicaid eligibles admitted for elective surgical procedures (as defined by the Secretary) more than 1 day before the date of the operation.

The conference agreement prohibits Federal matching payments for inpatient hospital tests furnished to medicaid eligibles not specifically ordered by the attending physician (except in emergency situations).

#### PERMITTING PHYSICIAN ASSISTANTS AND NURSE PRACTITIONERS TO PROVIDE CERTAIN RECERTIFICATIONS

The conference agreement amends the current provision that requires a physician to recertify every 60 days the need for institutional services for medicaid eligibles in a hospital, skilled nursing facility (SNF) or intermediate care facility (ICF). The conference agreement allows States to use physician assistants and nurse practitioners (within the scope of their practice under State law) to perform the recertification function.

##### LIMITATION ON REQUIREMENT FOR COLLECTION OF THIRD-PARTY PAYMENTS

The conference agreement amends current law which requires States to recover payments due for services provided to a medicaid eligible with private insurance or other third-party coverage. The conference agreement provides that States need not collect third-party liabilities in cases where the amount of reimbursement the State can reasonably be expected to recover is less than the costs of recovery.

##### RECOVERY OF DISPUTED CLAIMS

The conference agreement modifies current law provisions pertaining to recovery of amounts of medicaid claims in dispute. The conference agreement requires the Secretary to recover from a State any disputed claims after the issuance of a final notice of disallowance. The conference agreement permits the State to retain the funds in controversy except that the State would be liable for interest payments for the full time period it holds the funds if the disallowance is upheld on appeal.

##### SERVICES FOR MEDICALLY NEEDY

The conference agreement modifies current law pertaining to conditions a State must meet if it chooses to offer coverage to its medically needy population.

The conference agreement provides that (A) if a State provides medically needy coverage to any group it must provide ambulatory services to children and prenatal and delivery services for pregnant women; (B) if a State provides institutional services for any medically needy group it must also provide ambulatory services for this population group; and (C) if the State provides medically needy coverage for persons in intermediate care facilities for the mentally retarded (ICF/MR's), it must offer to all groups covered in its medically needy program the same mix of institutional and noninstitutional services as required under current law.

#### PROVISIONS RELATING TO SOCIAL SECURITY (OASDI)

##### ELIMINATION OF THE MINIMUM BENEFIT FOR ALL CURRENT AND FUTURE BENEFICIARIES

The conference agreement eliminates the minimum benefit for all present and future beneficiaries. The amount payable to individuals already receiving benefits based on the minimum primary insurance amount would be recomputed based on their actual earnings record and according to recomputation procedures to be prescribed in regulations issued by the Secretary of Health and Human Services (HHS). All benefits payable to new beneficiaries would be based on their actual earnings, with no minimum payment level, effective for benefits payable after November 1981 for newly eligible beneficiaries, and for all others (current beneficiaries) beginning with benefits payable Mar. 3, 1982. In addition, persons aged 60 to 64 who are entitled to a minimum benefit before December 1981 would become eligible for a special SSI benefit if they qualify under all SSI rules except that pertaining to age. The amount of the special SSI payments would be limited to the difference between the minimum benefit the individual was receiving (without regard for the earnings test) and the recalculated benefit. These SSI payments would not be adjusted for increases in the cost of living; nor would these 60- to 64-year-old persons become eligible for certain other benefits including State supplementation, food stamps, medicaid, or social services as a result of this provision. The Social Security Administration is directed to notify in writing on or before Dec. 3, 1981 all current recipients of minimum benefit. The notice shall read as follows:

"This is to inform you that as a result of the elimination of the minimum benefit, your benefit may be reduced to some degree beginning with your March check. To determine the extent of the reduction, if any, and your possible eligibility for SSI and other assistance programs you may contact your local social security office."

##### RESTRICTIONS ON PAYMENT OF LUMP-SUM DEATH BENEFITS

The conference agreement eliminates the lump-sum death payment effective for deaths occurring after August 1981 in cases where there is neither an eligible spouse nor an entitled child. Under the proposal, only surviving spouses who were living with deceased worker or are eligible to receive monthly cash survivor benefits upon the worker's death would receive the lump-sum death payment. If there were no eligible spouse, the lump-sum death payment would be payable to any child of the deceased worker who was eligible to receive monthly cash benefits as a surviving child. If there were no surviving spouse and no children of the worker eligible for monthly benefits, then no one would be eligible to receive the lump-sum death payment.

#### PROVISIONS RELATING TO SOCIAL SECURITY (OASDI)— CONTINUED

##### MODIFICATION OF MONTH OF INITIAL ENTITLEMENT FOR CERTAIN WORKERS AND THEIR DEPENDENTS

The conference agreement provides that in the case of workers retiring at exact age 62 and in the case of dependents (first claiming benefits at age 62) of retired workers, entitlements to benefits would begin with the first month throughout all of which the individual met all requirements for eligibility. This change would not affect the disabled and their dependents who become entitled at the same time as the worker, although it would apply to dependents who came onto the benefit rolls at some time after the disabled worker becomes entitled. The provision would not affect entitlement to survivors' benefits, to reduced benefits for workers retiring after the month in which they attain age 62, to unreduced benefits in the month (and later months) that an otherwise entitled individual attains age 65, or to medicare benefits. The provision is effective for months after August 1981.

##### TEMPORARY EXTENSION OF EARNINGS LIMITATIONS TO INCLUDE ALL PERSONS UNDER AGE 72

The conference agreement keeps the exempt age under the earnings test at age 72 for 1982. Beginning in 1983, it would be lowered to age 70.

##### TERMINATION OF MOTHER'S AND FATHER'S BENEFITS WHEN YOUNGEST CHILD ATTAINS AGE 16

The conference agreement ends entitlement to benefits for the mother or father caring for a child or children receiving child's insurance benefits, when the youngest child reaches age 16 (rather than age 18, as under current law). The provision would not apply in the case of a parent caring for a disabled child aged 16 or over. The provision would be effective with respect to current beneficiaries only at the end of 2 years after the month of enactment, but would be effective for parents becoming newly entitled in or after the second month after enactment. Benefits to the child or children in the family would not be affected. This provision is effective with respect to current beneficiaries 2 years after the month of enactment. It would be effective for parents becoming newly entitled in or after the second month after enactment.

##### MODIFICATION OF ROUNDING RULES

The conference agreement provides for rounding benefit amounts down to the lower 10 cents at each stage of computing benefits, except at the last step—the actual benefit amount payable per beneficiary. This would be rounded to the next lower dollar. For those beneficiaries electing supplementary medical insurance (SMI), the rounding would occur after the SMI premium was deducted from the OASDI benefit check.

#### COST REIMBURSEMENT FOR PROVISIONS OF EARNINGS INFORMATION

The conference agreement makes clear that reimbursement of costs incurred by SSA in providing earnings information to employers seeking to comply with the Pension Reform Act of 1974 is not governed by the Freedom of Information Act or by the Privacy Act, which contain provisions limiting the extent to which the cost of furnishing information can be recovered, and would permit the Department to recover from the requesting party the full cost of retrieving and transmitting information for purposes of enabling pension plans to comply with the Pension Reform Act.

#### RECENCY OF WORK TEST FOR DISABILITY INSURANCE

The conference agreement rejects this provision with the understanding that this issue will be considered, along with the administration's request for substituting a requirement of 30 quarters of coverage in the last 40 quarters the quarter requirement for 20 out of 40, in the social security financing bills pending before both committees.

#### MODIFICATION OF WORKER'S COMPENSATION OFFSET

The conference agreement makes four modifications of the present worker's compensation offset. First, the offset provision would be expanded to include other disability benefits provided by Federal, State, and local governments, except that need-tested benefits, Veterans' Administration disability benefits, and benefits based on public employment covered by social security would not be taken into account. Second, the reduction in DI to take account of disability benefits provided under other Government programs would apply not only to workers under 62 and their families, but also to workers 62 through 64 and their families. Third, the reduction would be made beginning with the month during which the concurrent payments (Social Security disability and the other governmental disability payments) actually began. Fourth, the provision would amend existing law (which allows States to enact offsets so that Federal offset will not apply) Feb. 18, 1981.

#### REIMBURSEMENT OF STATES FOR SUCCESSFUL REHABILITATION SERVICES

The conference agreement eliminates reimbursement from OASI and DI trust funds to the State vocational rehabilitation agencies for rehabilitation services except in cases where the services have resulted in the beneficiary's performance of substantial gainful activity for a continuous period of 9 months.

#### ELIMINATION OF BENEFITS FOR POST-SECONDARY STUDENTS

The conference agreement eliminates new benefits for child beneficiaries 18 or older in post-secondary school and 19 or older in elementary or secondary school effective August 1982. However, students 18 or older who were entitled to a child's benefit in August 1981 and who began post-secondary school before May 1982 would be able to continue receiving benefits.

#### AID TO FAMILIES WITH DEPENDENT CHILDREN

#### Disregards from earned income for AFDC

The conference agreement standardizes the work expense disregard at \$75 per month for full time employment, caps the child care disregard at \$160 per month, and changes the order of the \$30 plus one-third disregard.

States would be required to disregard the following amount of earnings, in the following order:

- (a) Eligibility determination—the first \$75 of monthly earnings for full time employment (in lieu of itemized work expenses); and the cost of care for a child or incapacitated adult, up to \$160 per child per month.
- (b) Benefit calculation—the first \$75 of monthly earnings for full time employment; child care costs up to \$160 per child per month; and \$30 plus one-third of earnings not previously disregarded.

#### Determination of income and resources for AFDC

The conference agreement requires States to limit allowable resources to \$1,000 (equity value) per family, excluding the home and one automobile. The value of the automobile would be limited by regulations. In addition, States would be permitted to take into account the value of benefits received from food stamps or housing subsidies.

#### Income limit for AFDC eligibility

The conference agreement limits eligibility for AFDC to families with gross incomes at or below 150 percent of the State's standard of need.

#### Treatment of income in excess of the standard of need; lump-sum payments

The conference agreement provides that for purposes of AFDC, income received in a month must be considered available as income in the month it is received and also in future months.

#### Treatment of earned income advance amount under AFDC

The conference agreement provides that in determining earned income for AFDC, the State must assume that an individual is receiving that earned income tax credit (EITC) advance payment that he or she is eligible to receive, regardless of whether the person has applied for the advance payment (i.e., if the individual does not receive advance EITC payments, an amount equal to what he or she could get as advance payment is counted as earned income).

#### Income of stepparents living with dependent child

The conference agreement provides that the income of a stepparent must be counted in determining eligibility and benefit amounts for AFDC applicants and recipients.

#### Community work experience programs

The conference agreement authorizes States to operate community work experience programs which serve a useful purpose, and to require AFDC recipients to participate in these programs as a condition of eligibility.

#### Providing jobs as alternative to AFDC

The conference agreement permits States to use savings from reduced AFDC grant levels to make jobs available on a voluntary basis. Under this approach, recipients would be given a choice between taking a job or depending upon a lower AFDC grant than now exists. States implementing this provision could do so in addition to or as an alternative to the community work experience approach. States would use the savings from the reduced AFDC grant levels to provide or underwrite job opportunities for AFDC eligibles.

#### Work incentive demonstration program

The conference agreement authorizes States to operate a 3-year work incentive demonstration program as an alternative to the current WIN program. Not later than 60 days after enactment, the Governor of a State wishing to conduct a demonstration would have to submit to the Secretary of HHS a letter of application expressing this intent. There would have to be an accompanying State program plan specifying (1) that the operating agency will be the State welfare agency, and (2) that required participation criteria will be the same (statewide) as are applied under the WIN program.

Participating States would be funded at a level equal to their 1981 WIN allocation augmented by any other Federal funding which may be available for establishing AFDC work programs in the State.

#### Effect of participation in a strike on eligibility for AFDC

The conference agreement provides that AFDC would not be payable to a family if a caretaker relative (mother or father) is, on the last day of the month, participating in a strike. If an individual in the family other than a caretaker relative is on strike, that individual's needs would not be included in determining the amount of the AFDC payment. In addition participation in a strike would not constitute good cause to leave or to refuse to seek or accept employment.

#### Age limit of dependent child

The conference agreement limits eligibility to a child under age 18, or, at State option, under 19, but only if the child is a full-time student in a secondary or technical school and may reasonably be expected to complete the program before he reaches age 19.

##### Limitation on AFDC to pregnant women

The conference agreement prohibits States from paying to pregnant women with no children until the 6th month of pregnancy. However, a State could provide medicaid for AFDC-eligible pregnant women with no children from the determination of pregnancy.

##### Aid to families with dependent children by reason of unemployment of a parent

The conference agreement provides that eligibility for AFDC on the basis of a parent's unemployment (AFDC-UP) would be limited to those families in which the principal earner is unemployed. The principal earner would be the parent who earned more income during the 2 years preceding the application for benefits. The entire family would be ineligible for AFDC if the principal earner is not registered for work or training.

##### Work requirements for AFDC recipients

The conference agreement applies the AFDC work requirements to children age 16 and over unless they are in elementary, secondary, or vocational school (not college). Parents caring for a child under 6 would be exempt from work requirements only if they are providing care with only brief or infrequent absences from the child.

##### Retrospective budgeting and monthly reporting

The conference agreement requires States to adopt a retrospective accounting and monthly reporting system. A family's eligibility for benefits would be determined on the basis of income and other factors in the current month, but the amount of benefits would be determined on the basis of income and other circumstances in the previous month. For the first month of eligibility, however, both eligibility and benefit amount would be determined on the basis of income and circumstances in the current month.

States would have to require all recipients to provide monthly reports on income, family composition, resources, and other relevant factors.

##### Prohibition against payment of aid in amounts below \$10

The conference agreement provides that States could not make AFDC payments in amounts less than \$10 a month. Individuals denied a benefit as a result of this provision would be considered recipients for all other purposes, including medicaid eligibility.

##### Removal of limit on restricted payments in a State's AFDC program

The conference agreement removes all restrictions on the number of cases in which vendor payments may be made even though they could otherwise receive payments directly.

##### Adjustment for incorrect payments

The conference agreement requires States to take prompt action to correct both overpayments and underpayments. Current recipients could either repay the amount of an overpayment or have the amount of their AFDC payment reduced. The AFDC payment for any month in which overpayments are being recovered, together with the recipient's liquid resources and all income, would have to equal at least 90 percent of the payment that a family would receive if it had no other income. Payments correcting underpayments could not be considered as resources in the month of receipt or the next month.

##### Reduced Federal matching of State and local AFDC training costs

The conference agreement reduces the Federal matching for costs of training employees of State or local agencies administering AFDC from 75 percent to 50 percent effective with respect to expenditures made after Sept. 30, 1981.

##### Eligibility of aliens for AFDC

The conference agreement provides that, for purposes of eligibility for AFDC, legally admitted aliens who apply for benefits for the first time after Sept. 30, 1981 would be deemed to have income and resources of their immigration sponsors available for their support for a period of 3 years after their entry into the United States. The eligibility of such aliens for AFDC would be contingent upon their obtaining the cooperation of their sponsors in providing necessary information to the State welfare agency to carry out this provision. The alien and the sponsor would be jointly and severally liable for repayment of any benefits incorrectly paid because of misinformation provided by the sponsor or because of his failure to report, and any such incorrect payments for which the alien or sponsor would otherwise be eligible under the Social Security Act. A sponsor's income deemed to the alien would be considered unearned income and would result in a dollar-for-dollar reduction in the alien's AFDC benefit.

The amount of resources deemed to the alien would be equal to the amount of the resources of the sponsor and spouse as determined under the State's AFDC resource rules, reduced by \$1,500.

Under the provision, an alien applying for AFDC would be required to make available to the State agency any documentation concerning his income or resources or those of his sponsor (if he has one) which he provided in support of his immigration application. The Secretary of Health and Human Services would be authorized to obtain copies of any such documentation from other agencies (i.e., State Department or Immigration and Naturalization Service), and to provide the information, upon request, to a State agency. The Secretary of HHS would also be required to enter into cooperative arrangements with the State Department and the Justice Department to assure that the persons sponsoring the immigration of aliens are informed at the time of sponsorship that, if the alien applies for AFDC, the sponsorship affidavit will be made available to the public assistance agency and the sponsor may be required to provide further information concerning his income and assets in connection with the alien's application for assistance.

The provision would not apply to any alien who is (1) admitted to the United States as a result of the application, prior to Apr. 1, 1980, of the provisions of sec. 203(a)(7) of the Immigration and Nationality Act; (2) admitted to the United States as a result of the application, after Mar. 31, 1980, of the provisions of sec. 207(c)(1) of such act; (3) paroled into the United States as a refugee under sec. 212(d)(5) of such act; (4) granted political asylum by the Attorney General under sec. 208 of such act; or (5) a Cuban or Haitian entrant as defined in sec. 501(e) of the Refugee Education Assistance Act of 1980.

#### CHILD SUPPORT ENFORCEMENT

#### Collection of past-due child and spousal support from Federal tax refunds

The conference agreement provides that the authority which is provided in current law for collection by the Internal Revenue Service of amounts which represent delinquent child support payments would be amplified in the following way. Upon receiving notice from a State child support agency that an individual owes past-due support which has been assigned to the State as a condition of AFDC eligibility, the Secretary of the Treasury would be required to withhold from any tax refunds due that individual an amount equal to any past-due support.

#### Collection of support for certain adults

The conference agreement provides that the authority which exists in present law to enforce obligations for support of a child is expanded to include, in addition, authority to enforce obligations for support of the parent with whom the child is living. Authority would also be added to use IRS collection procedures to collect support obligations with respect to the parent with whom the child is living and who is receiving AFDC.

#### Cost of collection and other services for non-AFDC families

The conference agreement requires States to retain a fee equal to 10-percent of the support collected on behalf of a non-AFDC family. This 10-percent fee would be charged against the absent parent and added to the amount of the collection.

#### Child support obligations not discharged by bankruptcy

The conference agreement reinstates a provision of the Social Security Act declaring that a child support obligation assigned to a State as a condition of AFDC eligibility is not discharged in bankruptcy.

#### Child support intercept of unemployment benefits

The conference agreement requires child support enforcement agencies to determine on a periodic basis whether any individuals who owe child support obligations enforceable by the agency are receiving unemployment compensation or trade adjustment assistance benefits. The child support enforcement agency would be required to collect any outstanding child support obligations owed by an individual receiving unemployment benefits—through an agreement with the individual or, in the absence thereof, the legal processes of the State—by having a portion of the individual's employment benefits withheld and forwarded to the State child support agency.

#### SUPPLEMENTAL SECURITY INCOME BENEFITS

#### Retrospective accounting

The conference agreement provides generally for changing the present quarterly prospective method of accounting for SSI to a monthly retrospective system. The bill requires that the SSI benefit amount, in general, be determined on the basis of the prior month's income and circumstances, i.e., retrospectively. Eligibility would be determined on the basis of income and other circumstances of the current month, i.e. prospectively.

#### Eligibility of SSI recipients for food stamps

The conference agreement modifies current Federal SSI food stamp "cash-out" requirements so that a State could continue to "cash-out" food stamps for SSI recipients so long as it (1) had previously increased its supplementary benefits to include the bonus value of food stamps, (2) was providing a cash payment in lieu of food stamps as of December 1980, and (3) continued to pass through the Federal cost-of-living increases as required under sec. 1618 of current SSI law. The provision affects SSI recipients in Massachusetts, Wisconsin, and California.

### CONFERENCE AGREEMENT—Continued

#### Matters Within Finance Committee's Jurisdiction— Continued

#### SUPPLEMENTAL SECURITY INCOME BENEFITS—CONTINUED

##### Payment to States with respect to certain unnegotiated checks

The conference agreement provides that the negotiability of SSI checks would continue to be unlimited. However, the Secretary of the Treasury would be required, on a monthly basis, to notify the Secretary of HHS of all benefit checks which have not been presented for payment within 180 days after the date of issuance. The Secretary of HHS would be required to return (or credit) amounts which represent State supplementary payments to the State. The Social Security Administration would be required to attempt to determine the whereabouts and eligibility of those recipients whose checks were not negotiated within 180 days of issuance.

##### Funding of rehabilitation services for SSI recipients

The conference agreement allows the Secretary to reimburse State vocational rehabilitation agencies only for services provided to SSI recipients who subsequently perform substantial gainful activity which lasts for a continuous period of 9 months, under the same conditions as are applicable with respect to reimbursement for services to social security beneficiaries.

##### Special interim cost-of-living increase in SSI benefits

The conference agreement deletes this provision.

#### SOCIAL SERVICES BLOCK GRANT

The conference agreement provides for amending the existing title XX of the Social Security Act to establish a new block grant to States for social services. The new block grant would not incorporate the child welfare services, foster care, and adoption assistance programs.

The new title XX would provide that each State be entitled to an annual allotment for operating social services programs aimed at meeting the following goals:

- (1) Achieving or maintaining economic self-support to prevent, reduce, or eliminate dependency;
- (2) achieving or maintaining self-sufficiency, including reduction or prevention of dependency;
- (3) preventing or remedying neglect, abuse, or exploitation of children and adults unable to protect their own interests, or preserving, rehabilitation, or reuniting families;
- (4) preventing or reducing inappropriate institutional care by providing for community-based care, home-based care, or other forms of less intensive care; and

- (5) securing referral or admission for institutional care when other forms of care are not appropriate, or providing services to individuals in institutions.

The amount of the allotment for each State would be its share of a national total of \$2.4 billion in 1982, \$2.45 billion in 1983, \$2.5 billion in 1984, \$2.6 billion in 1985, and \$2.7 in 1986 and years thereafter. Allotments would be based on State population. (The share allotment for Puerto Rico, Guam and the Virgin Islands and the other Mariana Islands would be based on their share of the amounts allotted to them in 1981 under title XX, reduced to reflect the new funding levels.)

The program would operate as an appropriated entitlement in which the Federal Government is obligated to appropriate an amount sufficient to meet all qualified State expenditures up to the amount of the State allotment. There would be no non-Federal matching requirement, and States would be able to claim funds within their allotments for expenditures in the fiscal year to which the allotment applies or in the following year. Unexpended funds would not be reallocated. However, each State would be authorized to transfer up to 10 percent of its annual title XX allotment for expenditures under health, or energy assistance block grant programs.

