I was in California, I live in Idaho. I broke my wrist, needed an operation. There was No doctor there that would help me because I am on Medicaid. They said they were not guaranteed to be paid. They would have done it if I had been on Medicare.

I had to fly home to have it operated on. Once home it was taken care of right away.

Without Medicaid in Idaho I would never have gotten help.

Medicaid is all I have for medical assistance.

I have fibromyalgia. Medicaid has always been there for me.

At this time I am very concerned about losing the only medical insurance I have.

His brother is still with me and with medicaid he will get the love and care he deserves and needs without ...well I do not want to think about that please save medicaid !!

Please remember those citizens who need us the most – those for whom Medicaid is a necessity for medical care and quality of life – ALL deserve to have medical care. Preserve Medicaid funding!
