I leave shortly from DC. But here's what I know...

NRA received our check for 15k. The check to Bridges, LLC for Maria was sent to the business address in Souix Falls on June 2nd (the same day the check was mailed to NRA; so they should have by now)

Sent from my iPhone.

Dear Millie,

I hope you had a great Annual Meeting in Louisville – I know I did! Your NRA hospitality to my Russian delegation was (as always!) wonderful.

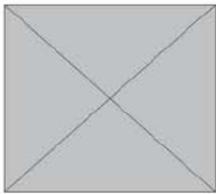

As I mentioned to you in Kentucky, I am now (temporarily) a resident of Washington, DC! I just finished my first day of classes at American University on my way to a Master's Degree in International Relations. My hope is that with what I learn here, I can one day make my motherland a better place. And I hope that I can see you as your schedule permits in the coming months – without the craziness of board meetings and terrible headlines.

Now that I'm a college student, I write to ask (for the last time! I promise!) for your help in maybe finding a way for the NRA to cover the \$6,000 expenses that I personally covered for our friends at the Outdoor Channel

last December in Moscow. I KNOW – I know – that you and Pete and others have offered to help solve a problem that you did NOT create, but that resulted from an oversight on the part of Donna Keene. I don't expect a miracle – but my circumstances attending school abroad force me to at least check on this. (I can re-send the corporate invoice that you requested a few months ago if needed.)

If you found a way to do this favor this month, my new mailing address for any check is listed below. Thank you for all you do for the "sisterhood of gun rights" around the world! Hope to see you for advice on life in DC during my time as an "American University Eagle"!

Sincerely,
Maria Butina
President