Expenditures for services could include expenditures for administration (including planning and evaluation); personnel training and retraining directly related to provision of those services (including both short- and long-term training at educational institutions through grants to institutions or by direct financial assistance to students); and conferences or workshops, and training or retraining through grants to nonprofit organizations or to individuals with social services expertise.

Before expending funds under the new title XX program for any fiscal year, States would be required to develop and make public a report on how the funds are to be used, including information about the types of activities to be funded and the characteristics of the individuals who will be serviced. The report would have to be submitted to the Secretary.

Each State would determine the types of services to be provided, and, unlike present law, there would be no requirement that a specific portion of the funds be used for welfare recipients, or that services be limited to families with incomes below 115 percent of State median income.

Title XX funds could not be used for the following specified purposes:

- (1) The purchase or improvement of land or buildings;
- (2) room and board cost (except for certain short-term or emergency shelter);
- (3) wage payments other than payments under the provisions for subsidizing the costs of hiring welfare recipients in child care jobs;
- (4) medical care (except where it is an integral part of another service) other than initial detoxification of an alcoholic or drug dependent individual, family planning services, or rehabilitation services;
- (5) institutional services provided by the institution (except for rehabilitation services or services for alcoholic or drug dependent individuals);
- (6) educational services which are generally available; and
- (7) services in the form of cash payments.

The Secretary of HHS would have authority to waive the prohibition against medical services and against the purchase or improvement of land or buildings where he finds extraordinary circumstances justify such uses.

CONFERENCE AGREEMENT—Continued

Matters Within Finance Committee's Jurisdiction—Continued

SOCIAL SERVICES BLOCK GRANT—CONTINUED

Child care provided with title XX funds would have to meet applicable State and local laws. The conference agreement continues the provisions in present law which authorize use of social services funds to make grants to qualified day care providers to pay wages (with specified restrictions) of welfare recipients hired as day care workers.

States would be required at least every 2 years to prepare and make available reports showing in detail how the program funds were expended and demonstrating that such expenditures meet the requirements of title XX. The report would also have to be transmitted to the Secretary, as required in the Senate amendment. In addition, States would be required to audit their programs at least every 2 years (with the audit being conducted by an entity which does not receive title XX funds). Any amounts expended which did not comply with title XX requirements would be recovered by the Federal Government.

The Department of Health and Human Services would be required to conduct a study to identify ways States could evaluate their programs. The study would consider Federal incentive payments as an option, and would be submitted to Congress within a year of enactment.

PROVISIONS RELATING TO UNEMPLOYMENT COMPENSATION

Elimination of national trigger under the extended benefits program

The conference agreement repeals the national trigger, effective for weeks beginning after the date of enactment.

Modification of optional State level for extended benefits

The conference agreement raises from 4 percent (plus 20 percent factor) to 5 percent (plus 20 percent factor) the IUR at which extended benefits would be payable in any State, and also raises the optional trigger rate from 5 percent to 6 percent. The provision is effective for weeks beginning after Sept. 25, 1982.

Exclude extended benefits claimants in determining rate of insured unemployment for extended benefit trigger calculation

The conference agreement excludes extended benefit claimants from the calculation of the IUR for extended benefits trigger purposes. Only individuals filing claims for regular State unemployment compensation would be included in calculating extended benefits trigger rates. The provision is effective on enactment.

Require 20 weeks of work or equivalent wages for extended benefits

The conference agreement requires extended benefits claimants to have worked at least 20 weeks, or have an equivalent amount of wages, during the base period in order to receive extended benefits. A State could use one of the following measures of equivalent wages:

- Wages equal to 40 times the claimant's weekly benefit amount; or
- Wages equal to 1.50 times the claimant's wages earned in the quarter with the highest wages.

The provision is effective for weeks beginning after Sept. 25, 1982.

Limitations on unemployment benefits paid to ex-servicemen

The conference agreement disqualifies for unemployment compensation those ex-servicemen who leave the military on or after July 1981.

Federal unemployment compensation loans to States

The conference agreement provides the following:

Limit on Federal Tax Credit Reduction

Effective Oct. 1, 1981, through Dec. 31, 1987, in States that meet the solvency requirements described below, reductions in the Federal tax credit resulting from outstanding Federal loans would be limited to 0.6 percent or, if higher, the level that was in effect in the year prior to the year the State qualifies for the limitation. The years in which a State meets the requirements, and therefore qualifies for a limitation in the credit reduction, would not count in determining the level of the increase in the net Federal tax in subsequent years in which the State does not meet the solvency requirements.

In order to qualify for the limitation on the credit reduction for tax years 1981 and 1982, a State would have to meet the conditions of (A) and (B) described below. In subsequent years a State must meet the conditions of (A), (B), (C), and (D) described below.

(A) No State action was taken during the 12-month period ending on Sept. 30 of such taxable year in question (excluding any action required under State law as in effect prior to the date of the enactment of this subsection) which has resulted or will result in a reduction in such State's unemployment tax effort (as defined by the Secretary of Labor in regulations);

(B) No State action was taken during the 12-month period ending on Sept. 30 of the taxable year (excluding any action required under State law as in effect prior to the date of enactment of this subsection) which has resulted or will result in a net decrease in the solvency of the State unemployment compensation system (as defined by the Secretary of Labor in regulations);

H.R. 3982★—Continued

### CONFERENCE AGREEMENT—Continued

#### Matters Within Finance Committee's Jurisdiction— Continued

##### PROVISIONS RELATING TO UNEMPLOYMENT COMPENSATION—CONTINUED

#### Federal unemployment compensation loans to States— Continued

(C) The estimated average unemployment tax rate in the State for the year in question (total unemployment taxes paid by State employers in the calendar year divided by total wages of employers subject to State unemployment taxes) is equal to or greater than the average of the ratio of benefit expenditures (minus reimbursable benefits) to total wages of employers subject to State unemployment taxes for the last 5 calendar years. (For purposes of this requirement, for tax years 1981-83, all Federal unemployment taxes in excess of the standard amount (currently 0.7 percent)—using the Federal tax rate the State would pay if it qualifies for the limit on the tax credit reduction—would be added to all State unemployment taxes in determining the average tax rate in the State. For tax year 1984, only the amount of Federal unemployment taxes in excess of the standard 0.7 percent plus 0.6 percent would be added to State unemployment taxes. Beginning with tax year 1985, only State taxes would be counted. For tax years 1981-83, in making the determination of benefit expenditures for the previous 5 years, only expenditures for regular State benefits would be counted for all years up through 1981. For tax year 1984, the State share of extended benefits payments would be added to State benefit expenditures for 1981; and, for the tax year 1985, extended benefit payments would be added to State benefit expenditures for 1980 and 1981. For all years beginning with 1982, benefit expenditures would include payments for regular State benefits, extended benefits and interest charges on Federal loans); and

(D) The amount of the State's outstanding loans on Sept. 30 of the tax year in question was not greater than the amount of outstanding loans for the State on Sept. 30 of the third preceding taxable year (or, for purposes of applying this subparagraph to the taxable year 1983, Sept. 30, 1981).

This means that, for tax year 1983, the State's loan balance as of Sept. 30, 1983 will be compared to, and must not be greater than, the State's loan balance as of Sept. 30, 1981. For tax year 1984, the loan balance as of Sept. 30, 1984, must not be higher than the balance on Sept. 30, 1981. For tax year 1985, the loan balance on Sept. 30, 1985, must not be higher than the balance on Sept. 30, 1982. For tax year 1986, the loan balance on Sept. 30, 1986, must not be higher than the balance on Sept. 30, 1983. And, for tax year 1987, must not be higher than the balance on Sept. 30, 1984.

#### *Interest on Federal Unemployment Compensation Loans to States*

Interest would be charged on unemployment loans to States received between Apr. 1, 1982 and Dec. 31, 1987. The rate of interest charged in any year would be the same rate as that paid by the Federal Government on balances in State unemployment trust funds for the quarter ending Dec. 31 of the preceding year, but no higher than 10 percent per annum.

A State would not have to pay interest on a loan that is repaid by Sept. 30 of the calendar year in which the advance was received, if the State receives no new advances during the period remaining in the calendar year following the repayment. If a State does receive additional loans during the period remaining in a calendar year after such repayment, interest would be charged on the repaid loan from the date it was received until the date it was repaid.

Interest would be payable on the last day of the fiscal year in which the loan is received. The payment of interest on loans received in the last (5) five months of any fiscal year could be delayed until the last day of the following fiscal year; however, interest at the rate specified above would be charged against the amount of interest for which payment was delayed. A State could not pay interest on Federal loans out of its unemployment trust fund.

#### *Non-FUTA Repayments*

Any non-FUTA State repayments (not including the lump-sum repayment in lieu of the credit reduction) would be credited first to the most recent loans received by the State that have not triggered a credit reduction.

#### *Expiration Date*

The limitation on credit reduction provisions are effective for the period Oct. 1, 1981 through Dec. 31, 1987. However, years in which a State qualified for a limitation on the credit reduction while these provisions were in effect would not count in determining the level of the credit reduction in years after the expiration of these provisions.

Interest would be charged on loans received during the period Apr. 1, 1982 through Dec. 31, 1987. States would be required to pay any interest that accrued during and after Apr. 1, 1982 on loans received during this period.

#### *Certification of State unemployment laws (sec. 747 of the Senate amendment)*

The conference agreement prohibits certification by the secretary of labor of any State which has failed to amend its unemployment compensation law so that it contains provisions required to be included by this bill, including provisions of the Federal-State Extended Unemployment Compensation Act.

Delays for 1 year the effective dates of Senate amendment secs. 741 and 742 for any State whose legislature does not meet at least 25 calendar days after the date of enactment and before Sept. 25, 1981.

Delays for 1 year the effective dates of Senate amendment secs. 743 and 744 for any State whose legislature does not meet at least 25 calendar days after the date of enactment and before Sept. 25, 1982.

### CONFERENCE AGREEMENT—Continued

#### Matters Within Finance Committee's Jurisdiction— Continued

#### TRADE ADJUSTMENT ASSISTANCE (TAA) PROVISIONS

##### A. WORKERS

##### Group certification criteria

The conference agreement tightens the causal link between increased imports and worker layoffs and declining firm production/sales from the current "contributed importantly" standard to a standard of "substantial cause." Substantial cause is defined as "a cause which is important and not less than any other cause." The change is effective for petitions for certification filed on or after date of enactment.

##### Benefit information to workers

The conference agreement broadens the Secretary of Labor's information responsibilities to include workers in any industry; expands information required to include program benefits and services, applications procedures, and filing dates; and to informing State vocational education and other agencies and employers of certifications issued and possible training needs; requires the Secretary to make every effort to insure and review State agency compliance with provision of program payments and services. This provision would be effective upon date of enactment.

##### Qualifying requirements for individual workers

The conference agreement:

- a. Limits a worker to payment of trade readjustment allowances (TRA) for any weeks of unemployment which begin more than 60 days after the date the petition was filed;
- b. liberalizes the 26-week prelayoff employment requirement by including as qualifying weeks only the week of employment in which the separation occurs, and up to 3 weeks of employer-authorized leave or vacation, sickness, injury, maternity, military, or to serve as full-term union representative; or up to 7 weeks of disability covered by workmen's compensation; or up to 7 weeks combining disability and not more than 3 weeks of employer-authorized or union leave;
- c. adds requirements that a worker:
  1. Have received credit for any waiting week period required under applicable State or Federal unemployment insurance (UI) law;
  2. have exhausted all rights to UI in his most recent benefit period under State or Federal law;
  3. not be entitled to payment of any further UI or waiting period credit under State or Federal law;
  4. comply with the "suitable work" test under the Federal-State Extended Unemployment Compensation Act of 1970 (EB); and
  5. cannot collect another round of TRA benefits under the same certification after exhaustion of a subsequent UI benefit period.

d. Authorizes the Secretary of Labor to require all workers in a labor market area, after their first 8 weeks of TRA eligibility, to accept training for a period no longer than their remaining TRA benefits or to extend job search beyond the area if unemployment is high, suitable employment opportunities are not available, and training facilities are available in that area, and if training is approved as an alternative choice for the individual worker.

The provisions are effective for TRA payable for weeks of unemployment beginning after Sept. 30, 1981.

##### Time limit on TRA benefits

The conference agreement provides that if UI extended benefits are not triggered "on" until a worker exhausts UI and collects one or more weeks of TRA, the number of weeks he was entitled to TRA will be deducted from the number of weeks of EB to which he would otherwise be entitled, so as to limit combined UI and TRA benefits to a maximum 52 weeks.

##### Training and other employment services

The conference agreement provides that the Secretary of Labor must provide and pay training costs if he approve training after determining (a) no suitable employment is available, (b) the worker would benefit from training, (c) there is reasonable expectation of employment after training, (d) approved training is available, and (e) the worker is qualified.

In addition, the conference agreement provides that—

- (a) The employment services and training are available even if EB "suitable work" is available. The worker cannot be disqualified or ineligible for UI or TRA benefits by leaving lower-level or minimum wage EB-required work for training.
- (b) Supplemental assistance for "reasonable" expenses will be increased not to exceed actual per diem expenses or 50 percent of Federal per diem allowances for subsistence and the Federal Travel Regulations mileage rate.

These provisions are effective for registrations for services and applications for allowances made or filed after Sept. 30, 1981.

##### Job search and relocation allowances

The conference agreement:

- a. Increases the job search allowance from 80 to 90 percent of necessary expenses and the maximum of \$600. It increases the relocation allowance limit from 80 to 90 percent of reasonable and necessary expenses and maximum lump-sum payments to \$600. It also increases the job search and relocation allowance expenses to the same levels as supplemental assistance above.
- b. Provides that certified workers partially laid off may file applications for job search or relocation allowances, but must be totally separated to receive benefits. Job search applications must be filed within 1 year after certification or total layoff, whichever is later, or 6 months after completing training. Relocation applications must be filed within 14 months after certification or total layoff, whichever is later, or 6 months after training completion.

The provisions are effective for applications filed after Sept. 30, 1981.

The conference agreement does not include this provision.

Technical assistance

The conference agreement contains amendments to the Trade Act to provide authorities to continue current practice under Economic Development Administration law for technical assistance to firms in preparing petitions for certification; for furnishing technical assistance through grants of up to 100 percent of administrative expenses to intermediary organizations such as regional Trade Adjustment Assistance Centers; and for industry-wide technical assistance of up to \$2 million annually per industry. These provisions are effective upon date of enactment.

Financial assistance

The conference agreement:

- A. Provides the Secretary of Commerce greater latitude in determining whether to guarantee loans by prohibiting guarantees if he determines that the interest rate is excessive when compared with other loans bearing Federal guarantees and subject to similar terms and conditions, or if interest on the loan is exempt from Federal income taxation;
- B. Provides maximum maturities of 10 years on direct loans or loan guarantees to supply working capital, and 25 years or the useful life of the fixed assets, whichever period is shorter, on direct loans or loan guarantees for other purposes;
- C. Adds provisions to make participation in loan guarantees more attractive to private lenders;
- D. Limits the principal amount of loans made or guaranteed to the amount provided in advance in appropriation acts;
- E. Authorizes the Secretary of Commerce to treat information received in connection with an application for financial assistance as privileged or confidential; and

F. Requires direct loans or guarantees to acquire or develop capital assets ordinarily to be secured by a first lien and to be fully amortized.

These provisions are effective upon date of enactment.

## HOUSE BILLS REFERRED TO COMMITTEE

### H.R. 4242★

To amend the Internal Revenue Code of 1954 to encourage economic growth through reductions in individual income tax rates, the expensing of depreciable property, incentives for small businesses, and incentives for savings, and for other purposes.

#### SUMMARY OF H.R. 4242 AS PASSED BY THE HOUSE

##### A. INDIVIDUAL INCOME TAX REDUCTIONS

###### 1. GENERAL RATE REDUCTIONS

Provides across-the-board rate reductions of 1 1/4 percent for 1981, 10 percent for 1982, 19 percent for 1983 and 23 percent for 1984. All tax rates will be reduced by approximately these percentages. Withholding changes will take place on Oct. 1, 1981, July 1, 1982, and July 1, 1983.

###### 2. TOP MARGINAL TAX RATE

Reduces the top tax rate to 50 percent in 1982. A 20-percent top tax rate on long-term capital gains applies to sales after June 9, 1981.

###### 3. MARRIAGE PENALTY

Provides a deduction for married couples on the first \$30,000 of earnings of the spouse with the lesser amount of earnings, effective in 1982. The deduction is phased in so that a 10-percent rate takes effect in 1983.

###### 4. INDEXING

Starting in 1985, the income tax brackets, the zero bracket amount and the personal exemption will be adjusted annually for inflation (as measured by the Consumer Price Index).

###### 5. FOREIGN EARNED INCOME

Replaces the existing provisions for income earned abroad with an exemption for the first \$95,000 of such income and an exclusion for excess housing costs. The maximum exclusion will be \$75,000 in 1982 and will be phased up to \$95,000 in \$5,000 increments.

###### 6. CAPITAL GAINS ON HOMES

Increases the period in which gain must be reinvested under the rollover provision to 24 months, and increases the maximum exclusion for taxpayers age 55 or over to \$125,000.

###### 7. HOLDING PERIOD FOR CAPITAL GAINS

Reduces the holding period to 6 months for all assets.

##### 8. CHARITABLE CONTRIBUTIONS

Permits taxpayers to deduct a percentage of their charitable contributions even if they do not itemize the rest of their deductions. For 1982-84, the percentage is 25 percent; for 1985, it is 50 percent; and for 1986, it is 100 percent. For 1982-84, the maximum deduction is \$25. The provisions terminate after 1986.

##### B. CAPITAL COST RECOVERY PROVISIONS

###### 1. UNDERLYING CONCEPT

Provides that the costs of eligible property will be recovered over recovery periods of 3, 5, 10, and 15 years.

###### 2. ELIGIBLE PROPERTY

Provides that property eligible for the new system is essentially all depreciable property other than certain property not eligible for the investment tax credit.

###### 3. USEFUL LIVES AND METHODS

###### A. Personal property (i.e., equipment)

Personal property is put into one of four classes. In each class there is a statutory method of cost recovery which, in the years 1981 through 1984, approximates the 150-percent declining balance method, with a switch to the straight-line method. In 1984, the method is accelerated to approximate the 175-percent declining balance method, with a switch to the sum-of-the-years-digits method, and in 1986 there is a further acceleration to an approximation of the 200-percent declining balance method, with a switch to SYD.

3-year class: This class includes autos, light-duty trucks, R&D equipment, and any other property with an ADR life of 4 years or less.

5-year class: This class includes most other equipment and single-purpose agricultural structures.

10-year class: This class includes railroad tank cars, theme park structures, and public utility property with an ADR class life of 18 to 25 years.

15-year class: This class includes public utility property with an ADR class life exceeding 25 years.

###### B. Real property

All structures are depreciated over a 15-year recovery period unless the taxpayer elects a longer recovery period. Taxpayers may use either the straight-line method or the 200-percent declining balance method.

###### 4. RECAPTURE OF DEPRECIATION

If a taxpayer uses straight-line depreciation on a structure, all gain is capital gain. If a taxpayer elects accelerated depreciation on a nonresidential structure, all depreciation is recaptured as ordinary income. If a taxpayer elects accelerated depreciation on a residential structure, only the excess of accelerated over a straight-line depreciation is recaptured as ordinary income.

###### 5. SPECIAL DEPRECIATION FOR SMALL BUSINESS

There is an election to expense up to \$5,000 in 1982 and 1983, \$7,500 in 1984 and 1985, and \$10,000 in 1986 and thereafter.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4242★—Continued

### SUMMARY OF H.R. 4242 AS PASSED BY THE HOUSE—Continued

#### B. CAPITAL COST RECOVERY PROVISIONS—CONTINUED

##### 6. FLEXIBILITY

Taxpayers are allowed to use the straight-line method and to elect two longer recovery periods for each class of property.

##### 7. REGULAR INVESTMENT TAX CREDIT

The investment tax credit is 6 percent for eligible property in the 3-year class and 10 percent for property in the other classes.

##### 8. AT-RISK LIMITATION

The investment tax credit is limited to that portion of the investment with respect to which a taxpayer is at risk. There are exceptions for amounts borrowed from certain kinds of financial institutions.

##### 9. LEASE FINANCING

The rules on recognition of leases of corporate lessors for tax purposes are considerably liberalized.

##### 10. CONSTRUCTION PERIOD INTEREST AND TAXES

Provides a 1-year postponement.

##### 11. EFFECTIVE DATES AND PHASE-IN

The new rules are effective for property placed in service in 1981 and future years. However, there is an acceleration of the method of depreciation for personal property in 1985, and the permanent rule for personal property takes effect in 1986.

#### C. REHABILITATION EXPENDITURES

##### 1. INVESTMENT TAX CREDIT

Replaces the present investment tax credit for rehabilitation with a new graduated tax credit. The credit will be 15 percent for nonresidential buildings 30 to 39 years old, 20 percent for nonresidential buildings more than 39 years old and 25 percent for certified historic structures. For the 15-percent and 20-percent credits, the basis for recovery allowances will be reduced by the amount of the credit.

##### 2. DEMOLITION OF HISTORIC STRUCTURES

Repeals the straight-line method of depreciation.

#### D. INCENTIVES FOR RESEARCH AND EXPERIMENTATION

##### 1. TAX CREDIT FOR INCREMENTAL EXPENDITURES

The bill provides a 25-percent tax credit for expenditures on research and experimentation in excess of a 3-year moving average base period. All such expenditures, other than overhead and depreciation, are taken into account. The credit sunsets after 1985.

##### 2. CHARITABLE CONTRIBUTIONS

The rule that now applies for property used to care for the needy, the ill or infants is extended to contributions of research equipment made by a corporation to a college or university.

##### 3. ALLOCATION OF RESEARCH EXPENDITURES TO FOREIGN INCOME

Provides that taxpayers must allocate all research expenditures on activities conducted in the United States to U.S.-source income. The Treasury is required to study the impact of its allocation regulations.

