That would be helpful. I will get you an ETA for Thursday shortly. Thanks.

Of course...we can set aside some lanes at the end for a bit of privacy. Would you like us to supply a dedicated RSO/Trainer?

Michael,

David Keene (with President Cors) is hosting the Russian Ambassador to the United States, Sergey Kislyak, at NRA this Thursday, August 20th. Would it be possible for the Ambassador to shoot some of our guns at the range that day? He will be doing a tour of the museum at 10 AM so it would be after that or after lunch – still working that out.

Thanks,
Nick
