Hon. ROYAL C. JOHNSON,  
*Chairman Committee on World War Veterans' Legislation,  
House of Representatives, Washington, D. C.*

MY DEAR MR. JOHNSON: Further reference is made to your letter of recent date transmitting a copy of H. R. 9325, a bill to authorize the United States Veterans' Bureau to pave the road running north and south immediately east of and adjacent to Hospital No. 90, at Muskogee, Okla., and to authorize the use of \$4,950 of funds appropriated for hospital purposes, and for other purposes, requesting a report thereon.

cottages on the east side of the road, and to use for said purposes \$4,950 of the funds for the construction of hospital facilities. This is a public road and is open to and used by the public generally. In view of the material benefit to the hospital which would result from the resurfacing of this road, I have heretofore advised Congressman W. W. Hastings that I would favor the enactment of a special bill authorizing the use of the appropriations of the bureau for the construction work incident thereto.

The committee is therefore advised that I recommend the favorable consideration of this legislation.

A copy of this letter is inclosed for your use.

Very truly yours,

FRANK T. HINES, *Director.*