#### E. SMALL BUSINESS PROVISIONS

##### 1. ACCUMULATED EARNINGS CREDIT

The accumulated earnings credit is generally increased to \$250,000.

##### 2. SUBCHAPTER S CORPORATIONS

The maximum number of shareholders is increased to 25, and certain kind of trusts are made eligible shareholders.

##### 3. INVENTORY ACCOUNTING FOR SMALL BUSINESSES

Provides for certain simplifying changes in the LIFO inventory accounting method. These are (1) permitting the income from the increase in inventory value required when LIFO is elected to be spread over 3 years; (2) permitting small businesses (\$1 million of gross revenue) to use one inventory pool; (3) requiring the Treasury Department to prescribe regulations providing for the use of published Government indexes. In addition, the Treasury Department is required to study LIFO accounting and cash accounting.

##### 4. INVESTMENT CREDIT FOR USED PROPERTY

The used property limitation is increased to \$125,000 in 1982 through 1984 and \$150,000 thereafter.

#### F. WINDFALL PROFIT TAX AND OTHER ENERGY TAX PROVISIONS

##### 1. ROYALTY OWNER CREDIT OR EXEMPTION

There is a royalty owner credit for 1981 of \$2,500 and an exemption for 2 barrels per day in 1982 through 1984 and 4 barrels per day thereafter.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4242★—Continued

### SUMMARY OF H.R. 4242 AS PASSED BY THE HOUSE—Continued

#### F. WINDFALL PROFIT TAX AND OTHER ENERGY TAX PROVISIONS—CONTINUED

##### 2. NEWLY DISCOVERED OIL

The tax rate on newly discovered oil is reduced to 15 percent over a 5-year period. Specifically, the rates will be 27 1/2 percent in 1982, 25 percent in 1983, 22 1/2 percent in 1984, 20 percent in 1985 and 15 percent after 1985.

##### 3. PRODUCER EXEMPTION

There is an exemption for an unlimited amount of stripper oil produced by independent producers after 1982.

##### 4. OTHER WINDFALL PROFIT TAX PROVISIONS

Includes the exemption for child care agencies but not the provision for natural gas retailers.

##### 5. PERCENTAGE DEPLETION

Continues percentage depletion for oil and gas at a 22-percent rate.

##### 6. RESIDENTIAL ENERGY CREDITS

Extends the 15-percent residential energy credit to woodburning stoves.

#### G. CORPORATE TAX REDUCTIONS AND OTHER BUSINESS PROVISIONS

##### 1. GRADUATED CORPORATE TAX RATES

Reduces the tax rate in the bottom two corporate brackets (those applying to taxable income below \$50,000) by one percentage point in 1982 and by one additional point in 1983 and subsequent years.

##### 2. STOCK OPTIONS

Provides for restricted stock options under which there will be no tax consequences when the option is granted or exercised, and the difference between the exercise price and the sales price of the stock will be taxed as a capital gain when the stock is sold by the employee. Options must be exercised in the order granted, and the application of the new rule to options granted during the years 1976-80 is limited to a total of \$150,000.

##### 3. MOTOR CARRIER OPERATING RIGHTS

Permits 60-month amortization for the basis of motor carriers' operating rights held on July 1, 1980.

#### 4. TARGETED JOBS CREDIT

Extends the credit through 1983, expands it to include WIN registrants and people involuntarily terminated from CETA jobs and eliminates cooperative education students and retroactive certifications.

#### H. SAVINGS INCENTIVES

##### 1. INDIVIDUAL RETIREMENT ACCOUNTS

Increases the limit on IRA contributions to the lesser of 100 percent of compensation or (\$2,250 for a spousal IRA). In addition, the bill allows active participants in tax-qualified plans to be eligible for IRA deductions.

##### 2. SELF-EMPLOYED RETIREMENT SAVINGS

Increases the contribution limit to \$15,000.

##### 3. INTEREST AND DIVIDEND EXCLUSION

Terminates the \$200 interest and dividend exclusion after 1981. Beginning in 1985 it introduces a new interest exclusion for 15 percent of interest received in excess of interest deducted other than business and home mortgage interest. This net interest exclusion is limited to \$3,000 of net interest per year (\$6,000 for joint returns).

##### 4. TAX-EXEMPT SAVINGS CERTIFICATES

There is an exclusion for up to \$1,000 (\$2,000 for a joint return) of interest on "all savers" certificates. These certificates must have an interest yield no greater than 70 percent of the Treasury bill rate, and institutions issuing these certificates must invest certain amounts in residential financing or agricultural loans.

##### 5. DIVIDEND REINVESTMENT

Permits taxpayers to exclude up to \$1,500 a year (\$3,000 for a joint return) of dividends received from public utility corporations if the dividends are reinvested in stock in the utility. The dividends excluded under this provision will reduce the taxpayer's basis in the stock and thus will increase the taxpayer's capital gain when he sells the stock.

#### I. ESTATE AND GIFT TAX PROVISIONS

Provides:

- (1) An increase in the level of transfers at which the estate and gift tax rates begin from \$175,625 to \$600,000, phased in over a 6-year period.
- (2) Elimination of the estate and gift tax on all gifts and bequests between spouses.
- (3) An increase in the gift tax exclusion for gifts in any single year to any one person from \$3,000 to \$10,000 plus an unlimited exclusion for gifts paid for medical expenses and school tuition.
- (4) Liberalization of the provision for current use valuation of farms and real estate, including an increase in the maximum reduction in the taxable estate resulting from this provision from \$500,000 to \$1 million.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4242★—Continued

### SUMMARY OF H.R. 4242 AS PASSED BY THE HOUSE—Continued

#### I. ESTATE AND GIFT TAX PROVISIONS—CONTINUED

- (5) Liberalization of the provisions of present law permitting deferred payment of estate tax when the estate consists largely of a closely held business.
- (6) Provides that all gift tax returns are to be filed, and any gift tax paid, on an annual basis.

#### J. ADMINISTRATIVE PROVISIONS

Provides:

- (1) Requirement that large corporations cover 80 percent of their current year's tax liability with estimated tax payments.
- (2) More current adjustment of the interest rate on tax overpayments and deficiencies to 100 percent of the prime interest rate.
- (3) Additional civil and criminal penalties for filing of false W-4 forms.
- (4) A new "no fault" penalty in cases where tax is assessed because the taxpayer overvalued certain property, and an increase in the negligence penalty in certain cases.
- (5) An increase in the exemption from the estimated tax penalty for individuals from \$100 to \$500, phased in over a 4-year period.

#### K. COMMODITY STRADDLES

**Loss limitation:** The bill limits the deduction for losses from commodity-related straddle transactions to the amount of gains from commodity-related transactions, reduced by losses on non-straddle commodity-related transactions. This loss limitation rule applies to straddles in futures contracts, commodities, Treasury bills, other debt instruments, options and other interests in Treasury bills and debt instruments, forward contracts and currency. There is an exemption for hedging transactions.

**Capitalization of interest and carrying charges:** The bill requires that interest and carrying charges incurred to purchase or carry a commodity held as part of a straddle be capitalized, rather than expensed. However, there is an exemption from this rule for hedging transactions and a special rule for traders of commodity futures contracts.

**Treasury bills:** The bill treats Treasury bills as capital assets, so that gain or loss on their sale is treated as capital gain or loss, not ordinary gain or loss. The determination of how much of the appreciation of a Treasury bill sold before maturity is capital gain and how much is interest income based on the market discount on the bill at the time of its acquisition by the taxpayer. Thus, if a bill is purchased 6 months before maturity and held for 3 months, one-half of the market discount is treated as interest and taxed as ordinary income and any additional difference between the sales price and the purchase price is treated as capital gain or loss.

**Dealer designation rule:** The bill requires dealers in securities to identify a security as being held for investment (and thereby eligible for capital gain treatment) on the day of acquisition rather than 30 days after acquisition, as is the case under present law.

**Sale or exchange requirement:** The bill requires that all taxable dispositions of capital assets which are actively traded or which are commodity related assets be treated as sales or exchanges, thereby producing capital gain or loss.

#### L. RAILROAD RETIREMENT TAXES

Increases the tax on employers to 11.75 percent and provides a new tax of 2 percent on the compensation of employees.

#### M. MISCELLANEOUS PROVISIONS

##### 1. LOSS AND CREDIT CARRYOVERS

Extends the investment credit and the net operating loss carryover period to 20 years.

##### 2. FRINGE BENEFITS AND OTHER REGULATIONS

Extends moratoriums for 2 years.

##### 3. TAX-EXEMPT BOND PROVISIONS

Exempts interest on industrial development bonds used to finance buses, subway cars and similar equipment leased to publicly owned mass transit systems. It also prospectively exempts interest on obligations of volunteer fire departments.

##### 4. TAX TREATMENT OF STATE LEGISLATORS

Extends permanently a modified version of the recently expired treatment of the business expenses of State legislators.

##### 5. MERGERS OF SAVINGS AND LOANS

Provides special rules which allow tax-free reorganizations of mutually owned savings and loan associations, cooperative banks and mutual savings banks and the carryover of tax attributes in such reorganizations. In addition, the substitute exempts these institutions from the normal rules relating to contributions to capital by nonshareholders and rules relating to recapture of bad debt deductions upon distributions out of bad debt or supplemental reserves in the case of payment and repayments of financial assistance by Federal Savings and Loan Insurance Corporation.

##### 6. RESTRICTED PROPERTY

Permits a taxpayer who receives stock subject to certain Federal securities law restrictions on the "pooling-of-interests" accounting rules to include the value of the stock in income when these restrictions terminate.

#### SENATE ACTION

July 30, 1981.—Held at the desk in the Senate.

July 31, 1981.—Passed by the Senate, by voice vote (Congressional Record S8945), after striking the House-passed language and inserting in lieu thereof the text of H.J. Res. 266, as passed by the Senate, and adopting Armstrong UP amendment 345, of a technical nature. (See H.J. Res. 266 for action on Senate amendments incorporated in H.R. 4242.)

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4242★—Continued

### CONFERENCE ACTION

July 31, 1981.—Senate insisted on its amendments, requested a conference with the House, and named the following conferees: Messrs. Dole, Packwood, Roth, Danforth, Long, Byrd of Va., and Bentsen.

July 31, 1981.—House disagreed to the Senate amendments, agreed to a conference with the Senate, and named the following conferees: Messrs. Rostenkowski, Gibbons, Pickle, Rangel, Stark, Conable, Duncan, and Archer.

July 31, 1981.—Conferees met and came to agreement.

### CONFERENCE AGREEMENT

#### INDIVIDUAL INCOME TAX REDUCTIONS

##### INDIVIDUAL TAX RATES

The conference agreement provides cumulative reductions in individual income tax rates 1 1/4 percent in 1981, 10 percent in 1982, 19 percent in 1983 and 23 percent in 1984 and subsequent years. These tax reductions will be reflected in reduced withholding on Oct. 1, 1981, 1982, and July 1, 1983. The top marginal tax rate is reduced from 70 percent to 50 percent on Jan. 1, 1982, and the maximum tax rate on long-term capital gains is reduced to 20 percent for sales or exchanges after June 9, 1981.

##### DEDUCTION FOR TWO-EARNER MARRIED COUPLES

The conference agreement allows two-earner married couples a deduction equal to 10 percent of the first \$30,000 of earnings of the spouse with the lesser amount of earnings (maximum deduction of \$3,000). The new deduction is phased in so that a 5-percent deduction applies in 1982 (maximum deduction of \$1,500) and the 10-percent deduction takes effect in 1983.

##### INDEXING

The conference agreement adjusts the income tax brackets, the zero bracket amount and the personal exemption for increases in the Consumer Price Index, starting in 1985. The first such adjustment will take place for 1985 tax returns based on price increases between fiscal year 1983 and fiscal year 1984.

##### CHILD CARE CREDIT

The conference agreement increases the amount of expenditures eligible for the child care tax credit from \$2,000 to \$2,400 for each of the taxpayer's first two dependents. In addition, it increases the rate of the child care credit from 20 percent to 30 percent for taxpayers with incomes of \$10,000 or less. The rate of the credit is reduced by one percentage point for each \$2,000 of income, or fraction thereof, above \$10,000 until it reaches a rate of 20 percent for taxpayers with incomes above \$28,000.

#### CHARITABLE CONTRIBUTIONS DEDUCTION FOR NONITEMIZERS

The conference agreement allows taxpayers to deduct charitable contributions even if they do not itemize their personal deductions. For the years 1982 and 1983, the deduction is 25 percent of the first \$100 of contributions. For 1984, the contribution cap is raised to \$300. For 1985, the deduction is allowed for 50 percent of contributions with no cap, and for 1986 the deduction is allowed for 100 percent of contributions. This provision expires after 1986.

#### GAIN ON SALE OF RESIDENCE

The conference agreement extends from 18 months to 2 years the replacement period during which taxpayers must reinvest the proceeds from the sale of their principal residence in a new principal residence if they are to be eligible for the rollover treatment on the gain from that sale. Also, the conference agreement increases from \$100,000 to \$125,000 the maximum amount of capital gain on the sale of a residence excludible from gross income by a taxpayer age 55 or over. Conference agreement deletes provision relating to handicapped individuals.

#### FOREIGN EARNED INCOME

The conference agreement replaces the present system of deductions and exclusions for excess living costs for income earned abroad with an exclusion. The maximum amount excludible will be \$75,000 in 1982, and it will increase in \$5,000 increments to the permanent level of \$95,000 in 1986 and thereafter. In addition, there is an inclusion for excess housing costs.

#### INDIVIDUALS ELIGIBLE FOR EARNED INCOME CREDIT

The conference agreement deletes this provision.

#### CAPITAL COST RECOVERY PROVISIONS

The conference agreement replaces the present system of depreciation with the Accelerated Cost Recovery System.

For tangible personal property (i.e., machinery and equipment) assets are grouped into four classes with recovery periods of 3, 5, 10, and 15 years. The 3-year class consists of autos, light duty trucks, equipment used in research and development, other short-lived property, racehorses over 2 years old and other horses over 12 years old. The 5-year class includes most other equipment except long-lived public utility property with an ADR midpoint life between 18 and 25 years, railroad tank cars, theme park structures, mobile homes, and utility coalburning equipment used to replace or convert oil and gas-fired boilers. The 15-year class includes public utility property with an ADR midpoint life above 25 years.

For the years 1981 through 1984, taxpayers will use a statutory method of cost recovery which approximates the 150-percent declining balance with a switch to the straight-line method. For property placed in service in 1985, the method will accelerate to approximate the 175-percent declining balance method with a switch to the sum-of-the-years-digits method. For 1985 and subsequent years, the method will approximate the 200-percent declining balance method with a switch to the sum-of-the-years-digits method.

The investment tax credit will be 6 percent for property in the 3-year class and 10 percent for all other eligible property.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4242★—Continued

### CONFERENCE AGREEMENT—Continued

#### CAPITAL COST RECOVERY PROVISIONS—CONTINUED

Real property will be written off over a 15-year period using the 175-percent declining balance method with a switch to the straight-line method (200 percent for low-income housing). When a taxpayer sells nonresidential real property for which the accelerated method has been used, gain will be treated as ordinary income to the extent of all recovery deductions previously taken. When a taxpayer sells residential real property for which the accelerated method has been used, ordinary income recapture will be limited to the excess of the accelerated over straight-line cost recovery. If a taxpayer uses straight-line recovery, all gain will be treated as capital gain.

Businesses may elect to expense up to \$5,000 of personal property in 1982 and 1983, \$7,500 in 1984 and 1985, and \$10,000 thereafter.

The conference agreement raises the amount of used property eligible for the investment credit from \$100,000 to \$125,000 for 1981 through 1984, and to \$150,000 in 1985 and subsequent years.

The conference agreement liberalizes the rules under which a leasing transaction will be recognized as such for tax purposes.

The conference agreement limits the amount of property eligible for the investment credit to the extent to which the taxpayer is at risk; that is, has invested his own money or is personally liable for loans. There are, however, exceptions from this rule for loans from financial institutions and other commercial lenders and for the energy investment credit.

#### TAX CREDIT FOR REHABILITATION EXPENDITURES

The conference agreement replaces the present 10-percent investment credit for expenditures to rehabilitate nonresidential structures with a graduated credit. The new credit is 15 percent for rehabilitation of nonresidential buildings 30 to 39 years old, 20 percent for rehabilitation of nonresidential buildings over 39 years old, and 25 percent for rehabilitation of certified historic structures. For the 15-percent and 20-percent credits, the basis for determining cost recovery deductions will be reduced by the amount of the credit.

#### INCENTIVES FOR RESEARCH AND EXPERIMENTATION

##### TAX CREDIT FOR RESEARCH AND EXPERIMENTATION

The conference agreement provides a 25-percent tax credit for certain expenditures incurred in research and experimentation in excess of the amount of such expenditures during a base period. The new credit will apply to expenditures made after June 30, 1981, and before 1986.

##### CHARITABLE CONTRIBUTIONS OF RESEARCH EQUIPMENT

The conference agreement permits corporations which contribute newly manufactured scientific equipment to colleges and universities to claim a charitable deduction equal to the taxpayer's basis plus 50 percent of the appreciation, but not to exceed twice the basis.

COMMITTEE ON FINANCE

#### ALLOCATION TO U.S.-SOURCE INCOME

For 2 years, taxpayers are allowed to allocate expenditures for research and experimentation conducted in the United States entirely to U.S.-source income.

#### SMALL BUSINESS PROVISIONS

##### ACCUMULATED EARNINGS CREDIT

The conference agreement increases the credit against the accumulated earnings tax from \$150,000 to \$250,000.

##### SUBCHAPTER S CORPORATIONS

The conference agreement increases the maximum number of shareholders for a subchapter S corporation from 15 to 25 and allows certain trusts to be qualified shareholders.

##### INVENTORY ACCOUNTING

The conference agreement provides for the simplification of LIFO inventory accounting for small businesses. Businesses with average gross receipts of less than \$2 million for the prior 3 years are allowed to use a single dollar-value LIFO pool, and taxpayers switching to LIFO are given 3 years to take into income the inventory write-downs from prior years. Also, the Treasury Department is directed to issue regulations that would simplify the use of dollar-value LIFO inventory accounting through the use of published Government indexes.

#### WINDFALL PROFIT TAX AND OTHER ENERGY PROVISIONS

##### ROYALTY OWNER CREDIT AND EXEMPTION

For 1981, royalty owners are allowed a credit against the first \$2,500 of windfall profit tax liability. For 1982 through 1984, the conference agreement provides an exemption from the windfall profit tax for up to 2 barrels a day of royalty production; and after 1984 it provides a 3-barrel-a-day exemption.

##### STRIPPER OIL EXEMPTION

The conference agreement exempts stripper oil produced by independent producers, starting in 1983.

##### NEWLY DISCOVERED OIL TAX RATE

The conference agreement reduces the windfall profit tax rate on newly discovered oil from 30 percent to 27.5 percent in 1982, 25 percent in 1983, 22.5 percent in 1984, 20 percent in 1985 and 15 percent in subsequent years.

#### CORPORATE RATE REDUCTIONS AND OTHER BUSINESS PROVISIONS

##### CORPORATE RATE REDUCTION

The conference agreement reduces the tax rate on the first \$25,000 of corporate taxable income from 17 percent to 16 percent in 1982 and 15 percent in subsequent years. It also reduces the rate on the next \$25,000 of taxable income from 20 percent to 19 percent in 1982 and 18 percent in subsequent years.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4242★—Continued

### CONFERENCE AGREEMENT—Continued

#### CORPORATE RATE REDUCTIONS AND OTHER BUSINESS PROVISIONS—CONTINUED

##### INCENTIVE STOCK OPTIONS

The conference agreement reinstates capital gains treatment for stock options which meet certain conditions. There will be no tax consequences when these options are granted or when they are exercised, and employees will be allowed capital gains treatment on any gain on the sale of the stock. The aggregate amount of stock subject to such options for any employee in any calendar year is limited to \$100,000. However, employees are allowed a 3-year carryover of up to \$50,000 if they do not use up the full \$100,000 in any one year. In the case of options granted before 1981, the aggregate amount of stock for which any employee may be granted incentive stock options cannot exceed \$50,000 per year and \$200,000 in the aggregate.

##### TARGETED JOBS CREDIT

The conference agreement extends the targeted jobs tax credit through 1982. It adds AFDC recipients and WIN registrants as additional targeted groups, as well as Vietnam veterans age 35 or over and employees laid off from CETA programs. It limits the credit for cooperative education students to the economically disadvantaged. Also, the conference agreement makes a number of administrative improvements in the credit.

##### MOTOR CARRIER OPERATING RIGHTS

The conference agreement allows taxpayers who owned motor carrier operating rights on July 1, 1980, to amortize the basis of those rights over a 60-month period.

##### PERCENTAGE DEPLETION ON OIL AND GAS

The conference agreement deletes this provision.

##### TAX CREDIT FOR WOODBURNING STOVES

The conference agreement deletes this provision.

##### SAVINGS INCENTIVES

##### INTEREST AND DIVIDEND EXCLUSION

The conference agreement terminates the present \$200 exclusion (\$400 for a joint return) after 1981. After 1981, the law will revert to the prior \$100 dividend exclusion with some technical modifications. Starting in 1985, taxpayers will be able to exclude 15 percent of interest income to the extent it exceeds nonbusiness and nonmortgage interest deductions up to a maximum exclusion of \$450 (\$900 for joint returns).

##### QUALIFIED SAVINGS CERTIFICATES

The conference agreement excludes up to \$1,000 (\$2,000 for a joint return) of interest on qualified savings certificates. These certificates must be issued between Sept. 30, 1981, and Jan. 1, 1983, and must have a yield equal to 70 percent of the yield on 1-year Treasury bills. The certificates must be issued by financial institutions which invest in residential financing or agricultural loans.

##### INDIVIDUAL RETIREMENT ACCOUNTS

The conference agreement increases the limit on deductions for contributions to individual retirement accounts from the lesser of 15 percent of compensation or \$1,500 (\$1,750 for a spousal IRA) to the lesser of 100 percent of compensation or \$2,000 (\$2,250 for a spousal IRA). Also, the bill makes active participants in tax qualified plans eligible for IRA deductions.

##### SELF-EMPLOYED RETIREMENT SAVINGS

The conference agreement increases the maximum annual deduction for a contribution to a self-employed retirement plan (Keogh or H.R. 10 plan) from \$7,500 to \$15,000.

##### EMPLOYEE STOCK OWNERSHIP PLANS

The conference agreement replaces the existing extra investment credit for employee stock ownership plans (ESOP's) with a credit equal to a percentage of payroll. For 1983 and 1984, the credit is one-half of 1 percent of compensation paid to employees under the plan, and the percentage increases to three-fourths of 1 percent after 1984. The payroll-based ESOP credit expires at the end of 1987.

##### DIVIDEND REINVESTMENT PLANS

The conference agreement excludes from income up to \$750 (\$1,500 for a joint return) of dividends from public utilities which are reinvested in the stock of the utility under a dividend reinvestment plan. The income will be treated as a capital gain when the taxpayer sells the stock. The exclusion will apply for the years 1982 through 1985.

##### ESTATE AND GIFT TAX PROVISIONS

##### UNIFIED CREDIT

The conference agreement increases the unified credit against the estate and gift taxes. As a result, the cumulative transfers exempt from these taxes increases from \$175,625 under present law to \$225,000 in 1982, \$275,000 in 1983, \$325,000 in 1984, \$400,000 in 1985, \$500,000 in 1986, and \$600,000 in 1987 and subsequent years.

##### RATE REDUCTION

The conference agreement reduces the top estate and gift tax rate from 70 percent to 65 percent in 1982, 60 percent in 1983, 55 percent in 1984, and to 50 percent in 1985 and subsequent years.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4242★—Continued

### CONFERENCE AGREEMENT—Continued

#### ESTATE AND GIFT TAX PROVISIONS—CONTINUED

##### MARITAL DEDUCTION

The conference agreement removes the quantitative limits on the marital deduction under both the estate and gift taxes so that no transfer tax is imposed on transfers between spouses. It also makes certain terminable interests eligible for the deduction.

##### CURRENT USE VALUATION

The conference agreement increases the maximum amount by which the taxable estate may be reduced under the provision for current use valuation from \$500,000 to \$600,000 in 1981, \$700,000 in 1982, and \$750,000 in 1983 and subsequent years. It also makes a number of technical modifications making current use valuation easier to use and liberalizing eligibility for it. The conference agreement deletes the provisions relating to judicial review of fair market value of specially valued property and credit for State recapture tax.

##### GIFT TAX EXCLUSION

The conference agreement increases from \$3,000 to \$10,000 the limit on the annual exclusion from the gift tax for gifts to any single donee. It also exempts from the gift tax certain gifts made to pay for medical expenses and school tuition.

##### ANNUAL PAYMENT OF GIFT TAX

The conference agreement provides that all gift tax returns are to be filed, and any gift tax paid, on an annual basis.

##### TAX STRADDLES

##### GAIN OR LOSS ON STRADDLES

The conference agreement requires that commodity futures contracts be marked to market at the end of each year and treated as if 60 percent of the capital gains and losses on them were long-term and 40 percent were short-term. It provides a 3-year carryback for losses on marked-to-market assets. Under a transition rule, tax due on gains rolled forward from prior years into 1981 may be paid in 5 annual installments with interest.

For straddles involving property other than futures contracts, losses are allowed only to the extent of unrealized gains on offsetting positions. Other losses are deferred, and the wash sale and short sale principles of present law are extended to straddles.

##### INTEREST AND CARRYING CHARGES

The conference agreement requires that interest and carrying charges for commodity investments be capitalized if the investments are part of a straddle.

##### HEDGING

The conference agreement exempts hedging transactions from the mark-to-market, loss deferral and capitalization rules.

COMMITTEE ON FINANCE

### TREASURY BILLS

The conference agreement treats Treasury bills as capital assets. The characterization of the income from a Treasury bill as capital gain or ordinary income is based on a pro rata amortization of the market discount to the taxpayer.

##### DEALER IDENTIFICATION OF SECURITIES

The conference agreement requires dealers to identify securities as investments on the first day after the date of acquisition. A 7-day lookback applies to floor specialists with respect to the stocks for which they are registered specialists.

##### SALE OR EXCHANGE OF CAPITAL ASSETS

The conference agreement provides that taxable dispositions of capital assets are treated as sales exchanges.

##### TREASURY STUDY

The conference agreement deletes this provision.

##### ADMINISTRATIVE PROVISIONS

##### INTEREST ON DEFICIENCIES AND UNDERPAYMENTS

The conference agreement provides for more current adjustment of the interest rate (at 100 percent of the prime rate) applicable to tax deficiencies and underpayments to the prime interest rate.

##### PENALTY FOR VALUATION OVERSTATEMENTS

The conference agreement provides an additional penalty in the case of underpayments of tax which result from taxpayers' claiming excessive valuations for property on their tax returns.

##### OTHER ADMINISTRATIVE PROVISIONS

The conference agreement provides a series of changes in penalties for negligence, filing false withholding certificates, failure to file information returns, and overstated tax deposits. It increases the Tax Court filing fee and provides for confidentiality of IRS information used to develop standards for auditing tax returns.

##### CORPORATE ESTIMATED TAX PAYMENTS

The conference agreement increases the minimum amount of the current year's tax liability which large corporations must cover with estimated tax payments from 60 percent to 65 percent in 1982, 75 percent in 1983, and 80 percent in subsequent years.

##### INDIVIDUAL ESTIMATED TAX PAYMENTS

The conference agreement increases the exemption from the estimated tax penalty for individuals from \$100 to \$500 over a 4-year period.

H.R. 4242★—Continued

CONFERENCE AGREEMENT—Continued

ADMINISTRATIVE PROVISIONS—CONTINUED

RAILROAD RETIREMENT TAX

The conference agreement increases the railroad retirement tax on employers from 9.5 percent to 11.75 percent and provides for a new tax of 2 percent on the compensation of employees. It makes a number of other technical changes to the railroad retirement program.

MISCELLANEOUS PROVISIONS

STATE LEGISLATORS BUSINESS EXPENSES

The conference agreement allows State legislators to treat their district residence as their tax home and allows them to treat as business expenses an amount equal to the greater of the Federal per diem or the State per diem, with certain limitations, and without regard to the "away-from-home" rule. The changes apply to taxable years beginning after Dec. 31, 1975.

FRINGE BENEFIT REGULATIONS

The conference agreement extends through Dec. 31, 1983, the prohibition on issuing regulations on fringe benefits.

GROUP LEGAL SERVICES PLANS

The conference agreement extends through 1984 the present exclusion for employer contributions to, and benefits provided under, qualified group legal services plans and the tax exemption of trusts under such plans.

## HOUSE BILLS REFERRED TO COMMITTEE

### H.R. 4331★

To amend the Omnibus Reconciliation Act of 1981 to restore minimum benefits under the Social Security Act.

Sept. 9, 1981.—Received by the Senate and placed on the calendar.

### SENATE ACTION

Oct. 7, 14, and 15, 1981.—Considered and passed by the Senate, by unanimous rollcall vote (No. 315) of 95 yeas, after taking the following action on amendments thereto:

#### Adopted:

*Dole UP amendment 478*, in the nature of a substitute including the following provisions:

- (a) Providing interfund borrowing among social security trust funds;
- (b) restoring the minimum benefit for current recipients (beneficiaries with Government pensions would have their minimum benefits reduced dollar for dollar for the portion of their Government pension above \$300, but not below the amount of the benefit based on actual earnings);
- (c) deferring elimination of minimum benefit for 10 years for members of religious orders who have taken a vow of poverty;
- (d) removing the exclusion of certain sick pay from social security taxes during the first 6 months the employee is off work; and
- (e) extending the disability maximum family benefit formula to retirement and survivor cases for workers reaching age 62 or dying after 1981, by voice vote (Oct. 14, Congressional Record S11355);

*Pell UP amendment 480*, requiring the Comptroller General to undertake a study of SSA to determine the management efficiency, productivity, and technical capacities of the Administration, and the extent of current information of the characteristics of recipients, by voice vote (Oct. 14, Congressional Record S11379);

*Eagleton amendment 582*, providing separate accounting for social security trust funds, by voice vote (Oct. 14, Congressional Record S11384);

*Danforth-Chiles UP amendment 481*, providing that agencies of the Federal Government and States shall make available to the Secretary of Health and Human Services, the name and social security account number of any individual in jail pursuant to a conviction of a felony, by voice vote (Oct. 14, Congressional Record S11396);

*Domenici UP amendment 482*, providing that the Secretary of Health and Human Services shall report to Congress with respect to actions being taken to prevent social security payments being made to deceased individuals, by voice vote (Oct. 14, Congressional Record S11398);

*Baucus UP amendment 483*, providing penalties for the misuse of social security numbers, by voice vote (Oct. 14, Congressional Record S11399);

*Pressler amendment 585*, providing that any future changes in the Social Security Act will not reduce current dollar amount of monthly OASDI benefits to which individuals are entitled for the month of enactment, by unanimous rollcall vote (No. 314), of 96 yeas (Oct. 15, Congressional Record S11492);

*Dole UP amendment 485*, applying the social security tax to all employer financed sick pay in the first 6 months, except that paid as insurance, by voice vote (Oct. 15, Congressional Record S11494);

*Moynihhan UP amendment 486*, requiring counterfeit-proof social security cards, by voice vote (Oct. 15, Congressional Record S11494);

*Dole (for Stafford) UP amendment 487*, providing for extension of taxes which are transferred into the Highway Trust Fund, by voice vote (Oct. 15, Congressional Record S11495); and

*Moynihhan (for Levin and Dole) UP amendment 488*, requiring that the statutory deadline for implementing AFDC home health aide demonstration projects be met for projects in at least 7 States, by voice vote (Oct. 15, Congressional Record S11496).

#### Rejected:

*Eagleton amendment 581*, establishing a reserve social security trust fund financed from revenues by the repeal of the reduction in excise taxes on newly discovered oil, tabled by rollcall vote (No. 312), of 65 yeas, 30 nays (Oct. 15, Congressional Record S11474); and

*Byrd of W. Va. UP amendment 484*, requiring the Director of OMB to submit a complete list of reductions in budget authority and outlays and increases in revenues to the Congress, tabled by rollcall vote (No. 313), of 50 yeas, 47 nays (Oct. 15, Congressional Record S11484).

### FURTHER SENATE ACTION

Oct. 19, 1981.—Transmitted to the House.

### CONFERENCE ACTION

Nov. 4, 1981.—House disagreed to the Senate amendments, requested a conference with the Senate, and named the following conferees: Messrs. Rostenkowski, Pickle, Rangel, Jacobs, Gephardt, Conable, Archer, and Gradison.

Nov. 4, 1981.—Senate insisted on its amendments, agreed to a conference with the House, and named the following conferees: Messrs. Dole, Armstrong, Heinz, Long, and Moynihhan.

Dec. 14, 1981.—Conference report filed in the House (H. Rept. 97-409) with the conferees having taken the following action.

### CONFERENCE AGREEMENT

#### INTERFUND BORROWING

The conference agreement authorizes borrowing of existing assets between the OASI, DI, and HI trust funds. The borrowing authority would be effective from the date of enactment through Dec. 31, 1982.

#### RESTORATION OF MINIMUM BENEFIT FOR CURRENT RECIPIENTS

The conference agreement restores the minimum benefit for all people who are eligible for benefits before January 1982 or whose benefits are based on a worker's eligibility or death before January 1982. Also, the elimination of the minimum benefit for future recipients applies to members of religious orders who have taken a vow of poverty, who were first covered under the social security program prior to the date of enactment, and who become eligible after October 1991.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4331★—Continued

### CONFERENCE AGREEMENT—Continued

#### RESTORATION OF MINIMUM BENEFIT FOR CURRENT RECIPIENTS—CONTINUED

For current recipients to whom the minimum benefit would be restored, the conference agreement does not include the provision of the Senate amendment that limits the restoration to residents of the United States and does not include the provision reducing the minimum benefit dollar-for-dollar for those also receiving governmental pensions above \$300.

#### EXTENSION OF COVERAGE TO FIRST SIX MONTHS OF SICK PAY

The conference agreement removes the exclusion of certain sick pay received under a plan or system during the first 6 months the employee is off work. The conference agreement in the definition of wages both for tax and coverage purposes, payments made under a sick pay plan to an employee or any of his dependents by a third party on account of the employee's illness. Payments made by an insurance company would still be exempt unless the company is owned, to a substantial extent, by the employer, or the insurance company has an administrative-services-only contract with the employer under which the insurance company is reimbursed for sick payments actually made plus administrative expenses and profits. The conference agreement provides that any third party (for example, an insurance company) that makes a payment, which is included in wages solely by reason of this provision, shall be treated as the employer with respect to such wages for purposes of social security and railroad retirement employment taxes. Payments required by a workmen's compensation or temporary disability insurance law would continue to be exempt. This provision would be effective for sick payments made in January 1982 and thereafter. The treatment of payments made to an employee more than 6 months after the employee last worked would be unchanged from current law. Sick payments made to employees covered by the railroad retirement system and sick pay benefits received under the Railroad Unemployment Insurance Act would continue to be exempt from railroad retirement employment taxes.

#### PENALTIES FOR MISUSE OF SOCIAL SECURITY NUMBERS

The conference agreement adds new acts considered to be a misuse of social security cards by making it unlawful to: (1) alter, (2) buy or sell, or (3) counterfeit social security cards, or (4) possess a regular or counterfeit card with intent to sell or alter it.

The conference agreement would make all unlawful acts affecting the social security number or card a felony, rather than a misdemeanor.

It would increase the maximum fine for conviction of such acts from \$1,000 to \$5,000 and the maximum prison term from 1 year to 5 years.

#### STATUTORY DEADLINE FOR IMPLEMENTING AFDC HOME HEALTH AIDE DEMONSTRATION PROJECTS

The conference agreement requires the Secretary to meet the Jan. 1, 1982 deadline for entering into demonstration agreements with at least 7 States.

#### INFORMATION WITH RESPECT TO PRISONERS

The conference agreement provides that, without regard to any contrary Federal or State law, Federal, State, or local government agencies must furnish the name and social security number of any prisoner convicted of a felony, when the Secretary of HHS makes a written request to the agency for the information.

#### REPORT TO CONGRESS REGARDING PAYMENTS TO DECEASED PERSONS

The conference agreement requires the Secretary of HHS to report to Congress within 90 days after enactment on actions being taken to prevent payments to deceased social security beneficiaries.

#### EXTENSION OF DISABILITY INSURANCE MAXIMUM FAMILY BENEFITS TO OLD-AGE AND SURVIVORS INSURANCE BENEFICIARIES

The conference agreement does not include the Senate amendment.

#### STUDY OF SOCIAL SECURITY ADMINISTRATION EFFICIENCY

The conference agreement does not include the Senate amendment.

#### SEPARATE ACCOUNTING FOR SOCIAL SECURITY TRUST FUNDS

The conference agreement does not include the Senate amendment.

#### SOCIAL SECURITY CARDS

The conference agreement does not include the Senate amendment. The conferees, however, are aware that the General Accounting Office has found that there may be a significant problem related to the use of counterfeit social security cards and believe that this matter deserves further consideration. The conferees believe that the Secretary of HHS should study the costs and benefits to the trust funds of such a proposal, the costs and benefits to other Government programs, and the impact of such a proposal on the privacy of individuals.

#### FUTURE LEGISLATIVE CHANGES IN THE SOCIAL SECURITY ACT

The conference agreement does not include the Senate amendment.

#### HIGHWAY TRUST FUND AND HIGHWAY EXCISE TAXES

The conference agreement does not include the Senate amendment.

- Dec. 20, 1982.—House agreed to Senate amendment with an amendment which is the House passed text of H.R. 4566 and H.R. 6867 (described elsewhere in this calendar), insisted on its amendment, requested a conference with the Senate, and named the following conferees: Messrs. Rostenkowski, Gibbons, and Frenzel.
- Dec. 21, 1982.—Senate disagreed to House amendment to the Senate amendment, agreed to a conference with the House, and named the following conferees: Messrs. Dole, Roth, Danforth, Long, and Bentsen.
- Dec. 21, 1982.—Conference report filed in the House (H. Rept. 97-989).
- Dec. 21, 1982.—House agreed to conference report by voice vote (Congressional Record H10741).
- Dec. 21, 1982.—Senate agreed to conference report by voice vote (Congressional Record S15986).

### CONFERENCE AGREEMENT

- Canned tuna.**—Amends the TSUS description: (a) to indicate clearly that shipments from the U.S. insular possessions are not included in determining the extent to which the tariff quota on canned tuna not packed in oil has been filled, and (b) to reflect that the agency responsible for the administration of the quota is the National Marine Fisheries Service, formerly the U.S. Fish and Wildlife Service. These amendments would apply to articles entered after Mar. 31, 1981.
- Certain ceramic insulators.**—Permanent reduction of duty on ceramic insulators used in the production of spark plugs.
- Chipper knife steel.**—Temporary reduction of duty on chipper knife steel for 2 1/2 years as follows: 4.4% retroactive to Oct. 1, 1982, until Dec. 31, 1982, 4.2% from Jan. 1, 1983, until Dec. 31, 1983, 4.0% from Jan. 1, 1984, until Dec. 31, 1984, and 3.9% from Jan. 1, 1985, until Mar. 31, 1985.
- Yankee dryer cylinders.**—Eliminates duty on Yankee dryer cylinders.
- Certain aircraft components and materials.**—Exempts from duty certain U.S.-made avionics systems and other equipment that had been installed in an aircraft exported from the United States and then assessed duties when the aircraft was reimported into the United States before 1970.
- Pipe organ parts.**—Eliminates duty on pipe organ parts.
- Toy tea sets.**—Eliminates duty on toy tea sets of ceramic ware.

Increase in value limitations for duty-free importations of personal articles by returning U.S. residents.—(1) A returning U.S. resident may import duty-free up to \$600 (increase from current \$300) of articles accompanying such person, acquired for personal or household use; (2) a returning U.S. resident may import duty-free up to \$800 (increase from current \$600) of articles, whether or not accompanying such person, if such person arrives directly or indirectly from an insular possession, and not more than \$400 (increase from current \$300) of which shall have been acquired elsewhere than in such insular possession; (3) the Secretary of the Treasury may administratively exempt from duty up to \$50 (increase from current \$25) in bona fide gifts sent from persons in the United States; and (4) the Secretary of the Treasury may administratively exempt from duty up to \$50 (increase from current \$40) in articles for household use accompanying persons arriving in the United States who are not entitled to exemption under any other provision of TSUS schedule 8.

**Prayer shawls.**—Eliminates duty on prayer shawls, and headwear used in religious observances.

Increase in value limitations applicable to informal entries of imported merchandise.—Increases value from \$600 to \$1,000 of noncommercial articles for personal or household use accompanying a person arriving in the United States (other than duty-free articles or articles acquired in U.S. insular possessions) which are subject to a flat duty of 10 percent of the fair retail value in the country of acquisition.

**Carob flour.**—Temporarily suspends duty on carob flour until Dec. 31, 1984.

**Wood excelsior.**—Temporarily suspends duty on wood excelsior until June 30, 1983.

**Bicycle parts.**—Extends the existing suspension of duties on certain bicycle parts to June 30, 1986. "Click stick levers" would not be included in the suspension, while cables and casings for caliper brakes and trigger on twist grip controls for 3-speed hubs would be added to suspension.

**Hosiery knitting machines.**—Temporary suspension of duty on single cylinder fine gage hosiery knitting machines and double cylinder jacquard hosiery knitting machines.

**Double-headed latch needles.**—Temporary suspension of duty on double-headed latch needles until June 30, 1985.

**Protheses.**—Temporary suspension of duty on externally powered electric prosthetic devices and their parts until Sept. 30, 1984.

**Certain dolls and toy figures.**—Temporary suspension of duty until Dec. 31, 1985, on (1) stuffed dolls, with or without clothing; (2) stuffed toy figures of inanimate objects; (3) inanimate objects not stuffed, but wholly or mostly metal, rubber, or plastic; and (4) skins of dolls, toy figures of animate and inanimate objects.

**Business documents.**—Allows business documents to enter the United States in a no-entry required status as "intangibles" instead of entering duty-free under item 807.10 as is the present primary method. In addition would prohibit nominal consignees from conducting customs business on behalf of any other person, unless the consignee is a licensed customhouse broker.

**Bonded warehouses.**—Allows articles to be delivered into successive bonded storage warehouses as long as the ultimate purpose remained that of export, by amending sec. 311 of the Tariff Act of 1930. Currently articles withdrawn from a bonded manufacturing warehouse may be delivered into any bonded storage warehouse at an exterior port for the sole purpose of immediate export.

**4-Chloro-3-methylphenol.**—Temporary suspension of duty on 4-chloro-3-methylphenol until June 30, 1984.

**Certain freight containers.**—Temporary suspension of duty until Dec. 31, 1986, on freight containers used in international trade with gross mass rating of at least 40,000 pounds.

**Upland cotton.**—Suspends duty on imports entered during a period of time when a special quota is proclaimed to sec. 103(f) of the Agriculture Act of 1949.

**Classification of certain fabrics.**—Reclassifies all fabrics of pile construction.

**Section 144: Cobalt.**—Extends temporary suspension of duty on cobalt from June 30, 1982, to June 30, 1983.

**Copper scale.**—Suspends until Dec. 31, 1985, the duty of 6.6% for copper scale.

**Seed potatoes.**—Adds an "actual use" provision to permit the Customs Service to verify use of potatoes entered into the United States as seed stock rather than table stock.

**Certain texturing machines.**—Suspends until Sept. 30, 1985, the duty of 5.3% on certain texturing machines.

**Sulfathiazole.**—Temporary reductions of duty on sulfathiazole: col. 1 (MFN) from 29.4% to 13.3% from Jan. 1, 1983, to Jan. 1, 1984, 11.9% from Jan. 1, 1984 to Jan. 1, 1985, and 10.6% from Jan. 1, 1985 to Jan. 1, 1986; LDDC rate of 8.0% during entire period; col. 2 rate 7 cents per pound plus 80%.

**Carrots.**—Temporary, 2-year suspension of culled carrots imported in bulk containers of 100 pounds or more, during the period Aug. 15 to Feb. 15 under a quota of 20,000 tons.

**Sulfapyridine.**—Temporary suspension of duty on sulfapyridine until Dec. 31, 1985.

**Color couplers.**—Extends existing temporary suspension of duty on color couplers and color intermediates from June 30, 1982, to Sept. 30, 1985.

**Casein button blanks.**—Eliminates col. 1 (MFN) rate of duty, currently 22.1%, and LDDC duty, currently 11.4% for casein button blanks.

**Red peppers.**—Continues temporary suspension of duty on red peppers, currently 12.0%, from June 30, 1981, to June 30, 1985.

**International Sugar Agreement.**—Extends implementing legislation for the International Sugar Agreement, which expires Jan. 1, 1983, until Jan. 1, 1985.

**International Coffee Agreement.**—Extends the implementing legislation for the International Coffee Agreement, which expired with the joint resolution, until Oct. 1, 1985.

**Fourdrinier wire.**—Eliminates (MFN) rate of duty on Fourdrinier wire for use in papermaking machines. Retains current duties on plastic wire.

**Insular possession.**—(1) Eliminate 70% foreign content limit for duty-free entry of watches from insular possessions under general headnote 3(a); (2) establish new 7 million unit annual limit on duty-free entry with adjustment flexibility downward by no more than 10% or upward by no more than 20% in any one year; (3) continue country allocation authority for the Secretaries of Commerce and Interior; and (4) provide a duty rebate for the industry on a by-company basis which reflects the amount of local labor content in the watches.

**Fish nets and netting.**—Conference agreement deleted this provision.

**Implementation of the Nairobi Protocol.**—Implements the Nairobi Protocol to the Florence Agreement. The protocol provides for duty-free treatment for a broader range of educational, scientific, and cultural materials and articles for the handicapped than is currently provided in U.S. law implementing the Florence Agreement.

**Implementation of the cultural property convention.**—Implements the Convention on the Means of Prohibiting and Preventing the Illicit Import, Export, and Transfer of Ownership of Cultural Property. These provisions authorize the President to enter into agreements to restrict imports of illicitly traded artifacts when the major importing nations are implementing similar controls unilaterally in an emergency, and they bar the importation of certain items identified as having been stolen from museums or similar institutions abroad.

### BILL SIGNED

Jan. 12, 1983.—Signed by the President.

(Public Law 97-446)

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4577★

Sept. 27, 1982

To provide that the provisions of sec. 252 of the Economic Recovery Tax Act of 1981 (relating to transfers of property to employees subject to certain restrictions) shall apply to certain transfers occurring during 1973.

### BILL REPORTED

Nov. 15, 1982.—Reported favorably to the Senate (S. Rept. 97-667), including the House provision and the following additional provisions:

#### **Salary Reduction Arrangements Under Money Purchase Pension Plans**

Amounts deferred by an employee pursuant to a salary reduction arrangement under a money purchase pension plan will be excluded from the employee's income if the plan was in existence on June 27, 1974, and contributions by employees and the employer do not exceed the levels permitted under the plan's contribution formula on that date.

#### **Liability of Employers Withdrawing From Multiemployer Pension Plans**

Withdrawal liability generally will be imposed only with respect to withdrawals occurring on or after Sept. 26, 1980.

#### **Private Foundation Rules Relating to Excess Business Holdings**

Provides that the Otto Bremmer Foundation, the El Pomar Foundation, the Houston Endowment, Inc., the Public Welfare Foundation, the Sand Springs Home, and the B. Altman Foundation may indefinitely retain certain business interests if the foundation meets certain conditions. The Ahmanson Foundation would have an additional 5 years to meet a private foundation divestiture requirement with respect to certain stock held on May 26, 1969. The New London Day Trust would not be subject to the private foundation rules applicable to charitable trusts effective for taxable years beginning after Nov. 20, 1978.

#### **Definition of Artificial Bait for Purposes of the Excise Tax on Fishing Equipment**

Excludes from the definition of "artificial bait" for purposes of the 10-percent excise tax on fishing equipment any substance which contains 85 percent (or more) by weight of plant or animal material which can be ingested by fish.

*(Also see action on H.R. 4961)*

## HOUSE BILLS REFERRED TO COMMITTEE

### H.R. 4613★

To increase the efficiency of Government-wide efforts to collect debts owed the United States and to provide additional procedures for the collection of debts owed the United States.

#### HOUSE BILL

##### Screening Potential Debtors

Under the bill, the IRS will be permitted to disclose to the head of a Federal agency that administers an "included Federal loan program" whether or not a loan applicant has a tax delinquent account. This disclosure will be permitted only for the purpose of, and to the extent necessary in, determining the credit worthiness of a Federal loan applicant.

An "included Federal loan program" is a program (1) under which the United States or a Federal agency makes, guarantees, or insures loans, and (2) with respect to which the Office of Management and Budget has determined that the disclosure of whether any applicants have tax delinquent accounts will substantially prevent or reduce future program delinquencies. The OMB determination must be published in the Federal Register.

##### Use of Taxpayer Identifying Numbers

Under the bill, each Federal agency that administers an included Federal loan program will have to require a person who applies for a loan under the program to furnish his taxpayer identifying number.

##### Disclosure of Mailing Addresses to Third Parties for Purposes of Collecting Federal Claims

The bill will permit the IRS to disclose taxpayer mailing addresses to officers, employees, or agents of other Federal agencies for their use in locating taxpayers in order to collect or compromise Federal claims. In addition, the bill will subject Federal agencies (and their agents) which disclose mailing addresses to their agents, to the safeguard requirements generally applicable to agencies that receive tax returns and return information.

##### Effective Dates

The provisions relating to the screening of potential debtors and furnishing of taxpayer identifying numbers will be effective in the case of loan applications made after Sept. 30, 1982.

The provision dealing with disclosures to agents will take effect upon enactment.

#### SENATE ACTION

May 10, 1982.—Placed on the Senate Calendar.

Sept. 27 and 28, 1982.—Considered and passed by the Senate, by rollcall vote (No. 359), of 96 yeas, 2 nays (Sept. 28, Congressional Record S12391), after agreeing to Percy UP amendment 1299, in the nature of a substitute (S. 1249 as reported by the Finance Committee and described elsewhere in this document), by voice vote (Sept. 27, Congressional Record S12333).

#### FURTHER HOUSE ACTION

Sept. 30, 1982.—House concurred in Senate amendment with amendments by voice vote (Congressional Record H8053), restoring the House version of the amendments within the jurisdiction of the Finance Committee, and retaining the Finance Committee provision relating to consumer reporting agencies, and making clear that the other provisions do not apply to claims or debts arising under the Internal Revenue Code, the Social Security Administration, or the tariff laws.

#### FURTHER SENATE ACTION

Oct. 1, 1982.—Senate concurred in House amendments to the Senate amendment, by voice vote (Congressional Record S13261).

#### BILL SIGNED

Oct. 25, 1982.—Signed by the President.

(Public Law 97-365)

## HOUSE BILLS REFERRED TO COMMITTEE

### H.R. 4717★

To amend the effective date provision of sec. 403(b)(3) of the Windfall Profit Tax Act of 1980 (Public Law 96-223) to further defer the effective date of certain provisions providing for the recognition as income of LIFO inventory amounts.

#### SUMMARY OF HOUSE BILL

##### DEFERRAL OF LIFO RECAPTURE EFFECTIVE DATE

Extends the effective date for one additional year, through Dec. 31, 1982.

##### NET OPERATING LOSS TREATMENT OF THE FEDERAL NATIONAL MORTGAGE ASSOCIATION

Provides a 10-year carryback and a 5-year carryover for NOL's of the FNMA. Thus, the carryback period would be lengthened by 7 years and the carryover period would be shortened by 10 years. This treatment would apply only to that portion of an NOL of the FNMA that is not a FNMA mortgage disposition loss (the excess of losses over gains from the sale or exchange of mortgages, securities, and other evidences of indebtedness). For the FNMA mortgage disposition loss portion of an NOL, the present law 3-year carryback and 15-year carryforward would continue to apply. The bill would be effective for NOL's incurred in taxable years beginning after Dec. 31, 1981.

##### FILING OF INFORMATION RETURN RELATING TO TRANSACTIONS UNDER THE SAFE HARBOR LEASING PROVISIONS OF PUBLIC LAW 97-34

Requires that an information return be filed with the Internal Revenue Service in order for an agreement to qualify as a "lease" under the provisions of the accelerated cost recovery system. The return must contain certain specified information, much of which is the same as that required to be filed under the temporary Treasury regulations. The bill requires that the return must be filed with the national office of the Internal Revenue Service not later than the 30th day after the date the agreement is executed, or Jan. 31, 1982, whichever is later.

#### COMMITTEE ACTION

Dec. 14, 1981.—Committee approved the provisions described above.

#### SENATE ACTION

Dec. 16, 1981.—Held at the desk in the Senate.

Dec. 16, 1981.—Passed by the Senate by voice vote (Congressional Record S15577-S15621), after taking the following action on amendments thereto:

##### Adopted:

- Dole UP amendment 805*, in the nature of a substitute, relating to:
- Deferral of LIFO recapture effective date (same as House provision);
  - net operating loss treatment of the Federal National Mortgage Association (same as House provision);

*Metzenbaum UP amendment 809*, limiting the use of tax-exempt industrial development bonds, by voice vote (Congressional Record S15600);

*Grassley UP amendment 811*, providing that certain amounts transferred to State unemployment funds will continue to be available for payment of administrative expenses; removing the age limitation on the exemption from the Federal unemployment tax by students; and extending the exemption from Federal Unemployment Tax Act on wages paid to certain alien farmworkers, by voice vote (Congressional Record S15603);

*Dole UP amendment 812*, increasing the mortgage subsidy bond interest limitation, providing for disposition of nonmortgage investment in case of loss, and providing for industrial development bonds for certain residential property, by voice vote (Congressional Record S15605);

*Dole UP amendment 814*, making technical and clarifying changes in the reforestation provision, by voice vote (Congressional Record S15617); and

*Cannon-Laxalt UP amendment 816*, reducing the excise taxes on wagering authorized under State law, by voice vote (Congressional Record S15619).

##### Tabled:

*Hart-Kennedy UP amendment 813*, declaring that it is the sense of the Senate that the President should impose a ban on the import of Libyan oil into the United States, tabled by rollcall vote (No. 495), of 57 yeas, 34 nays (Congressional Record S15612); and

## HOUSE BILLS REFERRED TO COMMITTEE

**H.R. 4717★—Continued**

### SENATE ACTION—Continued

#### *Tabled:—Continued*

*Melcher UP amendment 815*, providing a cap of 7 percent on the amount of interest that can be imputed by IRS on the sale of nondepreciable property up to \$2 million in value, tabled by rollcall vote (No. 496), of 48 yeas, 43 nays (Congressional Record S15618).

### CONFERENCE ACTION

Dec. 16, 1981.—Senate insisted upon its amendments, requested a conference with the House, and named the following conferees: Messrs. Dole, Packwood, Wallop, Long, and Byrd of Va.

### FURTHER HOUSE ACTION

Mar. 16, 1982.—House agreed to the Senate amendment, with an amendment proposing that in lieu of the matter proposed to be inserted by the Senate amendment, insert the following:

#### Tax Provisions

- (a) Delay in provision recognizing gain on certain dispositions of LIFO inventories;
- (b) adjustments to net operating loss carryback and carryforward rules for Federal National Mortgage Association;
- (c) awarding of reasonable litigation costs to taxpayer where taxpayer prevails and U.S. position was unreasonable;
- (d) limitation on acceleration of accrual of taxes not to apply to certain taxpayers;
- (e) treatment of certain lending or finance businesses for purposes of the tax on personal holding companies; and
- (f) additional refunds relating to repeal of excise tax on buses.

#### Unemployment Compensation and Welfare Provisions

- (a) Use of certain amounts transferred to State unemployment funds;
- (b) treatment of certain services performed by students;
- (c) treatment of certain alien farmworkers;
- (d) unemployment benefits paid to ex-service members;
- (e) supplemental security income accounting period;
- (f) treatment of unnegotiated checks under supplemental security income program;
- (g) collection of administrative costs for non-AFDC support enforcement;
- (h) technical amendments to child support enforcement provisions in Reconciliation Act; and
- (i) technical amendments to social services and foster care provisions in Reconciliation Act.

### FURTHER CONFERENCE ACTION

Mar. 16, 1982.—House subsequently requested a conference with the Senate, and named the following conferees: Messrs. Rostenkowski, Gibbons, Rangel, Stark, Ford of Tennessee, Conable, Duncan, and Frenzel.

Mar. 30, 1982.—Senate agreed to a conference with the House, and named the following conferees: Messrs. Dole, Packwood, Wallop, Long, and Byrd of Va.

Oct. 1, 1982.—Conference report filed in the House (H. Rept. 97-929).

Oct. 1, 1982.—Conference report agreed to by the House, by voice vote (Congressional Record H8402), and the Senate, by voice vote (Congressional Record S13231).

### Disposition of Provisions in Conference

#### A. TAX PROVISIONS

#### One-year postponement of effective date for LIFO reserve recapture rule

The conference agreement follows the House bill and Senate amendment with modifications.

#### Modification of net operating loss rule for the Federal National Mortgage Association

The conference agreement is the same as the House bill and the Senate amendment.

#### Award of reasonable litigation costs where taxpayer prevails and government position was unreasonable

The provision was deleted from this bill because a similar provision was included in the Tax Equity and Fiscal Responsibility Act of 1982 (P.L. 97-248).

H.R. 4961★

Dec. 16, 1981

To make miscellaneous changes in the tax laws.

### SUMMARY OF THE HOUSE BILL

#### A. TITLE I.—TAX PROVISIONS

##### RENTAL OF RESIDENCES TO FAMILY MEMBERS AND OTHER BUSINESS USES OF RESIDENCES

Provides that a taxpayer will not be treated as using a residence for personal purposes during any period the dwelling unit is rented, at a fair rental, to another person for use as that person's principal residence. This exception also applies to the rental of an undivided interest in a dwelling unit by one of the coowners for use as a principal residence.

##### AWARDING OF REASONABLE LITIGATION COSTS TO TAXPAYER WHERE TAXPAYER PREVAILS AND POSITION OF THE UNITED STATES WAS UNREASONABLE

Provides that a prevailing party in a civil tax proceeding brought by or against the United States may be awarded reasonable litigation costs (including attorney's fees) up to \$50,000, if the position of the United States in the proceeding was unreasonable.

##### LIMITATION ON ACCELERATION OF ACCRUAL OF TAXES NOT TO APPLY TO CERTAIN TAXPAYERS

Allows accrual method taxpayers to use the new assessment date (1) if their first accrual of the tax occurs after the assessment date was changed or (2) if they elect to switch to the new date and establish a suspense account for the amount that would have accrued using the old accrual date in either the year of change or one of the two immediately preceding years, whichever amount is greatest.

##### TREATMENT OF CERTAIN LENDING OR FINANCE BUSINESSES FOR PURPOSES OF THE TAX ON PERSONAL HOLDING COMPANIES

Provides that effective for taxable years beginning after 1980, the bill increases the 60-month loan maturity limitation of present law to 144 months, and amends the definition of a lending or finance business to include the business of making loans in indefinite maturity credit transactions. Beginning with taxable years after 1981, the bill also amends the business expense test of present law to require a lending or finance business to have qualifying business expenses equal to 15 percent of the first \$500,000 of ordinary gross income from the lending or finance business, plus 5 percent of such ordinary gross income in excess of \$500,000.

##### ADDITIONAL TWO-YEAR DELAY IN APPLICATION OF NET OPERATING LOSS RULES ADDED BY THE TAX REFORM ACT OF 1976

Provides for a 2-year deferral of the effective date of the 1976 act amendments until Jan. 1, 1984.

##### ADDITIONAL REFUNDS RELATING TO THE REPEAL OF THE EXCISE TAX ON BUSES

Liberalizes conditions for eligibility to allow additional refunds of the bus excise tax.

#### B. TITLE II.—UNEMPLOYMENT COMPENSATION AND WELFARE PROVISIONS

##### UNEMPLOYMENT COMPENSATION AMENDMENTS

###### Reed Act extension

Extends for 10 years the authority for States to use for administrative purposes certain funds credited to individual State unemployment trust fund accounts in 1956, 1957, and 1958; and, allows States that have used such funds to pay unemployment benefits to reestablish a Reed Act account.

###### Exclusion of student intern wages from FUTA

Excludes from Federal unemployment taxes wages paid to certain student interns, regardless of age, for work that is an integral part of their academic program.

###### Exclusion of wages paid to certain alien farmworkers from FUTA

Extends for 2 years the exclusion of wages paid to aliens admitted to the United States to perform agricultural work, pursuant to the Immigration and Nationality Act, from Federal unemployment taxes.

###### Unemployment compensation benefits for ex-servicemembers

Limits unemployment benefits to ex-servicemembers who have served 730 or more continuous days in the military; requires a 4-week waiting period between the week in which the individual is separated from the service and the week in which he or she first becomes entitled to compensation; and, limits an eligible ex-servicemember's benefits to 13 weeks.

##### SUPPLEMENTAL SECURITY INCOME, CHILD SUPPORT ENFORCEMENT, AND SOCIAL SERVICES AMENDMENTS

###### One month prospective budgeting for SSI benefits

Substitutes a 1-month "prospective" accounting period in SSI for the "retrospective" accounting period in current law.

###### Negotiability of SSI checks

Clarifies that new provisions establishing a process for dealing with unnegotiated SSI checks apply to "State supplement-only checks" as well as SSI/State supplement checks.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4961★—Continued

### SUMMARY OF THE HOUSE BILL—Continued

#### B. TITLE II.—UNEMPLOYMENT COMPENSATION AND WELFARE PROVISIONS—CONTINUED

##### SUPPLEMENTAL SECURITY INCOME, CHILD SUPPORT ENFORCEMENT, AND SOCIAL SERVICES AMENDMENTS—CONTINUED

###### Child support enforcement—Cost of collection and other services

Repeals provisions in current law that require States to charge the absent parent an amount equal to 10 percent of any child support collected for a non-AFDC recipient. Allows States to charge a fee of up to \$20 and retain from any non-AFDC collection an amount equal to administrative costs not covered by the fee, or to collect this amount from the parent who owes child or spousal support.

###### Child support enforcement—Technical amendments

Corrects several inaccurate references contained in the fiscal 1982 budget reconciliation bill.

###### Social services—Technical amendments

Conforms fiscal year 1982 reconciliation bill provisions to allow territories to continue to spend unused public assistance funds for social services; makes a technical correction to insure that all title XX funds are available for allotment to States and territories; clarifies provisions in current law so the definition of "State" for title XX purposes is the same as under prior law; conforms the title IV-E foster care program to changes contained in Omnibus Reconciliation Act of 1981.

### DEPARTMENTAL REPORTS

Jan. 5, 1982.—Referred to Office of Management and Budget and Departments of the Treasury, Health and Human Services, and Labor.

### BILL REPORTED

July 12, 1982.—Reported favorably to the Senate (S. Rept. 97-494, vols. 1 and 2) amended as follows:

#### SUMMARY OF SPENDING REDUCTION PROVISIONS

##### MEDICARE PROVISIONS

Delay initial eligibility date for medicare entitlement: The initial eligibility date would be delayed from the first day of the month in which the individual turns 65 to the first day of the following month.

Modify coverage of the working aged: Employers would be required to offer employees aged 65 through 69 the same health benefit plan offered to younger workers and medicare would be a secondary payor to these plans.

Require minimal copayments on home health services under medicare: Home health services would be subject to copayments equal to 5 percent of the average reasonable cost per visit. Reimburse inpatient radiology and pathology services at 80 percent of reasonable charges: The special 100 percent reimbursement rate for inpatient radiology and pathology services would be eliminated. Such services would be paid for on the same basis as other physicians' services.

Index part B deductible to the Consumer Price Index (CPI): The part B deductible would be indexed to the CPI beginning in 1983. As a result the deductible is estimated to be \$80 in 1983, \$85 in 1984, and \$89 in 1985.

Provide for no increase in physician fee economic index: No increase would be allowed in the economic index for fiscal year 1983 and only a 5-percent increase will be permitted in fiscal year 1984.

Repeal routine nursing salary cost differential: The differential factor paid to hospitals and skilled nursing facilities for inpatient routine nursing salary costs would be eliminated.

Payment for services of provider-based physicians: The Secretary of HHS would be directed to prescribe regulations which would distinguish between the services of hospital-based physicians which are covered under medicare on a reasonable cost basis and those which are reimbursable on the basis of reasonable charges; and establish standards of reasonableness to be applied in each case.

Hold part B premium constant as a percentage of program costs: The part B premium paid by enrollees in the supplementary medical insurance program would be set and maintained at 25 percent of part B program costs.

Limit medicare reimbursement to hospitals: The current limits on medicare reimbursement to hospitals (i.e., the sec. 223 limits) would be extended and modified to include ancillary operating costs and special care unit operating costs; annual increases in the overall operating costs per case would be limited (for a period of not more than 3 years); and the Secretary of HHS would be directed to develop methods under which hospitals, skilled nursing facilities and other providers could be paid on a prospective basis.

Require certain medicare regulations: The Secretary of HHS would be required to issue regulations to (a) eliminate the private room subsidy for hospitals, (b) establish single reimbursement limits for skilled nursing facility and home health agency services, and (c) eliminate duplicate overhead payments for outpatient services.

Audit and medical claims review: The medicare contracting budget for fiscal years 1983, 1984, and 1985 would be supplemented by \$45 million in each year to be spent specifically for audit and medical review activities.

Temporarily delay the periodic interim payment (PIP): Periodic interim payments to hospitals for the latter part of September 1983 would be delayed until October 1983. There would be a similar deferral of PIP payments from September to October 1984.

Assistants at surgery: Reimbursement for assistants at surgery in hospitals where a training program exists in that specialty would be prohibited, except in the case of exceptional circumstances.

Judicial district in which providers may obtain judicial review: Federal judicial review of an adverse decision of the Provider Reimbursement Review Board involving actions brought jointly by several providers of medicare services could be conducted by the U.S. district court for the district where the "principal party" for the group is located.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 4961★—Continued

### SUMMARY OF SPENDING REDUCTION PROVISIONS—Continued

#### MEDICARE PROVISIONS—CONTINUED

Ineffective drug provision: Payments under medicare part B and under medicaid for ineffective drugs would be prohibited.

Medicare payments to HMO's: Current requirements for contracting with health maintenance organizations (HMO's) would be modified by authorizing prospective reimbursement under risk sharing contracts with competitive medical plans (CMP's) at a rate equal to 95 percent of the adjusted average per capita cost (AAPCC).

Technical corrections to Omnibus Budget Reconciliation Act of 1981.

#### MEDICAID PROVISIONS

Allow nominal medicaid copayments: The prohibition against nominal copayments for mandatory services to categorically eligible medicaid recipients would be repealed except in the case of certain inpatient hospital and ambulatory services for children and pregnant women and for services provided for inpatients in medical institutions who are required to spend, except for a personal needs allowance, all their income for medical expenses.

Eliminate matching for medicare part B "buy-in": Federal matching for part B premium payments for medicaid recipients would be eliminated.

Modify lien provision: States would be permitted under certain circumstances to attach the real property of medicaid recipients who are permanently institutionalized in nursing homes or other long-term care medical institutions.

Reduce medicaid error rates: States would be required to reduce their medicaid error rates to 3 percent.

Continuation of medicaid eligibility: States would be allowed the option of continuing medicaid coverage for certain working families who were made ineligible for AFDC as a result of certain provisions of the 1981 Reconciliation Act.

Technical corrections to Omnibus Budget Reconciliation Act.

#### UTILIZATION AND QUALITY CONTROL PEER REVIEW

Contract for utilization and quality control peer review: The Professional Standards Review Organizations (PSRO) program, would be repealed. #### AID TO FAMILIES WITH DEPENDENT CHILDREN (AFDC) PROVISIONS

Rounding of eligibility and benefit amounts: States would be required to round both their need standards and actual monthly benefit amounts to the next lower whole dollar.

Proration of first month's benefit: Therefore the monthly application AFDC benefit would be prorated from the date of application.

Eliminate uniformed service as basis for AFDC eligibility: Absence from the home solely because of uniformed service would be excluded as a basis for AFDC eligibility.

Refusal to work: Sanctions would be imposed on individuals who refuse work, reduce hours of employment, or terminate employment, without good cause.

Mandatory job search: Individuals applying for AFDC benefits would be required to participate in job search while the application is pending. Continued job search would be required, after the application becomes effective, for not more than a total of 8 weeks each year.

Inclusion and exclusion of specified individuals' needs and income: The Federal statute would define those individuals whose needs and incomes must be included or excluded from the AFDC filing unit: (1) the employable parent's benefit would end when the youngest child reaches age 16; (2) all children would be included in the filing unit (except SSI disabled children and stepbrothers and stepsisters); and (3) the income of unrelated persons living in the AFDC household would be counted as available to the AFDC family.

Repeal of emergency assistance program: The emergency assistance program would be repealed.

Proration for shelter and utilities: States would be allowed to prorate the portion of the AFDC grant for shelter and utilities for AFDC families living in households with other individuals.

Reduction of Federal match for payment errors: The allowable error rate for AFDC would be 4 percent in fiscal year 1983, 3 percent in fiscal year 1984, and 3 percent in fiscal year 1985.

Households headed by minor parents: To receive AFDC benefits, a minor parent and her child would have to reside in the home of the minor parent's own parent or guardian.

Exclusion from income of certain State payments: States would be allowed to exclude from calculations of AFDC benefit amounts any payments made solely from State funds that are designed to compensate for lost income in the period before the new benefit amount can be calculated and paid.

Extension of time for States to establish a work incentive demonstration program: States would be allowed two additional years in which to exercise their option to operate a WIN demonstration program (as provided in the 1981 Reconciliation Act).

### SUMMARY OF REVENUE PROVISIONS

#### INDIVIDUAL INCOME TAX PROVISIONS

Individual minimum tax: Expansion of the alternative minimum tax for individuals, and repeal of the add-on minimum tax for individuals, to insure that high income individuals with preference income cannot avoid some tax liability.

Casualty and medical deductions: Restrictions in the medical expense and casualty loss deductions so that expenses under either provision are deductible only to the extent that they exceed 10 percent of adjusted gross income.

Capital gains holding period: Reduction in the holding period for long-term capital gains from 1 year to 6 months.

#### BUSINESS TAX PROVISIONS

Corporate minimum tax preferences: A 15-percent reduction in various corporate tax preferences.

### SUMMARY OF REVENUE PROVISIONS—Continued

#### BUSINESS TAX PROVISIONS—CONTINUED

- Construction period interest and taxes:** A requirement that corporations amortize over 10 years the construction period interest and taxes of real property other than nonresidential structures.
- Safe harbor leasing:** Restrictions on the buying and selling of tax benefits through safe-harbor leasing after Sept. 30, 1985.
- Foreign oil and gas income:** Changes in taxation of foreign oil income of U.S. corporations to prevent extraction losses from eliminating tax on other income and to tax nonextraction oil-related income in the year it accrues.
- Possessions credit limitation:** Restricting the possession corporation credit to companies which have at least 90 percent of income from an active trade or business and denying the credit for income from intangibles.
- Industrial development and mortgage subsidy bonds:** Slower cost recovery deductions for certain assets financed with industrial development bonds, and requirements for public hearings and reporting with respect to those bonds, and the termination of small issue bonds after 1985. Various changes also would be made in the restrictions on the issuance of tax-exempt bonds for single-family housing.
- Mergers and acquisitions:** Tightening of the rules governing the tax treatment of mergers and acquisitions.
- Completed contract method of accounting:** Restrictions on the deductions which may be taken by taxpayers using the completed contract method of accounting prior to the year in which the income is recognized.
- Annual accrual accounting for certain joint ventures:** A change allowing certain partnerships which grow crops, the partners of which are corporations, to be treated the same as a corporation for purposes of the annual accrual accounting method rules.
- Dividend reinvestment plans for utilities:** Repeal of the exclusion for dividends reinvested in public utility stock.
- Modified treatment of original issue discount bonds and stripped coupon bonds:** Elimination of the favorable tax treatment given to original issue discount and stripped coupon bonds.
- Targeted jobs tax credit:** Extension and expansion of the targeted jobs credit.
- Acceleration of corporate income tax payments:** Changes requiring corporations to pay a higher percentage of tax liability for a year in the estimated payments for that year.

#### COMPLIANCE PROVISIONS

- Withholding on interest and dividends:** Withholding on interest and dividends at a 10-percent rate, with special provisions for low-income persons, elderly persons, and small financial institutions.
- Taxpayer compliance improvements:** Changes in various reporting requirements and penalties to improve compliance with the tax laws.

#### EMPLOYMENT TAX PROVISIONS

- Independent contractors:** Establishment of a safe-harbor test that, if satisfied, results in classification of an individual as an independent contractor for Federal employment purposes (other than under the Railroad Retirement Tax Act).

**Federal unemployment tax:** An increase in the base of the FUTA tax from \$6,000 to \$7,000 of wages per year and an increase in the net Federal rate from 0.7 to 0.8 percent.

**Extension of social security hospital insurance taxes and medicare coverage to Federal employees:** Extension of medicare tax and medicare coverage to Federal employees.

#### EXCISE TAX PROVISIONS

- Airport and airway tax measures:** Increases in various aviation excise taxes, with receipts transferred to the Airport and Airway Trust Fund.
- Telephone excise tax:** An increase in the telephone tax from 1 percent to 2 percent in 1983, 3 percent in 1984 and 1985, and 2 percent thereafter.
- Cigarette excise tax:** A doubling of the cigarette tax from 8 to 16 cents per pack.
- Expansion of Dingell-Johnson Fund taxes:** Expansion of items subject to the excise on fishing equipment, and a new excise tax on recreational boats and boating equipment, with the revenues to be earmarked for the Dingell-Johnson program.
- Repeal of TAPS adjustment for crude oil windfall profit tax:** Repeal of the special pipeline tariff adjustment, under the windfall profit tax, for oil flowing through the Trans-Alaska Pipeline System (TAPS).

#### MISCELLANEOUS PROVISIONS

- National Research Service Awards:** Extension for 2 years of the exclusion from income of National Research Service Awards.
- El Pomar Foundation and Houston Endowment:** Exemption from divestiture requirements applying to the private foundations which own the Broadmoor Hotel and the Houston Chronicle.
- Foreign Corrupt Practices Act:** Allowance of deductions for payments to foreign agents and officials which do not violate the Foreign Corrupt Practices Act.
- Debt management provisions:** An increase of \$40 billion in Treasury's authority to issue long-term bonds with interest rates above 4¼ percent and repeal of the limitations on interest rates payable on savings bonds.
- Studies of alternative tax systems and monetary policies:** Studies of (1) alternative tax systems which are simpler and have a broader base than the current system, and (2) the use of debt growth and total liquid assets as targets of monetary policy.
- New Jersey general revenue sharing allocation:** A technical change in the allocation of revenue sharing payments among various units of local government in New Jersey.
- Relief for the Jefferson County Mental Health Center:** Settlement of claim for repayment of certain social security taxes to the Jefferson County Mental Health Center, Lakewood, Colo.

## HOUSE BILLS REFERRED TO COMMITTEE

### H.R. 5159★

To amend the Internal Revenue Code of 1954 to provide a temporary increase in the tax imposed on producers of coal, and for other purposes.

#### SUMMARY OF HOUSE BILL

(Bill:

- (a) Increases the coal excise tax on Jan. 1, 1982, to \$1 per ton for underground-mined coal and 50 cents per ton for surface-mined coal, with a cap of 4 percent of the price for which the coal is sold;
- (b) modifies the computation of interest on certain amounts owed to or by the trust fund;
- (c) amends the obligations of the fund to include certain claims that had been previously denied and subsequently approved and to exclude payments of certain retroactive lump-sum benefits; and
- (d) transfers provisions which establish the Black Lung Disability Trust Fund to the Internal Revenue Code.)

#### SENATE ACTION

Dec. 15, 1981.—Placed on the Senate Calendar.

Dec. 16, 1981.—Passed by the Senate, by rollcall vote (No. 494), of 63 yeas, 30 nays (Congressional Record S15474-S15498), after taking the following action on amendments thereto:

*Adopted:*

*Dole modified UP amendment 798:*

- (a) Substituting the language of the Finance Committee reported bill, S. 1957, but deleting the provision limiting future borrowing by the trust fund from the general fund of the Treasury (see S. 1957 for a description of the bill as reported);
- (b) liberalizing home office deductions and business deductions for dwelling units held for rental income;
- (c) providing for a 2-year deferral of the 1976 net operating loss rules; and
- (d) providing new leasing reporting requirements, by rollcall vote (No. 493), of 56 yeas, 36 nays (Congressional Record S15474);

*Dole UP amendment 799 (to modified UP amendment 798), relating to treatment of expenses while away from home in pursuit of trade or business, by rollcall vote (No. 492), of 46 yeas, 44 nays (Congressional Record 15490); and*

*Hatch UP amendment 800, providing eligibility standards, elimination of survivor's unrelated death benefits, and limitation of interim benefit payments from the black lung disability trust fund, by voice vote (Congressional Record S15492).*

#### FURTHER HOUSE ACTION

Dec. 16, 1981.—House agreed to Senate amendment; by rollcall vote (No. 367), of 363 yeas, 47 nays (Congressional Record H9788-H9798).

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 5470★

Sept. 23, 1982

To amend the Internal Revenue Code of 1954 with respect to the tax treatment of periodic payments for damages received on account of personal injury or sickness.

### DEPARTMENTAL REPORTS

Sept. 27, 1982.—Referred to Office of Management and Budget and Department of the Treasury.

### BILL REPORTED

Oct. 1, 1982.—Reported favorably to the Senate (S. Rept. 97-646) with an amendment in the nature of a substitute providing the following:

- (a) Exclusion for periodic payments for damages received on account of personal injuries or sickness.—Excludes from gross income, damage payments for injuries or sickness whether paid as lump sums or as periodic payments;
- (b) Income for care of handicapped foster children.—Provides that "difficulty of care payments" made to a taxpayer for his care of a handicapped child (under the age of 19) will be excluded from income;
- (c) Indian tribal governments.—The bill extends certain tax provisions to American Indian tribal governments on the same basis as such provisions apply to States. The bill will (a) grant a deduction from Federal income tax for taxes paid; (b) provide that charitable contributions to Indian tribal governments will be deductible for income, estate, and gift purposes; (c) exempt Indian tribal governments from a variety of excise taxes (including the tax on special fuels, the manufacturers' excise taxes and the tax on the use of certain highway vehicles); and (d) provide an income tax exemption for certain governmental obligations, subject to special limitations regarding the tax treatment of industrial development bonds, issued by an Indian tribal government; and
- (d) Waiver of preemption in case of Hawaiian Prepaid Health Care Act.—Provides a limited exception to the preemption provisions of ERISA to permit the State of Hawaii to maintain its prepaid health care law as in effect on Jan. 1, 1977.

### SENATE ACTION

Oct. 1, 1982.—Passed by the Senate by voice vote (Congressional Record S13147) after taking the following action on amendments thereto:

#### Adopted:

*Bradley UP amendment 1388*, reducing the rate of certain taxes paid to the Virgin Islands on Virgin Islands source income, by voice vote (Congressional Record S13149);

*Dole (for Symms) UP amendment 1389*, extending for 1 year the taxes authorized by law to be collected for the Highway Trust Fund, by voice vote (Congressional Record S13150);

*Dole (for Stevens) UP amendment 1390*, deleting Alaska Native corporations from the provisions relating to Indian tribal governments, by voice vote (Congressional Record S13151); and

*Dole (for Matsunaga) UP amendment 1391*, providing that Hawaii law relating to employer maintained health insurance plans would not be preempted by ERISA to the extent that the Hawaiian law does not relate to matters thoroughly regulated under ERISA or impose tax liability on insurance premiums or benefits, by voice vote (Congressional Record S13151).

### FURTHER HOUSE ACTION

Dec. 13, 1982.—House concurred in Senate amendments with the following amendments:

- (a) Periodic payments.—Provides a technical amendment which permits an annuity contract issued by any insurance company licensed to do business under the laws of any State to qualify as a funding asset.
- (b) Foster care.—Agrees to Senate amendment and adds a provision which codifies present practice by excluding from gross income basic foster care payments made to reimburse foster parents for the expenses of caring for foster children.
- (c) Highway Trust Fund.—Deletes this provision.
- (d) Virgin Islands withholding.—Delete this provision.
- (e) Hawaiian prepaid health care law preemption.—Agrees to Senate amendment and adds an amendment within jurisdiction of Committee on Education and Labor which provides that the exception for Hawaiian Act from preemption under sec. 514 or ERISA would apply to the State statute as in effect on or before Sept. 2, 1974 (except for administrative amendments to the act). The House amendments also includes language to the effect that the exception made by this legislation is not to be considered as a precedent for extending the exception to other State laws.
- (f) Multiemployer health trusts.—Adds a provision which clarifies Federal and State responsibilities involved in the regulation of multiple employer health trusts.

### CONFERENCE ACTION

Dec. 17, 1982.—Senate disagreed to the House amendment to the Senate amendment, requested a conference with the House, and named the following conferees: Messrs. Dole, Packwood, Wallop, Long, and Byrd, of Va.

Dec. 18, 1982.—House insisted on its amendments, agreed to a conference with the Senate, and named the following conferees: Messrs. Rostenkowski, Gibbons, Pickle, Duncan, and Frenzel.

Dec. 21, 1982.—Conference report filed in the House (H. Rept. 97-984).

Dec. 21, 1982.—House agreed to conference report by voice vote (Congressional Record H10672).

Dec. 22, 1982.—Senate agreed to conference report by voice vote (Congressional Record S15987).

### CONFERENCE AGREEMENT

#### (a) Exclusion for periodic damage payments

The conference agreement follows the House bill.

#### (b) Exclusion From Gross Income for Certain Foster Care Payments

The Conference agreement follows the House bill.

## HOUSE BILLS REFERRED TO COMMITTEE

**H.R. 5573★**

**Sept. 27, 1982**

To amend the Internal Revenue Code of 1954 to encourage contributions of computer equipment to elementary and secondary schools.

### HOUSE BILL

(Provides a special rule for charitable contributions, made by corporations in 1983, of certain newly manufactured computers to primary and secondary schools for use at the school directly in the education of students. For contributions qualifying under the rule, the deduction equals the sum of the taxpayers' basis in donated property plus 50 percent of the difference between the property's fair market value and the basis, but not to exceed twice the basis amount.)

### BILL REPORTED

Oct. 1, 1982.—Reported favorably to the Senate (S. Rept. 97-647), amended as follows:

#### **Charitable Contributions of Computer Equipment to Qualified Organizations**

Provides a special deduction rule for certain corporate charitable contributions of newly manufactured computer equipment to elementary or secondary schools for use at the school, or to museums or libraries for use at the museum or library, directly in the education of elementary or secondary schoolchildren. For any one computer company, only contributions made during a single taxable year beginning in 1983, in 1984, or in 1985 are eligible for the special rule.

#### **Bad Debt Deductions of Commercial Banks**

Provides that the applicable percentage for the percentage of outstanding loans method of computing the bad debt collection of commercial banks is 1.0 percent. The 1.0-percent rate will remain effective so long as the provisions requiring withholding on dividends and interest remain in effect.

To revise subchapter S of the Internal Revenue Code of 1954 (relating to small business corporations).

## HOUSE BILL

### Eligibility

With respect to initial and continued eligibility of a corporation for subchapter S treatment, the bill makes the following changes:

- (1) The number of permitted shareholders will be increased from 25 to 35;
- (2) Differences in voting rights in common stock will not violate the one-class-of-stock requirement;
- (3) The present-law rule which results in the termination of an election if the corporation derives more than 80 percent of its gross receipts from sources outside the United States will be repealed;
- (4) The present-law rule which automatically terminates a corporation's subchapter S election if more than 20 percent of a corporation's gross receipts for any taxable year is passive investment income will be eliminated for corporations which do not have accumulated earnings and profits from regular corporate years at the close of the taxable year, and will be modified for corporations with accumulated earnings and profits; and
- (5) A person who becomes a shareholder of a subchapter S corporation after the initial election of subchapter S status will not have the power to terminate the election affirmatively refusing to consent to the election. Accordingly, the new shareholder will be bound by the initial election until the election is otherwise terminated.

### Elections, Revocations, and Terminations

The bill provides that an election made on or before the 15th day of the 3d month of the taxable year will be effective from the beginning of the taxable year if all persons who held stock in the corporation during the pre-election portion of that year were individuals, estates, and qualified trusts, and if all persons who held stock in the corporation at any time the election is made consent to the election. If these requirements are not met, or if the election is made later than the 15th day of the third month of the taxable year, it will not be effective until the subsequent taxable year.

An event occurring during the taxable year which causes a corporation to fail to meet the definition of an eligible corporation will terminate the election as of the day on which the event occurred (rather than as the first day of the taxable year in which the event occurred, as under present law). To minimize the effect of an inadvertent termination, the bill provides that the Internal Revenue Service may waive the terminating event so that the corporation may continue to be a subchapter S corporation notwithstanding that event.

The bill provides that an election can be revoked by those shareholders holding a majority of the corporation's voting stock (as contrasted with the current rule which requires all shareholders to consent to a revocation). The present-law rule allowing a revocation filed during the first month of the taxable year to be effective for that entire taxable year is modified so that such a retroactive revocation may be filed on or before the 15th day of the 3d month of the taxable year.

### Passthrough of Income; etc.

The bill provides that the character of items of income, deduction, loss, and credits of the corporation will pass through to the shareholders in the same general manner as the character of such items of a partnership passes through to partners. Thus, for example, such items as tax-exempt interest, capital gains and losses, percentage depletion, the source or allocation of foreign income or loss, and foreign income taxes will pass through and retain their character in the hands of shareholders.

As in the case under present law with respect to losses, income will be passed through and allocated to shareholders on a per-share, per-day basis.

### Selection of Taxable Year

Under the bill, rules generally similar to those applicable to partnerships will apply to the selection of a taxable year for a subchapter S corporation. The taxable year of a corporation which makes a subchapter S election will be required to be either the calendar year, or any other accounting period for which the corporation establishes a business purpose to the satisfaction of the Treasury Department. These rules also apply to corporations currently operating under subchapter S. However, a corporation with a subchapter S election in effect on Dec. 31, 1982, can continue its current taxable year so long as 50 percent or more of the outstanding stock in the corporation on that date continues to be owned by the same shareholder. For purposes of this transitional rule, transfers of stock by reason of death will not be considered changes in ownership.

### Carryforward of Loss

Under the bill, a subchapter S shareholder will be entitled to carry forward a loss to the extent that the amount of the loss passed through for the year exceeds the aggregate amount of the basis in his or her subchapter S stock and loans to the corporation. The loss carried forward can be deducted only by that shareholder if and when the basis in his or her stock of, or loans to, the corporation is restored.

### Distributions

The rules relating to distributions from subchapter S corporations are extensively revised.

Under the new rules, a corporation will not have earnings and profits attributable to any taxable year beginning after the date of enactment if a subchapter S election is in effect for that year. For corporations with no earnings and profits, the amount of the distribution (generally cash plus the fair market value of property) will be tax free and will reduce the shareholder's basis in his or her stock. To the extent that the amount of the distribution exceeds the amount of the basis in the stock, capital gains generally will result.

For corporations with accumulated earnings and profits, the distribution will be treated as a distribution by a corporation without earnings and profits to the extent of the shareholder's portion of the undistributed amount of subchapter S gross income less deductible expenses (an "accumulated adjustment account"). Any amount in excess of the accumulated adjustment account will be treated under the usual corporate rules, first as a distribution out of accumulated earnings and profits to the extent thereof.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 6055★—Continued

### HOUSE BILL—Continued

#### Distributions—Continued

Under the bill, both taxable and nontaxable income and deductible and nondeductible expenses, respectively, will serve to increase and decrease the subchapter S shareholder's basis in his or her stock of, and loans to, the corporation. These rules are generally analogous to those provided for partnerships. Also, unlike present law, basis will be restored to debt obligations as well as to stock. Restoration of basis will be made first to debt (to the extent of prior reductions) and then to stock. Under the bill, gain will be recognized by a subchapter S corporation upon nonliquidating distributions of appreciated property.

#### Fringe Benefits

Under the bill, rules similar to the partnership tax rules will apply to employee fringe benefits. For this purpose, persons owning 2 percent or more of the corporate stock will be treated as partners.

#### Treatment of Transactions Between Corporation and Related Parties

Under the bill, amounts accruing to any cash-basis shareholder owning 2 percent or more of the corporation's stock will be deductible only when paid.

#### Administration

The bill provides that the items of subchapter S income, deductions, and credits will be determined in audit and judicial proceedings at the corporate level rather than separately with each shareholder. Shareholders would be given notice of, and the opportunity to participate in, Internal Revenue Service proceedings with the corporation.

#### Effective Date

The bill generally will be effective for taxable years beginning after Dec. 31, 1982.

### BILL REPORTED

Sept. 29, 1982.—Reported favorably to the Senate (S. Rept. 97-640) with amendments to the House bill described below:

(a) **Trusts.**—Provides that a trust would not be disqualified during the life of the current income beneficiary simply because, after the death of the current income beneficiary, the trust could have multiple beneficiaries. If a trust failed to qualify after the death of the current income beneficiary, a 60-day grace period would be allowed for a trust to dispose of stock after the death of the current income beneficiary. If a trust continues to qualify after the death of the first income beneficiary, successor beneficiaries would be deemed to elect qualified trust treatment unless an affirmative refusal is made;

(b) **Accrued expenses.**—Provides that the new rules matching the deductions of subchapter S corporations with inclusions of income by shareholders would only apply to such corporations accruing expenses paid to cash basis taxpayers;

(c) **Windfall profits.**—Provides that a shareholder of an existing subchapter S corporation whose present quantity of oil production, together with his or her pro rata share of the corporation's production, would exceed 1,000 barrels would be allowed to elect not to have the provisions of the bill apply;

(d) **Taxable year.**—Provides that gifts of stock to a family member pursuant to an existing buy-sell agreement would not be treated as transfers for purposes of applying the taxable year grandfather rules;

(e) **Fringe benefits.**—Provides that existing subchapter S corporations could retain existing fringe benefits for 5 years so long as the current passive income test is not violated and a majority of stock is not transferred;

(f) **DISC and foreign subsidiaries.**—Provides that the provision in the House bill grandfathering DISC and foreign subsidiaries would apply as of Sept. 28, 1982;

(g) **Passive income limitation.**—The House bill, retained the present law provision that a subchapter S election is terminated if more than 20 percent of a corporation's gross receipts for any taxable year consist of certain items of passive income. This provision, however, would apply only to corporations which have accumulated earnings and profits from years during which the corporation was a subchapter S corporation.

The Finance Committee reported bill provides that, in order to avoid inadvertent terminations of subchapter S status, a corporation having subchapter C earnings and profits would not be deemed to fail the eligibility requirements for subchapter S for 3 consecutive years if a tax was paid at the corporate level at a rate of 46 percent on the amount of passive income exceeding 25 percent of gross receipts. If the corporation's passive income exceeded 25 percent for 3 consecutive years, the corporation's subchapter S election would be terminated. This rule, as well as the general rule repealing the passive income limitation for other subchapter S corporations, would be effective for taxable years beginning after Dec. 31, 1981, rather than after Dec. 31, 1982, as in the House-passed bill; and

(h) **Waiver of 5-year waiting period.**—Provides that the 5-year rule (providing that if a corporation terminates a subchapter S election, it may not elect subchapter S status for 5 years), would not apply if the termination occurred under present law.

### Disposition of Differing Provisions

(Note: Provisions not listed were not in conference and have been approved by both Houses.)

#### (A) TRANSITIONAL RULE FOR REHABILITATION TAX CREDITS

The conference agreement follows the House bill and deletes this provision.

#### (B) DEFINITION OF INDEPENDENT PRODUCER

Senate amendment providing that, in determining the value of oil or gas products sold in any year for purposes of determining whether a taxpayer is a "retailer" (for depletion and windfall profit tax purposes), bulk sales of aviation fuels to the Department of Defense are excluded.

#### (C) QUALIFIED ROYALTY PRODUCTION OF TRUSTS

The conference agreement generally follows the Senate bill (except with respect to the method of allocating qualified trust royalty production between and among the trust and its beneficiaries and for certain technical and clarifying amendments. Each qualified beneficiary of a trust that has qualified royalty production ("allocable trust production") will be entitled to a refund of windfall profit tax paid on his or her allocable share of that production, with a limit of 2 barrels a day on the total amount of qualified royalty production with respect to which any beneficiary may claim either a royalty oil exemption or a refund under the new provision.

#### (D) EFFECT OF SALE IN BANKRUPTCY OF AIRCRAFT SUBJECT TO SAFE-HARBOR LEASE

The conference agreement deletes this provision.

#### (E) EFFECTIVE DATE FOR REGISTRATION OF TAX-EXEMPT OBLIGATIONS

The conference agreement follows the House amendment to the Senate amendment but provides for a 6-month rather than a 1-year delay of the effective date.

#### (F) TRANSITIONAL SAFE-HARBOR LEASE RULE FOR AUTO MANUFACTURING PROPERTY

The conference agreement replaces the existing definition of eligible property with a definition that clarifies the intended scope and meaning of the provision, and makes it clear that only manufacturers of finished automobiles and trucks qualify and that the property must be used directly in the taxpayers' trade or business of manufacturing automobiles and trucks. The conference agreement limits eligibility to property used principally by the taxpayer directly in connection with the trade or business of manufacturing automobiles or light-duty trucks. Property used principally to manufacture heavy-duty trucks or truck-tractors is ineligible. For this purpose, a light-duty truck is a truck with a gross vehicle weight of 13,000 pounds or less.

#### (G) DISCOUNT OBLIGATIONS ISSUED IN A REORGANIZATION

The conference agreement removes the exclusion for obligations issued in a reorganization from the definition of original issue discount.

#### (H) SUBCHAPTER S

The conference agreement provides that the taxable year requirements of the Subchapter S Act will apply to any subchapter S election made after Oct. 19, 1982. Thus, the corporation's year must end on Dec. 31, or end at the end of any period for which it establishes a business purpose.

The conference agreement also allows subchapter S corporations to elect to treat distributions as dividends.

#### (I) TREATMENT OF CERTAIN CORPORATE STOCK PURCHASES

The conference agreement includes provisions relating to seller's consolidated return treatment and retroactive application.

### CONFERENCE ACTION—Continued

#### Disposition of Differing Provisions—Continued

##### (J) REGULATED FUTURES CONTRACTS

The conference agreement includes provisions relating to bank forward contracts and cash settlement contracts.

##### (K) AT-RISK RULE FOR SAFE-HARBOR LESSORS

The conference agreement follows the House amendment to the Senate amendment clarifying that the TEFRA at-risk change under the retroactive rule may apply where the property is placed in service before July 1, 1982, the general effective date for the safe-harbor leasing changes.

##### (L) RECAPTURE OF EXPENSING DEDUCTIONS WHERE PROPERTY USED FOR NONBUSINESS PURPOSES

The conference agreement provides that, under regulations prescribed by the Secretary, the taxpayer must recapture the expensing deduction where the property is not predominantly used in trade or business at any time before the close of the second taxable year following the year in which it is placed in service by the taxpayer. For this purpose, recapture means that, in the taxable year it is determined that the property is not used predominantly in a trade or business, the taxpayer must include in income the tax benefit derived from the expensing deduction.

##### (M) CREDIT FOR TAX WITHHELD FROM INTEREST, DIVIDENDS, OR PATRONAGE DIVIDENDS

The conference agreement follows the House amendment to the Senate amendment and provides that the withholding credit is allowed in the same taxable year as the income is received. In the case of passthrough entities, such as partnerships, the ultimate taxpayers (i.e., partners) will thus receive the credit in the same taxable year the interest or dividends are included in their income.

##### (N) FOREIGN OIL LOSS RECHARACTERIZATION TRANSITION RULE

The conference agreement follows the House amendment to the Senate amendment and conforms the treatment of pre-TEFRA foreign oil losses to the treatment of pre-TEFRA foreign nonoil losses. It provides that a pre-TEFRA foreign loss from either of the two separate baskets (the foreign oil basket and the foreign nonoil basket) will be recaptured from post-TEFRA income from the other basket not more rapidly than ratably over the 8-year period beginning after Dec. 31, 1982. Such recapture of losses against income from the other basket will be in addition to (and not in lieu of) recapture of losses against income from the same basket.

##### (O) ALTERNATIVE MINIMUM TAX

The conference agreement follows the House amendment to the Senate amendment and provides that in computing the adjusted itemized deduction preference, any itemized deduction which is not allowed against the alternative minimum tax base in the current year because it is carried over to another year shall also be excluded from the computation of the adjusted itemized deduction preference in the current year. This amendment applies to taxable years beginning after 1978 and before 1983. The agreement also provides that in computing the alternative minimum tax for 1981, the special 20-percent capital gain maximum rate made applicable by ERTA to post-June 9 gains will be applied in certain cases by reducing the qualified net capital gain by losses for the taxable year. In these cases, the special tax base subject to the 20-percent rate will equal the taxpayer's alternate minimum taxable income.

##### (P) REQUIRED RENEGOTIATIONS OF OUTSTANDING LOANS FROM GOVERNMENT PENSION PLANS

The conference agreement generally follows the House amendment to the Senate amendment with date modifications.

##### (Q) CLERICAL AND CONFORMING AMENDMENTS

The conference agreement follows the House bill and the House amendment.

### House (Title V) Highway-Related Provisions Within the Jurisdiction of the Committee on Finance

#### TAX PROVISIONS

**Motor fuels taxes.**—Increases the excise taxes on gasoline, diesel and special motor fuels used in highway vehicles to 9 cents a gallon, beginning on Apr. 1, 1983, through Sept. 30, 1988. Complete exemptions from 9 cents a gallon tax are provided for State and local governments, nonprofit educational institutions, farm use, schoolbuses, local transit buses, intercity buses, off-highway business use, and alcohol fuels (other than those derived from petroleum). Exemptions from the present law 4 cents a gallon excise tax are continued at that level for qualified taxicabs (through fiscal year 1984) and gasohol. Ground applicators of fertilizers, and other substances are made eligible for refunds of fuel taxes, because of farm use, under the same terms as are aerial applicators.

All the motor fuels taxes and the exemptions from these taxes will terminate after Sept. 30, 1988. Revenue from the 9 cents a gallon tax on recreational motorboat fuel generally is transferred to the Land and Water Conservation Fund. Up to \$45 million is the maximum amount that may be transferred to the National Recreational Boating Safety and Facilities Improvement Fund, which is extended through fiscal year 1988.

**Tires, tubes, and tread rubber.**—The taxes on inner tubes, laminated tires, and all nonhighway tires are repealed. The taxes also are repealed on highway tires weighing 100 pounds or less and on tread rubber used to retread tires of 100 pounds or less. Highway tires weighing more than 100 pounds are taxed at 25 cents a pound, and tread rubber used on tires more than 100 pounds also is taxed at 25 cents a pound. These changes are effective on Jan. 1, 1984, and the taxes will expire on Oct. 1, 1988.

**Lubricating oil.**—The bill repeals this tax on the day after the date of enactment.

**Trucks and truck parts.**—The tax on truck parts and accessories is repealed and the taxes on new trucks and trailers are increased to 12 percent. In addition, this tax will be imposed at the retail level on the retail price, rather than at the manufacturers' level. The weight threshold for these taxes is increased from 10,000 pounds to 33,000 pounds for trucks and to 26,000 pounds for trailers. Rail trailers and vans are exempt from the tax.

The repeal of the parts and accessories tax and the exemption from the tax on trucks from 10,000 to 33,000 pounds and trailers less than 26,000 pounds are effective on the day after the date of enactment. The shift of the truck tax to the retail level and the increase from 10 percent to 12 percent are effective Apr. 1, 1983.

**Heavy vehicle use tax.**—The bill provides a graduated tax that begins at 33,000 pounds. Trucks below that weight level will pay no use tax. At 33,000 pounds, trucks will pay \$60, and heavier trucks will pay an additional \$20 for each added 1,000 pounds up to 55,000 pounds. Under this rate schedule a 55,000 pound truck will pay an annual use tax of \$500. Trucks weighing between 55,000 pounds and 80,000 pounds will pay \$500 plus \$60 for each 1,000 pounds over 55,000 up to \$2,000, which is the maximum annual use tax on heavy trucks. The new schedule is effective on Jan. 1, 1984. An exemption (or refund) will be provided for trucks that travel less than 2,500 miles in a taxable period. These changes are effective on Jan. 1, 1984.

**Sunset of taxes.**—All the highway user excise taxes, as well as the exemptions from the taxes, expire after Sept. 30, 1988.

**Motor carrier operating rights.**—The bill provides that the basic adjustments applicable under the Economic Recovery Tax Act of 1981 to corporate taxpayers acquiring certain motor carrier operating authorities shall also apply to noncorporate taxpayers acquiring such rights.

#### TRUST FUNDS AND TRANSIT ACCOUNT

**Highway Trust Fund.**—The bill extends the Highway Trust Fund through Sept. 30, 1988. The taxes that will be deposited into the trust fund, and the authority to spend from the trust fund, also will expire after Sept. 30, 1988, except for certain statutory transfers allowed after the expiration date.

The bill transfers statutory authority for the trust fund to the Internal Revenue Code. Authority to spend from the trust fund is provided for the general trust fund expenditure purposes which are authorized by law as of Dec. 31, 1982.

The antideficit provisions of the present "Byrd amendment" are modified and clarified. As a result, unfunded trust fund authorizations may not exceed 2 years of anticipated trust fund receipts. Authority for repayable advances from the Treasury is repealed.

**Mass Transit Account.**—One cent a gallon of the fuels taxes is to be deposited in a new separate Mass Transit Account in the Highway Trust Fund. These deposits may be used only for mass transit capital programs, including new starts, that are authorized in sec. 3 of the Urban Mass Transit Act. This account is limited to unfunded authorizations in anticipation of only 1 year's receipts. Repayable advances are not permitted.

#### BILL REPORTED

Dec. 9, 1982.—Reported favorably to the Senate (no written report), amended as follows:

**Trust fund extension.**—The Committee agreed that the Highway Trust Fund would be extended through Sept. 30, 1989. The highway excise taxes, including most exemptions, are terminated on that date.

**Mass transit account.**—The Committee agreed to earmark revenues equivalent to 1 cent of the fuels taxes for a new mass transit account within the Highway Trust Fund. This revenue will be available for transit capital expenditures, including new starts.

## HOUSE BILLS REFERRED TO COMMITTEE

**H.R. 6211★—Continued**

### BILL REPORTED—Continued

**Fuel taxes.**—The Committee agreed that the taxes on gasoline, diesel and special fuels, including fuel used in motorboats, would be increased from 4 cents per gallon to 9 cents per gallon effective Apr. 1, 1983. Exemptions from the full 9 cents per gallon tax would be provided for gasohol, alcohol fuels (other than those derived from petroleum or natural gas), State and local governments, nonprofit educational institutions, farm use, nonhighway qualified business use, vanpooling, and school, local, and intercity buses. In general, qualified taxicabs would be allowed 4 cents per gallon exemption. Ground applicators of fertilizer, pesticides, and herbicides would be eligible for the same treatment as aerial applicators with regard to refunds of fuels taxes.

The Committee would also provide an additional 6 days, for a total of 15 days for certain oil jobbers to pay the fuels taxes. This additional time is available only if the payor makes tax deposits by electronic wire transfers.

In general, the taxes and exemptions would terminate on Sept. 30, 1989, except that the taxicab exemption would terminate on Sept. 30, 1984. For the period before Jan. 1, 1984, the exemption for taxicabs would be modified to include all taxicabs owned by companies whose policies do not prohibit ride sharing. Up to \$45 million per year of the taxes on motorboat fuels would be transferred to the National Recreational Boating Safety and Facilities Improvement Fund, which would be extended up to through the life of the tax. The balance of those revenues would continue to go to the Land and Water Conservation Fund.

The present 40 cents-per-gallon income tax credit for alcohol fuels produced through 1992 and the 40 cents-per-gallon tariff on imported alcohol would both be increased to 90 cents-per-gallon.

**Tires, tubes, tread rubber, lubricating oil.**—The Committee agreed that there would be a graduated tax on tires with the following tax rates and brackets: 9.75 cents per pound for the first 50 pounds, 15 cents per pound for the next 50 pounds, and 25 cents per pound for each pound in excess of 100 pounds. The current taxes on nonhighway and laminated tires would be repealed. Tread rubber would be subject to a tax of 5 cents per pound when used for tires under 50 pounds, 8 cents per pound tax when used for tires between 50 and 100 pounds, and 16 cents per pound tax when used for tires over 100 pounds. The tax on inner tubes would be retained at its current rate of 10 cents per pound. These changes generally would be effective Apr. 1, 1983.

**Trucks and trailers.**—The Committee agreed to increase the tax on new trucks and trailers to 12 percent. In addition, this tax would be imposed at the retail level rather than at the manufacturers' level. The weight threshold for these taxes would be increased from 10,000 pounds to 33,000 pounds for trucks and to 26,000 pounds for trailers. Roadrailer trailers would be exempt from the tax. The higher thresholds and the roadrailer exemption are effective the day after enactment. The 12 percent rate and conversion to a retail tax will be effective Apr. 1, 1983.

**Truck parts and accessories.**—The Committee agreed to increase the tax on truck parts and accessories to 12 percent of the manufacturer's sale price, effective Apr. 1, 1983. The weight threshold for these taxes would be increased from 10,000 pounds to 33,000 pounds, effective the day after enactment.

**Heavy vehicle use tax.**—The Committee agreed to a phased increase in heavy vehicle use tax and to a graduated rate schedule for that tax. There would be no tax on vehicles weighing less than 33,000 pounds. For vehicles weighing between 33,000 pounds and 55,000 pounds, the tax would be \$80 a year plus \$10 for each 1,000 pounds in excess of 33,000 pounds. For vehicles weighing between 55,000 pounds and 80,000 pounds, the tax would be \$300 a year plus \$52 for each 1,000 pounds in excess of 55,000 pounds. Vehicles weighing 80,000 pounds or more would be taxed \$1,600 a year. The Committee agreed that the increased heavy vehicle use taxes would be phased in over a 2 1/2-year period beginning on Jan. 1, 1984.

In addition, the Committee agreed that an exemption (or refund) would be provided for trucks that travel less than 5,000 miles in a taxable period (e.g., July 1 to June 30). Beginning Jan. 1, 1985, States will require proof of payment of the Federal heavy vehicle use tax before registering trucks in the State.

**Motor carrier operating rights.**—The Committee agreed to provide that the basis adjustments applicable under the Economic Recovery Tax Act of 1981 to corporate taxpayers acquiring certain motor carrier operating authorities shall also apply to noncorporate taxpayers acquiring such rights.

### SENATE ACTION

Dec. 10, 13-16, 19, and 20, 1982.—Considered and passed by the Senate, by rollcall vote (No. 467), of 56 yeas, 34 nays (Dec. 20, Congressional Record S15767), after taking the following action on amendments within the jurisdiction of the Committee on Finance:

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 6211★—Continued

### CONFERENCE ACTION—Continued

#### Disposition of Provisions in Conference Within the Jurisdiction of the Committee on Finance

##### A. MOTOR FUELS TAXES

###### 1. Tax rates

The conference agreement increases the present 4-cent-per-gallon taxes on gasoline, diesel fuel, and special motor fuels to 9 cents per gallon, effective for sales after Mar. 31, 1983, and before Oct. 1, 1988.

The taxes imposed on gasoline and special motor fuels used in motorboats are also increased from 4 cents per gallon to 9 cents per gallon during the same period. Revenues equivalent to the amounts received from these taxes will continue to be deposited in the National Recreational Boating Safety and Facilities Improvement Fund and the Land and Water Conservation Fund. The maximum amount per year that can be transferred to the Boating Safety Fund is increased from \$20 million per year to \$45 million per year and the maximum allowable balance in the fund is increased to that same amount. Finally, the boating Safety Fund is extended through Sept. 30, 1988.

###### 2. Exemptions

The conference agreement continues or modifies most of the exemptions from the fuels taxes and enacts a new exemption for certain alcohol fuels. Unless otherwise indicated below in the description of a specific exemption, all new exemptions are effective on Apr. 1, 1983, and through Sept. 30, 1988. Under the conference agreement, the following exemptions are provided:

**Gasohol.**—The conference agreement increases the present 4-cents-per-gallon exemption to 5 cents per gallon, effective from Apr. 1, 1983 through Dec. 31, 1992.

**Intercity, school, and local buses.**—The conference agreement continues the present full exemption from the fuels taxes for fuels used in these vehicles by increasing that exemption from 4 cents per gallon to 9 cents per gallon.

**Qualified taxicabs.**—The present 4-cents-per-gallon exemption is increased to 9 cents per gallon, Jan. 1, 1983, through Sept. 30, 1984. Additionally, certain taxicabs prohibited by local law from offering ridesharing will qualify for the exemption from Jan. 1, 1983, through Dec. 31, 1983.

**State and local governments and nonprofit educational institutions.**—An exemption of 9 cents per gallon is provided for fuels sold for the exclusive use of these entities.

**Farming use.**—The exemption for fuels used on farms for farming purposes is increased from 4 cents per gallon to 9 cents per gallon.

**Off-highway business use.**—The exemption for fuels used in off-highway business uses is increased from 2 cents per gallon to 9 cents per gallon.

**Certain alcohol fuels.**—A new exemption of 9 cents per gallon is provided for fuels consisting of at least 85 percent methanol, ethanol, or other alcohols derived from sources other than petroleum or natural gas.

The conference agreement also permits certain applicators to ground farming processes (e.g., fertilizer) to claim the farming use fuels tax exemption directly in the same manner as aerial applicators of these processes are permitted to claim the exemptions under present law.

###### 3. Alcohol fuels income tax credit

The present law income tax credit for certain alcohol fuels is increased from 40 cents per gallon to 50 cents per gallon, effective from Apr. 1, 1983, through Dec. 31, 1992.

###### 4. Tariff on imported alcohol fuels

The present tariff on certain imported alcohol fuels is increased to 50 cents per gallon, effective from Apr. 1, 1983, through Dec. 31, 1992.

###### 5. Time for payment of gasoline tax

The time for paying the gasoline tax is extended from 9 days after the end of the semimonthly payment period to 14 days after that period for independent refiners (as defined in Code sec. 4995(b)(4)) and for all other taxpayers other than refiners producing more than 1,000 barrels of crude oil per day. To qualify for the additional time, the taxpayer must make an election and must pay the tax by electronic wire transfer. Additionally, in the case of payment days that fall on a Saturday, Sunday, or legal holiday, the tax must be paid on the preceding Friday (or Thursday, in the case of a Friday holiday).

##### B. TAXES ON TRUCKS AND TRUCK PARTS

###### 1. Trucks

The conference agreement converts the 10-percent manufacturers excise tax on truck chassis and bodies, truck trailer and semitrailer chassis and bodies, and highway tractors to a 12-percent retail tax on those articles, effective Apr. 1, 1983. A 2-percent retail tax is provided for articles taxable under the retail tax and for which the 10-percent manufacturers tax has been paid. A 12-percent retail tax also applies to the installation of parts or accessories (excluding replacements) on a taxable article, if it occurs within 6 months after the article was placed in service and the aggregate value of the installed parts exceeds \$200.

The gross vehicle weight below which articles are exempt from tax is raised from 10,000 pounds to 33,000 pounds in the case of truck chassis and bodies, and from 10,000 pounds to 26,000 pounds in the case of truck trailer and semitrailer chassis and bodies. In addition, rail trailers and vans (excluding piggy-back trailers or semitrailers) which are designed for use both as a highway vehicle and a railroad car are specifically exempt. The increase in threshold weights and the exemption of rail trailers and vans are effective the day after the date of enactment. This tax will expire on Oct. 1, 1988.

###### 2. Truck parts

The conference agreement repeals the 8-percent manufacturers excise tax on truck parts and accessories, effective on the day after the date of enactment. However, as described above, certain installations of parts or accessories are taxable under the 12-percent retail tax on trucks.

##### C. HEAVY VEHICLE USE TAX

The conference agreement replaces the current tax rate of \$3 per 1,000 pounds of taxable gross weight with a tax rate that is graduated according to taxable gross weight as follows:  
33,000 pounds to 55,000 pounds: \$50 per year, plus \$25 for each 1,000 pounds or fraction thereof in excess of 33,000 pounds.

### CONFERENCE ACTION—Continued

#### Disposition of Differing Provisions—Continued

##### C. HEAVY VEHICLE USE TAX—CONTINUED

55,000 pounds to 80,000 pounds: \$600 per year, plus the applicable rate for each 1,000 pounds or fraction thereof in excess of 55,000 pounds.

80,000 pounds and above: The maximum amount.

The applicable rate and maximum amount are as follows:

July 1, 1984, with an applicable rate of \$40 and a maximum amount of \$1,600;

July 1, 1985, with an applicable rate of \$40 and a maximum amount of \$1,600;

July 1, 1986, with an applicable rate of \$44 and maximum amount of \$1,700;

July 1, 1987, with an applicable rate of \$48 and a maximum amount of \$1,800; and

July 1, 1988 or thereafter, with an applicable rate of \$52 and a maximum amount of \$1,900.

This schedule applies with 1-year delay in the case of a person who owns and operates no more than 5 taxable vehicles during a taxable period. The tax expires on Oct. 1, 1988, and the amount of tax for the taxable period beginning on July 1, 1988, is prorated accordingly, as one-fourth of the annual tax.

The conference agreement raises the threshold level at which vehicles become subject to tax from 26,000 pounds to 33,000 pounds of taxable gross weight. A new exemption is provided for vehicles which are used on the public highways for 5,000 miles or less during a taxable period. A new credit or refund is allowed on a pro rata basis, if a vehicle on which the tax has been paid is retired from service during a taxable period because of accident or theft.

The conference agreement directs the Secretary of the Treasury (in consultation with other parties) to study alternative forms of the highway use tax and report findings and recommendations to the tax-writing committees of Congress before Jan. 2, 1985. Beginning Jan. 1, 1985, a State must require proof of payment of the highway use tax before registering a vehicle in order to qualify for its highway apportionment for the fiscal year.

These provisions are effective beginning on July 1, 1984.

##### D. TAXES ON TIRES, TREAD RUBBER, AND INNER TUBES

###### 1. Tires

The conference agreement replaces the present tax of 9.75 cents per pound for highway tires made of rubber with a graduated tax at the following rates and poundage brackets:

Not more than 40 lbs., no tax; more than 40 lbs., but not more than 70 lbs., 15 cents per lb. in excess of 40 lbs.; more than 70 lbs., but not more than 90 lbs., \$4.50, plus 30 cents per lb. in excess of 70 lbs.; and more than 90 lbs., \$10.50, plus 50 cents per lb. in excess of 90 lbs.

These provisions are effective on Jan. 1, 1984, through Sept. 30, 1988. The tax will expire on Oct. 1, 1988.

In addition, the conference agreement repeals the tax of 4.875 cents per pound on nonhighway tires and the tax on highway tires of 1 cent per pound on laminated tires, effective on Jan. 1, 1984.

###### 2. Tread rubber

The conference agreement repeals the present tax of 5 cents per pound on tread rubber used in recapping or retreading highway tires. The provision is effective on Jan. 1, 1984.

###### 3. Inner tubes

The conference agreement repeals the present tax of 10 cents per pound on inner tubes for tires, effective on Jan. 1, 1984.

##### E. TAX ON LUBRICATING OIL

The conference agreement repeals the present tax of 6 cents per gallon on lubricating oil. The provision is effective on the day after the date of enactment.

##### F. FLOOR STOCKS PROVISIONS

###### 1. Floor stocks taxes

The conference agreement imposes floor stocks taxes with respect to those articles on which the rate of a manufacturers excise tax is increased. The floor stocks taxes are equal to the excess of the new tax rate over the prior rate and are imposed on the date that the rate increase is effective.

Under the conference agreement, articles subject to floor stocks taxes include gasoline, tires over 40 pounds, and trucks and truck trailers over the increased taxable weight thresholds provided by the act.

###### 2. Floor stocks refunds

The conference agreement provides for floor stocks refunds with respect to articles on which the rate of a manufacturers excise tax is repealed. The floor stocks refunds are equal to the tax previously paid with respect to the article. The refunds are payable to manufacturers upon proof that dealers (or consumers in the case of certain trucks and trailers) have been reimbursed for the amount of the tax.

Under the conference agreement, floor stocks refunds are provided with respect to trucks and trailers below the new taxable weight thresholds, highway tires weighing 40 pounds or less, nonhighway tires, laminated tires, innertubes, tread rubber, and truck and trailer parts and accessories, all from which the act removes the respective excise taxes.

##### G. HIGHWAY TRUST FUND PROVISIONS

###### 1. Extension of the trust fund

The Highway Trust Fund is extended for an additional 4 years, from Sept. 30, 1984, through Sept. 30, 1988. To simplify codification of tax law, the trust fund is transferred to the Internal Revenue Code (as a new sec. 9503) on Jan. 1, 1983, and the present statutory provision for the trust fund in sec. 209 of the Highway Revenue Act of 1956 is repealed simultaneously. For all purposes of law and any reference in any law, the Highway Trust Fund established in the Internal Revenue Code is to be treated as a continuation of this trust fund in its earlier statutory provisions.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 6211★—Continued

### CONFERENCE ACTION—Continued

#### Disposition of Differing Provisions—Continued

#### G. HIGHWAY TRUST FUND PROVISIONS—CONTINUED

##### 2. Revenues appropriated to the trust fund

There are appropriated to the Highway Trust Fund amounts equivalent to the taxes received in the Treasury under the provisions relating to the highway excise taxes described above. Taxes received after the expiration date of the trust fund and before July 1, 1989, that are attributable to liabilities incurred before Oct. 1, 1988, also are appropriated to the trust fund. Amounts appropriated to the Airport and Airway Trust Fund from the tax on aviation fuels are deducted beforehand from the amounts deposited in the Highway Trust Fund.

##### 3. Expenditures and transfers from the trust fund

Expenditures may be made before Oct. 1, 1988, from the trust fund, as provided by appropriation acts, to meet obligations incurred after authorization by law and to be paid out of the Highway Trust Fund established by sec. 209 of the Highway Revenue Act of 1956, or authorized by law to be paid out of the Highway Trust Fund under title I or II of the Surface Transportation Assistance Act of 1982. Expenditures also may be made from the trust fund to meet obligations that may be incurred after authorization by a law which does not authorize the expenditure out of the Highway Trust Fund of any amount for a general purpose not covered in the 1956 act and the 1982 act cited above, as in effect on Dec. 31, 1982.

Expenditures from the Highway Trust Fund for highway purposes may not be made from the Mass Transit Account, described in the next section.

Transfers of funds may be made from the trust fund to the general fund for amounts paid before July 1, 1989, for tax credits, other payments attributable to nonhighway uses of motor fuels and lubricating oil, and for floor stock refunds on the basis of claims filed for periods ending before Oct. 1, 1988.

Motorboat fuels taxes up to \$45 million will be transferred annually to the National Recreational Boating Safety and Facilities Improvement Fund through Sept. 30, 1988. No transfers may be made if the accumulated balance in the Boating Safety Fund is \$45 million. Any other amounts of motorboat fuels taxes will be transferred to the Land and Water Conservation Fund.

##### 4. Antideficit provision

Under the conference agreement at least once in each calendar quarter, the Secretary of the Treasury—after consultation with the Secretary of Transportation—will estimate the unfunded highway authorizations at the close of the next fiscal year and the net receipts of the Highway Trust fund for the 24-month period beginning at the close of such fiscal year. In the event the unfunded authorizations will exceed the estimated receipts, the Secretary of Transportation will reduce the apportionment to the States by the percentage of excess authorization. If a subsequent quarterly estimate indicates that the excess unfunded authorizations are a smaller amount, or there is no excess, the apportionments to the States will be adjusted accordingly.

The provision that authorizes repayable advances from the general fund to the Highway Trust Fund is repealed. These provisions are effective on Jan. 1, 1983.

#### H. MASS TRANSIT ACCOUNT

A separate mass transit account is established in the Highway Trust Fund. It consists of the revenue equivalent of 1 cent a gallon of the 9 cents a gallon excise taxes imposed on gasoline, diesel, and special motor fuels. These amounts will be transferred to the mass transit account with same regularity and under the same conditions as amounts from these taxes are transferred to the Highway Trust Fund. Interest earned as a result of investment in U.S. securities on the portion of amounts in the Highway Trust Fund that are attributable to the mass transit account will be credited to the mass transit account.

Amounts in the mass transit account are available, as provided by appropriation acts, for making capital expenditures (including capital expenditures for new projects) before Oct. 1, 1988, under sec. 21(a)(2) of the Urban Mass Transportation Act of 1964. Expenditures from the mass transit account may be made only for mass transit capital purposes, and no expenditures may be made from this account for highway purposes.

Unfunded authorizations are limited to the estimated net receipts for the mass transit account. The procedure is the same as that specified for unfunded highway authorizations that may be paid from the Highway Trust Fund, except that for the mass transit account, unfunded authorizations for any fiscal year may not exceed 12 months of estimated net receipts.

The provision establishing the mass transit account takes effect on Jan. 1, 1983.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 7093★

Sept. 22, 1982

To amend the Internal Revenue Code of 1954 to reduce the rate of certain taxes paid to the Virgin Islands on Virgin Islands source income.

### BILL REPORTED

Oct. 1, 1982.—Reported favorably to the Senate (S. Rept. 97-648) with an amendment including the Virgin Islands tax reduction provision and adding a provision continuing social security disability benefits and medicare coverage for certain terminated beneficiaries pursuing an appeal through the Administrative Law Judge (ALJ) hearing; allowing the Secretary to slow the CDI process; requiring the Secretary to obtain medical evidence available for the 12-month period preceding the CDI review; and requiring the Secretary to report semiannually on various aspects of the CDI process. (Virgin Islands provision subsequently added to H.R. 5470.)

### SENATE ACTION

Dec. 3, 1982.—Passed by the Senate, by voice vote (Congressional Record S13850), after agreeing to the committee amendment and Dole UP amendment 1413, extending the effective date of continued payment of disability benefits and requiring that complete medical history be obtained prior to making a final determination, by voice vote (Congressional Record S13854).

### FURTHER HOUSE ACTION

Dec. 14, 1982.—House concurred in the Senate amendments relating to the Virgin Islands continuation of disability benefits and medicare coverage, slowing of CDI process, and the Secretary's report on the CDI process; disagreed to the amendment relating to the handling of medical evidence and added a provision relating to offset against spouses' social security benefits on account of public pensions.

### CONFERENCE ACTION

Dec. 16, 1982.—Senate insisted on its amendments, requested a conference with the House, and named the following conferees: Messrs. Dole, Packwood, Armstrong, Long, and Byrd of Va.

Dec. 18, 1982.—House agreed to a conference and named the following conferees: Messrs. Rostenkowski, Pickle, Jacobs, Gephardt, Shannon, Archer, and Martin.

Dec. 21, 1982.—Conference report filed in the House (H. Rept. 97-985).

Dec. 21, 1982.—House agreed to the conference report.

Dec. 21, 1982.—Senate agreed to the conference report.

## Disposition of Issues in Conference

### INCOME TAX RATE ON VIRGIN ISLANDS SOURCE INCOME

Provides that the rate of V.I. tax on payments of passive investment income from from V.I. persons to U.S. persons shall not exceed 10 percent. This treatment would apply to dividend payments out of earnings and profits accumulated in taxable years beginning on or after the date of enactment. The government of the Virgin Islands would be able to reduce this 10 percent maximum rate in its discretion. The withholding obligation of the payer would in every case correspond to the substantive tax liability of the recipient. Payments to foreign persons would continue to be subject to the 30-percent tax and corresponding withholding.

A House amendment makes it clear that Congress is taking neither side in the current dispute between U.S. persons and the V.I. government by striking references to "reductions" in tax and make it clear that the Virgin Islands will be able to impose and require withholding of a tax of up to 10 percent on payments of passive income to U.S. persons.

### CONTINUED PAYMENT OF DISABILITY BENEFITS DURING APPEAL

Provides that, upon request of the beneficiary, DI benefits and medicare coverage would continue to be paid through the month of the decision pursuant to a hearing before an administrative law judge. These additional DI benefits would be subject to recovery as overpayments, subject to the same waiver provisions now in current law, if the initial termination decision is upheld.

The provision is effective for benefit payments beginning with the first month after the date of enactment for cases where a termination decision has been made before Oct. 1, 1983. In all cases such benefit payments would cease no later than June 1984. For cases where a termination decision was made before the date of enactment and a timely appeal is pending or is filed, benefits could be paid under this provision, but no lump sum back payments would be authorized.

### PERIODIC REVIEWS OF DISABILITY CASES

The Social Security Disability Amendments of 1980 required the Secretary of Health and Human Services to review the cases of current disability beneficiaries at least once every 3 years, beginning in January 1982, to determine whether they are still disabled. Beneficiaries judged to be permanently disabled were to be excluded from this review.

Authorizes the Secretary to slow down the number of cases sent to the State disability agencies for reexamination below the rate required by the 1980 amendments. The Secretary's determination of the appropriate numbers of cases to be reviewed in each State shall be based on consideration of the backlogs of such pending reviews, projected numbers of new applicants for disability benefits, and projected staffing levels of State agencies. The State agency must demonstrate a good faith effort to meet appropriate staffing requirements and to process reviews in a timely fashion. The Secretary is to report annually to the House Committee on Ways and Means and the Senate Finance Committee on the determinations made under this section.

HOUSE BILLS REFERRED TO COMMITTEE

H.R. 7093★—Continued

BILL SIGNED

CONFERENCE ACTION—Continued

Jan. 12, 1983.—Signed by the President

Disposition of Issues in Conference—Continued

(Public Law 97-455)

REPORT BY SECRETARY

Requires the Secretary of HHS to report to the Senate Finance Committee and the House Committee on Ways and Means semiannually on the number of: continuing eligibility reviews, termination decisions, reconsideration requests, and termination decisions which are overturned at the reconsideration or hearing level.

EVIDENTIARY HEARINGS IN RECONSIDERATIONS OF  
DISABILITY BENEFIT TERMINATIONS

Requires the Secretary to provide, beginning no later than Jan. 1, 1984, opportunity for a face-to-face, evidentiary hearing prior to reconsideration of decisions to terminate benefits for disability beneficiaries. This requirement does not supplant or affect in any way the requirement of existing law for a hearing by an administrative law judge. The provision applies only to reconsiderations of determinations that the beneficiary is not disabled because the physical or mental impairment on which his eligibility is based is found to have ceased, not to have existed or to no longer be disabling.

CONDUCT OF FACE-TO-FACE RECONSIDERATIONS IN  
DISABILITY CASES

Requires the Secretary to take all steps necessary to insure public understanding of the importance Congress attaches to the face-to-face reconsideration hearings provided in sec. 4. The Secretary is required to assure that beneficiaries will receive reasonable notice and information as to the time and place of the reconsideration, of the opportunities to be represented by counsel and to introduce evidence at the reconsideration, and to the importance of submitting all available evidence concerning the case at the reconsideration.

MEDICAL EVIDENCE

The conference agreement does not include this provision.

PUBLIC PENSION OFFSET

Provides that, in lieu of a modification of the public pension offset clause, the public pension offset would not apply to an individual who becomes eligible for a public pension prior to July 1983 if that individual is dependent upon his or her spouse for one-half support. The one-half support test would be applied according to the pre-1977 law, except that it would apply to both men and women.

The Secretary of Health and Human Services is required to study the pension offset provisions and to report his recommendation for any permanent legislation that may be appropriate by May 15, 1983.

The agreement defines noncovered government employment which on the last day the spouse was employed, was not covered employment for purposes of title II of the Social Security Act.

H.R. 7094★

Sept. 22, 1982

To amend the Internal Revenue Code of 1954 to impose a tax on failures to adhere to conditions of existing determination letters relating to independent management of assets of multiemployer plans.

### HOUSE BILL

(Imposes an excise tax on failures to adhere to conditions of determination letters relating to independent management of the assets of multiemployer pension plans.)

### BILL REPORTED

Oct. 18, 1982.—Reported favorably to the Senate (S. Rept. 97-662) with an amendment including the House-passed provision and the following additional amendmen.s:

- (a) Qualifying rollover distributions to an IRA.—Grants special relief for certain pension plan distributions received during 1976 and 1977 and transferred to an individual retirement account;
- (b) Treatment of amounts received in settlement of Westinghouse uranium litigation.—Provides that a utility would not include any amount in income for future discounts or price reductions provided pursuant to its settlement with Westinghouse of litigation regarding certain contracts to provide nuclear fuel to the utility;
- (c) Applicability of fringe-benefit moratorium to employer-provided faculty housing.—Provides that the fringe-benefit moratorium applied to employer-provided faculty housing applies to housing that is furnished to employees of educational institutions at below fair market value, provided that certain conditions are met; and
- (d) Incentives for enterprise zones.—Provides that up to 25 enterprise zones per year could be designated by the Secretary of the Department of Housing and Urban Development for each of 3 years, beginning with the 12-month period that starts on July 1, 1983. Each enterprise zone so designated would be eligible for Federal tax relief, including an employment credit or investment credit, elimination of taxation on capital gains, and full cost recovery deductions on property financed with industrial development bonds. Federal regulatory relief also would be authorized. The duration of each zone would be 20 years, plus a 4-year phaseout period. Areas would be nominated for enterprise zone designation by one or more local governments and the State in which the area is located. Areas nominated for such a designation would have to meet certain criteria of economic distress, and designations would be made through a competitive process weighing suggested plans for developing the area through tax and regulatory relief, improved services, and involvement of neighborhood and community organizations and private entities in development efforts.

## HOUSE BILLS REFERRED TO COMMITTEE

H.R. 7397★

Dec. 16, 1982

To promote economic revitalization and facilitate expansion of economic opportunity in the Caribbean Basin region.

### HOUSE BILL

H.R. 7397 authorizes the President to proclaim for 12 years duty-free treatment for the beneficiary countries. Exempted from this treatment are: textiles and apparel products which are subject to textile agreements; petroleum and petroleum products; tuna; and footwear, handbags, luggage, flat goods, work gloves, and leather wearing apparel not eligible for designation under the Generalized System of Preferences. The articles must be imported directly from a beneficiary country, and contain at least 35 percent value-added among the countries and the United States.

H.R. 7397 allows the deduction of ordinary and necessary business expenses associated with attending a convention in a beneficiary country or Bermuda. This deduction, however, is not available for conventions in countries (1) which do not have in effect with the United States an agreement to exchange information necessary to enforce the tax laws, or (2) discriminate against conventions held in the United States.

H.R. 7397 contains several provisions relating to Puerto Rico and the Virgin Islands. These include: (1) the rebate to them of all Federal excise taxes on rum brought into the United States; (2) allowances of duty-free entry into the United States of an additional liter of an alcoholic beverage possessed by a returning resident; and (3) the inclusion of Puerto Rican and Virgin Islands' producers within the protection of U.S. import relief laws.

### BILL REPORTED

Dec. 21, 1982.—Reported favorably to the Senate (no written report) with the following amendments:

(a) Deleting a provision in H.R. 7397 excepting a Virgin Islands rum producer from certain discharge requirements under the Federal Water Pollution Control Act; and (b) excepting any article exempt from the duty-free provisions of title I from the expanded rule of origin for the insular possessions provided in the bill. These articles would remain subject to current law, which provides that up to 50 percent of the value-added of articles entered from the insular possessions may be of foreign origin. The bill would raise this level to 70 percent for all but the excepted articles.
